ROCHER DE BOULE TRAM TERMINALS

Aerial Cableway Completed Down the Mountain to the G. T. P. Line

(Omineca Herald)

Work is commenced on the terminals of the aerial tramway No. 1 at the end of the line where it joins the right-of-way of the G. T. P. They are using a steam shovel. A spur will be laid off from the main line as an extension and side track, and alongside will be built extensive bunkers to hold the ore. As the tramway will deliver continuously while in operation, it is necessary that the buckets empty their contents rapidly and without interruption. The buckets of the carrier line will dump into the bunkers on arrival at that point. That is one of the many advantages of the aerial line.

The aerial line is nearly finished, and the grading is done for the surface tramway to the mine end of the work.

At the mine itself they started off this week with the drift in 420 feet towards the vein, which, it is expected, will be reached in about three weeks. They are working three shifts and are making from eight to twelve feet per day, depending on the character of the rock. So soon as the preparatory work is finished and the transportaton facilities completed the lessees will begin to see some definite results for the large expenditure and arduous work.

This Fall and Winter should see great activity at Rocher de Boule.

CITY COUNCIL AND THE PRICE OF COAL

The question of the price of coal in the city was introduced at the Council board last evening by Ald. McClymont.

Frank Kelly, who was present, informed the Council that he had not raised the price and is still selling it at $9.50 a ton.

Ald. Dybhavn thought it a question to take up with the Government.

Ald. Montgomery said it was city business and also complained about the increase in the price of groceries and drugs without reason.

Ald. Basso-Bert wants the city to buy and sell coal.

A motion was put to have the city purchasing agents get a price from the mines.

UNION TRANSFER CO. GOT TENDER FOR COAL

The City Council last evening opened tenders for city coal. The tenders received were:—

Lindsay's Cartage Co., 500 tons washed nut coal @ .$8.10
Pacific Cartage Co., @.... 8.10
Union Transfer Co. @..... 7.50

The tender of the Union Transfer Company was accepted. The coal supplied will be South Wellington.

TERRACE NOTES

(From the Newsletter)

The new Central School building is nearly ready for occupancy. Even the Terrace kiddies are casting longing eyes in its direction.

Mrs. E. L. Discler of Prince Rupert, is visiting Mrs. P. Stevenson of this city.

Miss Mary Allison, of Prince Rupert, is spending her vacation with her aunt, Mrs. R. Boud.

E. F. Browne, of Prince Rupert, who spent his vacation with Mr. and Mrs. Large, returned to that city on last Saturday's train.

R. O. Boult, of Prince Rupert, representing the Canadian Explosives, was in Terrace last Wednesday.

J. C. Brearly, of Cedarvale, was a guest at the Terrace Hotel last Thursday.

J. C. Mulville, a constructing engineer of the G. T. P. system was in town last Thursday.

P. D. Sinnot, of Victoria, is at the Hotel Terrace.

THIS YEAR'S TAX RATE WILL BE 14 MILLS

City Council Brought Down Year's Estimates Last Evening

The City Council last evening struck the city tax rate for 1914. It is practically 14 mills, being three mills lower than last year, as was predicted some months ago. The general rate is 9 mills whereas last year it was 14 mills. Thus the discount this year will be on a much smaller percentage. There are some half dozen more special rates this year than last year which brings the special rate up.

Last year the general rate was high because the sum of $50,000 was raised on general fund to give the city a water service under extraordinary circumstances. There was also a cash surplus of $19,000 left over for this year's Council. No provision has been made by this year's Council to return the $50,000 to general fund.

The rate is made up with 9 mills general; health and hospital 1 mill; schools, 1.255 mills; special rates, 3.710 mills, making a total of 13.975 mills. The hydro-electric rate is increased from .79 last year to 1.654 mills this year. Among the new special rates is a half mill for scavenging and a quarter mill for recreation grounds.
