Lions still show profit

VANCOUVER (CP) — British Columbia Lions chipped in a record $46,000 to the Western Football Conference gate equalization fund in 1962 and still produced a modest overall profit of $6,528.

President Clayton Delbridge, in the club's annual report, says the profit was a welcome bonus in a successful "year of building" that presented some difficult problems.

It followed a final total deficit of $41,000 in 1961.

Lions began the year with 3,000 fewer season ticket sales and spent $8,000 on a three-man inquiry into the efficiency of their organization.

They ended operations with a total revenue of about $688,000, an increase of $37,000 over 1961. Total attendance was 210,864 for the eight home games of a club that finished in fourth place.

The year before, Lions won only one game and drew 192,374 fans.

One in eight London babies illegitimate

LONDON (AP)—An official report today said one out of every eight babies born in London last year was illegitimate.

Dr. J. A. Scott, the city's health officer, said there were 6,732 illegitimate births out of a total of 60,052. He said London's percentage of illegitimacy was twice the national average.

Dr. Scott added, however, that about 30 per cent of the unmarried mothers were girls from other parts of the country who came to the city to take advantage of London's excellent prenatal and welfare facilities and to hide their plight from the homefolks.
