NOTICE

Notice is hereby given that application will be made to the Legislative Assembly of the Province of British Columbia at the next Session thereof, for an Act making provision for the vesting of general property of the Presbyterian Church in Canada, the Methodist Church and the Congregational Churches of Canada, in the United Church of Canada; for the holding, use and administration of the property of congregations entering the union of the said churches to form the United Church of Canada, and for the holding of the property of congregations voting not to concur therein; for the trusts relating to general and congregational property; and generally for the carrying of the said union into effect.

Dated at Victoria, British Columbia, this 9th day of September, A.D. 1924.

CLEARIHUE & STRAITH,
1218 Langley Street, Victoria, B.C.
On behalf of the applicants.

WATER NOTICE
(Diversion and Use)

TAKE NOTICE that Andrew Sostad, Agent for Engineer Gold Mines Ltd., Inc., whose address is 848-120 Broadway, New York, N.Y., will apply for a licence to take and use 30 cubic feet per second of water out the Wann River, which flows Westerly and drains into Taku Arm about two and a half miles south of Engineer Mine. The water will be diverted from the stream at a point about one mile upstream from Taku Arm, and will be used for power purpose upon the "Engineer Mine," described as Eleven Crown-granted Mineral Claims, surveyed as Lots Nos. 19, 20, 106, 207, 209, 918, 967; 968; 970; 972, and 1264 Group 1, Cassiar District. This notice was posted on the ground on the 25th day of June, 1924. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Atlin, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is October 20th, 1924.

ENGINEER GOLD MINES, LIMITED, INC.,
Applicant.
By Andrew Sostad, Agent.

F. S. Clements, former city engineer here, arrived in the city on the Prince John last night from Queen Charlotte City where he has been doing surveying this summer. He will go south tonight on his way to Victoria where he now makes his home.

KETCHIKAN IS WORRIED OVER HALIBUT DUTY

(continued from page one)

advantage and they should now put forth every effort to prevent the Canadian move. The attempt is not to assist the American fisherman or fishing boat but to help build up and sustain Canadian industry.

And that is another question, "sustaining industry." Ketchikan has been building up on the fisheries for a number of years. Many thereby have come to the conclusion that Ketchikan must be the center of the fisheries. Such is not the case. To keep what we have the people of Ketchikan must be alive. They must fight all the time to retain what they have and to build, for there are other places just as anxious for business as are we and they are going to leave no stone unturned to get it.

All Join Hands

We must go forward or we go backward. We cannot stand still, for to stand still is to go backward, as has often been said. In this attempted repeal of the duty on fish everyone in Alaska should join hands to overcome any arguments that may be presented to the treasury department or to President Coolidge. This is the more necessary as some of the dealers in Chicago that are representing Canadian interests are doing everything possible to have that two cents a pound wiped out. And being advantageously located, politically speaking, these Chicago and other eastern interests will be able to bring much pressure to bear—not to help American industry, but to aid their own pocket-books.

Let everyone in Ketchikan who has a five cent piece invested in a little home or businss be alive to the situation. Let everyone in Alaska realize that Canada is trying to do everything possible to wipe out the first piece of legislation which was ever passed and designed to assist in the upbuilding of the Alaskan halibut fisheries as against the competition of those of a foreign state. And while that legislation did not go as far as it should have gone for protection it nevertheless was a step in the right direction, an advance which must not be repulsed.

MINERS FORM ASSOCIATION

Massett Organization to be Known as Graham Island Miners Association

The gold miners and residents of Masset and district have recently formed a Miners' Association thte objects of which are explained in a letter just received from the secretary as follows:

Editor Daily News.

You are probably aware that experimental mining operations have been carried on for the last few months for the recovery of gold and other minerals from the sand and gravel deposits on Graham Island.

The P.B.C. Mines Co., who have been making these experiments now claim that they are able to recover the gold and that in large areas it is in good paying quantity; on this account some fifty of the inhabitants of Massett and district decided to form a Miners' Association whose purpose it is to further the interests of Graham Island by issuing authentic reports on the conditions here, contradicting as far as possible untrue and exaggerated statements which may be sent out by irresponsible persons and by supplying to inquirers reliable information in regard to mineral conditions, locality of recorded claims, freights, transport, labor, etc., which might assist any individuals or corporations intending to conduct mining operations here.

Officers Chosen

On October 7, the Graham Island Miners Association was formed for the above purpose, bylaws were passed and the following officers and committee elected:

President, C. T. Cabrera.

Vice-President, C. W. Baker, J.P.

Secretary and Treasurer, Dr. J. C. S. Dunn.

Committee—H. Carpenter, J. Lane, C. Spence.

It was also decided to publish a quarterly report, the first number will shortly be issued and a copy forwarded to you.

On October 15, a well attended public meeting was held in Massett, when the purposes of the association were clearly placed before those present and many joined as active or associate members.

This Association is not formed for gain but purely for giving assistance, it has no intention of dealing with claims of shares, it does not intend to own or operate mines or even to advise inquires in regard to these matters but hopes to assist the interests of Graham Island and all likely to become interested in mining here by issuing as far as possible reliable information and answering genuine inquiries.

All inquiries should be sent with a stamped addressed envelope enclosed to the Secretary, the Graham Island Miners' Association, Massett, B.C.

We do not advise anyone expecting employment to come here at present and it is unlikely any operations will be commmenced at this time of year.

J. CECIL S. DUNN,
Sec. G.I.M.A.

QUIET WEDDING

Anyox Man Married to Girl from Galicia Last Evening at Home of Mr. and Mrs. Gamula

John Maxam and Miss Wasy Lyna Pylypiuk were quietly married by Rev. G. G. Hacker at the residence of Mr. and Mrs. Peter Gamula, Sixth Avenue West, at 2 o'clock yesterday afternoon. The witnesses were Mrs. L. Wurko of Terrace and Nicholsa Bidoczko and only a few intimate friends were present. The groom is from Anyox and the bride recently arrived from Galicia. They proceeded on the evening steamer for Anyox where they will make their home.
