RACING SCHOONER CARRIES MUCH COD

BOSTON, July 15.—The Boston fishing schooner Mayflower, built to defend next fall the international trophy won last year by the Gloucester schooner Esperanto, in races off Halifax, has had good luck on her first fishing trip.

A telegram received from Capt. J. Henry Larkin of the Mayflower said she was about to start back to New England from St. Pierre, Miquelon, with 225,000 pounds of salt cod in her holds. She left here on April 28.

After disposing of her catch at Portland or Gloucester, the chooner will come here to have a new shroud added to her main rigging, and then will make a second trip to the fishing banks.

ELECTION IN ALBERTA IS ON MONDAY

Liberals Expected to Win, But Nothing Certain Following Recent Federal Result.

EDMONTON, July 15.—While reports from the various districts throughout Alberta are somewhat confusing owing to the political bias which always accompanies reports at the time of an election, there is every reason to believe that the Liberals will be returned to power under Premier Stewart with a majority sufficient to carry on. The election by acclamation of the premier in Sedgewick, the only candidate so returned, is an indication of the political trend. Liberals have candidates in all but two of the provincial constituencies and the only real opposition is from the United Farmers, who, however, have failed to put up candidates in seventeen seats. In some of those independent candidates are running.

Encouraging Example.

Following the federal election in Moose Jaw and the immense farmer majority there recently, there is naturally a little trepidation among Liberals. The confidence of the opposition in some constituencies is having an effect.

In Edmonton and Calgary there is a full representation of Liberals, Conservatives, Independent and Labor and there are labor candidates at Lethbridge and Medicine Hat.

Outside of the big cities, the Conservatives have practically given up the fight only Clearwater, Lethbridge, Stony Plain Wainwright and Lac Ste. Anne and Athabaska having candidates.

The election takes place on Monday but it will be late in the evening before the results are known.

BRITISH TEACHERS WILL TOUR CANADA

Trip Arranged Under Auspices of Grand Trunk Railway Leave Liverpool, July 30.

LONDON, July 15.—Under the auspices of the Grand Trunk Railway, eighty British school teachers will sail from Liverpool for Canada on July 30 to make a tour of the Dominion.

Sport Chat

As a result of the poor showing that was made by the Red Sox in the game on Wednesday night against the Elks, it is not likely that team will attract the fans very much more this season unless something radical takes place in the lineup of Slat's proteges. The dark horse fell down miserably and they were simply outplayed, although it is claimed that with practice and teamwork they could make better resistance. The interest will now centre between the Elks and the Sons of Canada and there should be some good games between the two teams. Two wins by the Elks over the Sons would put them on equal footing in the standing and there seems no reason why they should not win. The Elks may have an inferior pitching staff, but in general field work there seems little to choose between the two aggregations. Therefore, even if the Red Sox do seem to have lapsed into the background as far as their chances are concerned, there will still be keen interest between the other two teams of the City League.

There is little reason why tennis should be such a dead game in this city as it is. Probably one cause of this condition is that there are not enough courts and those are located in an out of the way place. Tennis is a game that can be played by all and can be enjoyed from the very start. There is much exercise and science in it and it proves highly interesting. In this game there is presented an excellent opportunity for lots of outdoor exercise in the summer months. One great way of arousing interest in it would be by the establishment of more courts, possibly in every section of the city like is the case in Vancouver. Certainly if more courts were provided and the people learned to play the game, it would be beneficial to all. Prince Rupert people do not have enough outside recreation and tennis should therefore become popular if the right conditions for playing it are provided.

The Callies Senior League foot ball club has asked for a replay of the recent game with the Great War Veterans in which they were defeated by a score of 1 to 0. The request is based on the allegation that the Veterans played an unregistered man. The request is now in the hands of the Board of Control which has not yet acted in the matter. If the board upholds the appeal, the game will be thrown out and the result will not count in the standing. On the other hand if the game is held to be fair, it will stand. In the meantime, until the board acts, the standing will remain as published now.
