GREAT BRITAIN HELPED BUILD PANAMA CANAL

Washington, July 24—Senator Percy, of Mississippi, today in the House declared that the United States should hold to its bargain with Britain regarding the Panama canal, as without Britain's foregoing certain rights under the Clayton-Bulwer treaty the United States could not have built the canal.

BANK DEPOSITS INCREASED BY THREE MILLION

Ottawa, July 24—The June bank statement shows that the total deposits in Canada now total one billion and five million an increase of three million during the month and a new high record. Banks are withdrawing money from the United States and loaning it in Canada. Call loans in Canada increased during June by sixty-five millions with corresponding decrease in call loans by Canadian banks outside Canada.

HARD FOR SHIPS TO ENTER CANADA

Ottawa, July 24.—The Canadian Gazette contains notice of a number of new regulations representing the ports of Halifax, Quebec and Esquimaux, which will make entrance of these ports more difficult.

The regular ones follow those of the British admiralty and are of most stringent character. For instance, if entrance to a port is prohibited, three red vertical lights by night or three red vertical balls by day will be displayed. It is also proposed that special care must be taken by mariners in entering the large ports mentioned when search-lights are working.

Provision is also made by which a special ship will be appointed to examine vessels desirous of entering the ports mentioned, and "as the institution of the examination service at any port will be never advertised, special care should be taken in approaching the ports by day or night, to keep a sharp lookout for any vessel carrying the distinguishing marks and to be ready to bring to at once when hailed warned by her by the firing of a gun or sound rocket."

Masters are warned that they must give due attention to these regulations at their own risk and strictly obey all instructions given them by the examining steamer.

GLANCE OF THE AXE LEFT BAD MARK

New Westminster, July 25.—Mr. J. P. Goudy, of Colebrook, met with a serious accident yesterday. He was at work in the woods, about ten miles from New Westminster, and while felling a tree, the axe glanced off, coming down with great force on the centre of his right foot severing two of the toes and splitting his foot four inches. He was promptly brought to the Royal Columbian Hospital here where he was attended by Dr. Rothwell. He is reported to be resting easily.

IS DROWNED ON A TWELVE STOREY ROOF

New York, July 25.—Robert Kinsella was drowned today on the top of a twelve storey building. He had gone to the roof to release a foot and a half of water. He ran his right arm down into the drain pipe and as he released the rubbish the suction of the rushing water caught him. His arm was drawn in up to his shoulder and became wedged in the pipe.

An Extra Week's Pay
