KIDNEY DISEASE WAS KILLING HIM

Until He Used "Fruit-a-tives" The Great Kidney Remedy

HAGERSVILLE, ONT., Aug. 26th, 1913.

"About two years ago, I found my health in a very bad state. *My Kidneys* were not doing their work and I was all run down in condition. Having seen 'Fruit-a-tives' advertised, I decided to try them. Their action was mild, and the result all that could be expected.

My Kidneys resumed their normal action after I had taken upwards of a dozen boxes and I *regained my old-time vitality*. Today, I am as well as ever."

BLOOD MONEY IN MILLIONS FOR MUNITIONS GRAFTERS

(Continued from Page One.)

minion, and, with the approval of the Minister of Militia, advanced over three million dollars to a group of American middlemen to aid in the speedy turning out of fuses in the United States. Documentary evidence appears to point to the division amongst these middlemen—one of whom was a confidential friend of the Minister of Militia—of a rake-off amounting to a million dollars before arrangements were completed for the manufacture of the fuses.

"From the Minister's confidential friend to the Minister is but a step. No one has charged Sir Sam Hughes with participation in this orgy of war contract graft, but the people of Canada will not be content with negative exculpation. They expect General Hughes to take the stand before a properly constituted Court of Inquiry and declare on oath that he was not a party to Allison's exploitation and obtained no advantage from it. They expect also that he will disavow any knowledge of the million-dollar rake-off and of the bogus nature of the companies which, on a joint capital of $4,000, secured contracts, approved by him, aggregating twenty-two millions. Only by the most explicit disclaimers before a tribunal charged with the investigation of the whole subject will General Hughes be able to disassociate himself from the dirty mess that is befouling Canada's good name. The government must act, and act at once."
