THE PREMIER DEPARTS.

In superb weather, after a thoroughly successful visit, Sir Richard McBride took his leave this morning from Prince Rupert and district. Sir Richard has certainly covered the ground in record time since he arrived to the blare of trumpets and the fluttering of banners last Monday. To visit Prince Rupert, Hazelton, Stewart and Granby Harbor, to hear requests and grievances, to receive congratulations full-some or sincere, to view great undertakings in their various stages and amidst it all to do a little trout fishing certainly means going some, whether for premier and knight or for plain human being. All Prince Rupert stood united in the welcome given Sir Richard. All Prince Rupert readily agrees that Sir Richard has availed himself of every opportunity to look into our northern needs, concerns and ambitions during his flying visit. Prince Rupert and district have done their best to "do the Premier proud." Even the weather was on its best behavior for him. Now what more could our knightly Premier want?

haymakers, so that they may work to music. The results are said to be highly satisfactory. Similar splendid results in efficiency were discovered when the commander of a British battleship innovated gramophone selections in lively time as an accompaniment to the work of coaling ship by hand. Permission has been granted the city band to practice in the city hall library or council chamber. Citizens may look forward now with justifiable expectation for something as yet unheard of in the way of city hall efficiency if only the city fathers permit the band to play while they are in session.

ANCIENT PRIVILEGE ATTACKED.

An Ohio court has held that a woman who steps off backward from a moving street car and sustains hurt thereby cannot collect damages. Against that decision, as it shall become an effective precedent, it is the duty of chivalry to protest. Privileges that are inherent, ancient and incontrovertible by reason of the nature of those who enjoy and exercise them should never be put in question. The privilege of getting off a street car backward has belonged to women since street cars were invented, and will be exercised by them so long as the world rolls—provided street cars continue in use.

will be greater than ever. We are bound to move the entire stock. Everything must go. At some sales they think because they advertise a reduction of 10%, 15%, 20% and 25% that they are doing wonderful things, but let me tell you candidly that we recognize none of the old stereotyped percentages—we have cut the prices away down so low that in some cases our prices are less than half of the former prices and in some cases we have reduced things to just 1/4 of the former price. Our whole aim is to get rid of this stock at any price.

BE SURE AND COME SATURDAY.

LIBBY'S CUT GLASS

Every woman loves beautiful cut glass—that is a failing the women have. Somehow they can't help it. Now we are going to give them a chance to satisfy that desire. Saturday we are going to dispose of every piece of cut glass we have in the house. We have made a second cut on the sale prices of these goods, so that they are now positively less than Wholesale Prices.

They Must Move Out on Saturday

BUFFETS AND DRESSERS. It's the prices that sell them. Quality speaks for itself upon sight. Extra special reductions for Saturday.	BEDS. Still greater reductions in Beds of every kind. We have decided not to move one of these to storage. Just see our heavy Brass and Enamel Beds. Really, the prices will make your teeth water.	ANOTHER BIG SLASH in Wicker Chairs. The other lot is all sold. Now this lot in green and natural colors goes at \$3.45. Just see them is all we ask.
