TERRACE CIVIC CENTRE ACTIVE

Changes and Improvements Being Made—Committees Are Reorganized

TERRACE — Committee reorganization and other business was disposed of at a general meeting of the Terrace and District Civic Centre Association in the Oddfellows' Hall on Wednesday evening with Dudley Little, president, in the chair. There was an excellent attendance and routine business was quickly disposed of after which a general and at times lively discussion took place on various subjects.

It was decided to carry out the several suggestions of Alf Yoxall, the director, as far as possible. S. Campbell has undertaken to introduce a Pro-Rec program and, in order to assist in this, it was decided to purchase a piano. The president and treasurer were commissioned to secure a suitable instrument.

George McAdams stressed the necessity for a street light to be installed at the forks of the road leading to the Civic Centre and also pointed out that there was a great need of a sidewalk leading from the centre of the town towards the Civic Centre and direction signs for the convenience of visitors. A good deal of discussion took place on this proposal and it was agreed to approach the local commissioners in respect of these matters.

On the suggestion of Mel Peeke-Vout it was further decided to seek the installation of a light at the outside corner of the Civic Centre building. This matter will be attended to as soon as possible.

NEW COMMITTEES ARE SET UP

After discussion it was decided to discharge the old committees and to form new committees, looking toward a vigorous program of activity for the winter months.

The new chairmen of the various committees are:

Finance—Duncan Kerr.

Building and Maintenance—Walter Chesher.

Membership and Organization—O. Baxter.

Athletics—Mel Peeke-Vout.

Choral and Dramatic — Mrs. Chesher.

Children's Recreation—Mrs. S. Campbell.

Mrs. D. Little and Mrs. Peeke-Vout offered their services in arranging for a Civic Centre tea to be held in the Orange Hall on December 20, which on the motion of J. H. Smith was gratefully accepted.

The meeting decided to offer the use of the clubroom to the Women's Institute for their monthly meetings.

Colin Cooper and Otto Lindstrom offered to work with the president to organize a bee for getting in the winter fuel.

As a result of a certain amount of criticism respecting the opening of the Civic Centre to members on Sundays, after discussion it was agreed that the executive endeavor to arrange a meeting with the local ministers to discuss the whole question and attempt to arrive at a conclusion satisfactory to all.
