NEW CATHEDRAL FOR VICTORIA IS PLANNED

Bishop Schofield Urges That Time Has Come for Great Work

VICTORIA, Feb. 13.—Speaking to the Diocesan Synod Bishop Schofield in his charge referred to the new Cathedral buildings' scheme. The Bishop said: "The time has come, when I truly believe God means us to undertake this great work to His glory, and the good of the church in this place. Four years ago we deliberately put our building scheme upon one side until we had done our share in the Anglican Forward Movement. Again we delayed it that we might do our long delayed duty regarding the stipends of the mission clergy. With God's blessing upon our efforts these matters have been put right, and having proved in what all must recognize as a trying year, that our current obligations on the increased basis can be sustained, it were cowardly and faithless not to hear God's call to undertake these new buildings, so much needed for worship and service.

"If by beginning soon we can help even in a small way to provide employment when it is so sorely needed, the circumstances will supply additional emphasis to the call which I am endeavoring to interpret to you. Those of us who by self denial or special effort can contribute now will do so the more willingly if thereby we can help those in need of work."

COLLEGE STUDENTS FINANCE THEMSELVES

Cudgels Taken up in Defence of Men Who Attend University

TORONTO, Feb. 13—Aided and abetted by the movies, popular fiction and the ubiquitous college comic joke, the general public has formed a unique idea of the average university student. It is granted by some that his main characteristic is ability to telidad how to run things. He is an ultra-up-to-the-minute lad who wears distinctive clothes and plays the banjo or ukelele. He is a person who has a great deal of theory and little practical knowledge.

A rough and ready census of the University of Toronto is apt to deal a body blow to this long cherished opinion. Getting a college education is an operation that requires a certain amount of financial backing and ninety per cent of the male students at the University of Toronto finance themselves to some extent at least. Furthermore a large percentage of this ninety per cent are working at some outside occupation during the college year. Working at some outside occupation necessitates rubbing shoulders with a bit of the unacademical world and learning a number of things that the student would not have learned if he had gone directly into some office or business after leaving high school.

JEWS IN PALESTINE

White Paper Just Issued by British Government Deals With Subject

In a white paper just issued by the British Government reference is made to the policy of the British towards Jews in Palestine as follows:

(1) His Majesty's Government reaffirm the Declaration of November, 1917, which is not susceptible to change.

(2) A Jewish National Home will be founded in Palestine. The Jewish people will be in Palestine as of right and not on sufferance. But His Majesty's Government have no such aim in view as that Palestine should become as Jewish as England is English.

(3) Nor do His Majesty's Government contemplate the disappearance or subordination of the Arab population, language or culture.

(4) The status of all citizens of Palestine will be Palestinian. No section of the population will have any other status in the eyes of the law.

(5) His Majesty's Government intend to foster the establishment of a full measure of self-government in Palestine, and as the next step a Legislative Council with a majority of elected members will be set up immediately.

(6) The special position of the Zionist Executive does not entitle it to share in any degree in the government of the country

(7) Immigration will not exceed the economic capacity of the country to absorb new arrivals.

NAUGHTY BEST SELLER

London readers of French books saw the glimmering of a joke in the judgment of the Societe des Gens de Lettres on the position of M. Victor Margueritte. M. Margueritte appealed to his fellow authors against the decision of the Council of the Legion of Honour on his now notorious novel "La Garconne." They held that M. Marqueritte retains full liberty of thought and action as a writer, and added that it was clear the decision of the Council of the Legion of Honour "has had no prejudicial effect on the sale of his book." The humor of this lies in the extreme difficulty of buying a copy of "La Garconne" in London. The novel is "sold out," new supplies failing to meet the demand. So little has its naughtiness prejudiced the sale of the book.

NEW SAWMILL FOR PORT ALBERNI IS PLANNED BY SPRATT

VICTORIA, Feb. 13. — Construction of a sawmill which will rank among the largest lumber-producing plants on Vancouver Island has been started at Port Alberni by G. J. V. Spratt, lumberman and President of the Victoria Machinery Depot, Ltd.

Under plans announced by Mr. Spratt, the mill will produce 100,000 feet of lumber a day. This output will be shipped by rail and boat to Canadian, American and overseas markets, Mr. Spratt explained. The mill will have rail connection with Canadian Pacific Railway system by the Esquimalt & Nanaimo Railway and wharves at which the largest lumber-carrying vessels can berth.

The new mill should be operating late in May, Mr. Spratt stated. Construction of the mill foundation has been started with the driving of piles on the Port Alberni waterfront.

Five Logging Camps

Five logging camps at various points on the Alberni Canal will supply logs for tthe mill. The operators own extensive holdings of fir and timber. The cedar cut on these holdings will be used to make shingles in a shingle mill, which will form part of the plant.

Construction of the new Port Alberni mill is a result of the present big boom in British Columbia lumbering operations. Present marked activity in lumbering was caused chiefly by enormous demands from tthe Atlantic seaboard which is now consuming a large part of the output of British Columbia mills.

Suffered from PIMPLES & BLOTCHES for Fifteen Years

When the blood becomes impure it is only natural that pimples, blotches, boils or some other blood trouble will manifest itself by breaking out of the system.

There is only one way to get rid of these obnoxious skin troubles, and that is by giving the impure blood a thorough cleansing by the use of a good blood purifier such as

Burdock Blood Bitters

This remarkable remedy has been on the market for over forty years; is the best obtainable, and will do all we claim for it as a blood cleanser.

Mr. Albert B. De Witte, Lake Valley, Sask., writes:—"I have suffered very much from pimples and unsightly blotches for the past fifteen years, and was so bad I hated to go out anywhere. I tried many different medicines, but none seemed to help. A friend told me to use Burdock Blood Bitters. I have used three and a half bottles, and now I have a clear, rosy complexion."

B. B. B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.
