SEALED TENDERS addressed to the undersigned and endorsed "Tender for public building, Kamloops, B.C., will be received until **12 o'clock noon, Thursday, March 13, 1924,** for the construction of a public building at Kamloops, B.C.

Plans and Specification can be seen and forms of tender obtained at the offices of the Chief Architect, Department of Public Works, Victoria, B.C., the Clerk of Works, Department of Public Works, Vancouver, B.C., and the Caretaker, Post Office Building, Kamloops, B.C.

Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 p.c. of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or war bonds and cheques, if required to make up an odd amount.

By order,

L. H. COLMAN,
Secretary.

Department of Public Works,
Ottawa, February 9, 1924.

STAMP OUT LEPROSY IS AIM OF BRITISH

Estimated it Will Take About Thirty Years to Cure 200,000 Cases

LONDON, March 3.—Now that an effective cure has been found for leprosy, the British government is considering the possibility of stamping out the disease, which is at present affecting some 300,000 subjects of the Empire. The government has been asked to expend about 85,000,000, to which various societies will add further amounts to carry on the work which, it is estimated, will take about thirty years.

The cure of leprosy has been declared practical. Several apparently hopeless cases have been cured by the new tratment, which consists of the hypodermic injection of chaulmoogra oil, extracted from the kernal of a nut found on trees in Burma, Assam and parts of India.

Since the disease is not hereditary, those responsible for this ambitious plan hope to make leprosy unknown to the next generation.

About 200,000 cases of leprosy are known to exist in India.

HALF MILLION GOES TO UNIVERSITY AT CITY OF EDINBURGH

EDINBURGH, March 3.— Gifts amounting to more than 8500,000 have been made to Edinburgh University within the last three months. The largest donation was 8250,000 made by the Rockefeller Trustees to be used for laboratory and scientific research. A bequest of 8240,000 was made by an Edinburgh lawyer for the school of medicine and the study of literature and foreign languages.

With the use of this money it is expected that the school of medicine of the university will be the most advanced in the country, as it already boasts of the best faculty in Great Britain.

ALASKA EXPORTED TWO MILLION WORTH OF FURS LAST YEAR

KETCHIKAN, March 3. — The value of land fur-bearing animals shipped out of Alaska as reported to the Biological Survey of the United States Department of Agriculture, during the year 1923 was 81,794,159.85, the total number exported being 397,287. While this number exceeds that of the previous year by 2,040, the value is 85,127.55 less, because of the lower prices paid for some kinds of furs.

As usual, the muskrat exceeded all others both in numbers and in total value of skins, 319,611 of these, having a value of 8367,552, being the year's export. Next in order come the white fox numbering 7,939, witha value of 8297,476; the beaver, with 14,341 skins, worth 8258,138; and the red fox, with 10,787 skins, valued at 8215,740. The most notable decrease as compared with 1922 is the mink, 31,983 of these being shipped that year and 20,668 in 1923. The most notable increase is the red fox, 5,979 skins being exported in 1922 and 10,787 in 1923.

Women Understand Economies

Economy seems to be an inborn trait with most women. That Pacific Milk is economical, is one of the chief reasons for its use. And with practically all Made-in-B.C. products which are found in a majority of homes the same general reason applies.

MINING DIAMONDS AT BIG EXHIBITION

LONDON, March 3. — Thousands of tons of blue soil from the South African diamond mine country are being transported to London to be used as part of the South African exhibit at the Empire Exposition. The earth from which comes the most valuable diamonds in the world is expected to yield thousands of dollars worth of the stones, which will be cut and polished before the public eye.

The destination of the ship and time of arrival are being secret and the earth will be guarded until the exhibition is opened in April. Another ship from Capetown is bringing about thirty ostriches of both sexes and it is hoped to hatch whatever eggs are laid at the exhibition.

COUNTY COURT

Cases Are Set Down and Naturalizations are Granted by Judge Young

County Court was in regular session this morning and the following cases were set down:

Salmon River Trading Co. vs. George Fraser, adjourned until next court.

O. Puipa vs. A. H. Bayne, adjourned till March 22.

Two naturalizations were granted by Judge Young. They were for Owen G. Fisher, manager of the Empress Hotel, Prince Rupert, and T. R. Davis of Terrace.

EDMONTON LABOR IS BACKING EDUCATION

Mass Meeting to be Called in That City to Protest Against Lowering Standards

EDMONTON, March 3.—Labor here is out in protest against the attempt throughout the country to curtail educational privileges and to reduce the standard. A mass meeting is to be called for the purpose of drawing attention to the movement and protesting against it. A resolution was passed by the Central Labor Council as follows:

"Realizing that the present campaign being carried on in an attempt to intimidate the school board is not merely local but is national in scope, and aims to cut down the standard of education that the workers have fought for years to attain; Therefore, this Central Council approves of the organization of a mass 'demonstration' against the present unwarranted attack on the standard of education and that a strong committee of six organize this demonstration and have full power to act."

The committee elected to carry out the demonstration was: Mrs. Mullard, Mrs. Bell and Delegates Russell, Long, Lakeman and Davis.

People Object

"The people of the west end of the city," said Mrs. Mullard in speaking of the resolution upon education, "are with labor in the opposition to this reduction of standards. Many citizens are objecting to the lowered efficiency in teaching by giving more pupils to each teacher."

DANZIG OBJECTS TO POLISH WAR DEPOT

GENEVA, March 3. —The free city of Danzig, which is under control of the League of Nations, has protested to the league against the site picked by the Polish government for a war depot. The site is too near the city and likely to endanger life in the event of explosions, declares the protest.

A neutral commission has been named in an effort to settle the dispute.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.
