Could Not Eat

Constipation is caused by a torpid condition of the liver. Dosing with salts, castor oil, etc., to move the bowels, cannot afford more than temporary relief.

If you are to rid yourself of this ailment and the scores of annoying symptoms and diseases which come in its wake, it is necessary to get the liver right by such treatment as is suggested in this letter:

Mrs. Alvin Richards, R. R. No. 1, Seeley's Bay, Ont., writes: "For two years I was afflicted with indigestion, and in the morning when I got up my breath was bad. I had a poor appetite, and just felt like eating certain foods. I used many different medicines as a laxative without benefit, and the doctor's medicine did not help me at all. Finally I tried Dr. Chase's Kidney-Liver Pills, and found them better than anything I had ever tried. I can highly recommend them to anyone troubled with constipation or kidney troubles."

KNIGHTS OF PYTHIAS CHRISTMAS TREE WAS PUT ON YESTERDAY

The hearts of seventy-five children were delighted at the annual Knights of Pythias Christmas tree held yesterday afternoon in the Castle Hall. The affair started at 4:30 and the first business of the kiddies was the enjoying of the splendid refreshments and Christmas dainties which were provided. Then the attention of all was directed to the big Christmas tree and its load of gifts. This and the decorations had been attended to by Jack Reynolds, while Jack Cobb acted as Santa Claus. Games followed, and the happy children dispersed about 7 o'clock.

The committee in charge comprised Mrs. (Dr.) A. H. Bayne, Mrs. George Leek, Mrs. George Johnstone, Mrs. E. J. Large, Mrs. J. Rowatt and Mrs. Norman Robinson.

FINE TURKEY

Bird Was Raised at Kitwanga on Du Vernet Ranch.

The live show turkey, weighing 24 pounds, on display in the window of the Northern Interior Co-operative, was raised on the Du Vernet ranch at Kitwanga. Mr. Du Vernet is the son of Bishop Du Vernet of Prince Rupert and has been ranching in the Skeena Valley for some years. This specimen turkey demonstrates that the climatic conditions of the Skeena Valley are most favorable for the raising of turkeys, and in view of the fact that 14,000 pounds of turkey has been imported into the city this season, turkey raising should certainly prove a profitable investment along the Skeena Valley.

AT THE POINT OF WEAR

Here's reason for achievement—two to three times more wear for shoes

PHILLIPS' MILITARY SOLES AND HEELS

are scientifically designed

Easily accounted for is the extra wear you get from shoes when Phillips' Military Soles and Heels lift them from destruction and wet—
For by scientific design they resist the very elements which destroy—friction and dampness. Never in contact with the ground, leather lasts two to three times longer—is far more flexible and easy to wear.

Walking, too, is a buoyant sensation—safe, non-slipping, the shock absorbed.

Ask your dealer or repairman about these scientifically designed soles and heels—there's a special size for everyone.

* * *

The fastest hockey match of the season took place at Burns Lake a few days ago when a fortunate accumulation of commercial travellers, assisted by one of their former fellow workers, challenged the home talent but were defeated by a score of 5 to 3. C. E. Imeson played with the visitors and the combination work of Walsh, Millichamp and Imeson was the feature of the game. After several warnings from Referee Bob McDonald, Percy Carr was twice sent to the fence for three minute periods and the roar he made goes to show how the term "Bull" was applied to policement. The game was fairly clean throughout and the work of Gordon Wood, in goal, was all that saved the home team from defeat. Alexander, who was between the posts for the visitors, made several splendid stops. The line-up was as follows: Alexander, Sims, Millichamp, Walsh, Imeson and Woodruff; Burns Lake—Wood, Ira Short, A. M. Ruddy, McNeil, P. Carr and Lloyd Belton.
