Matron-of-honor to preside at project ball next Friday

A 90-year-old matron-of-honor will preside over the gay activities next Friday night when the Canadian Legion branch No. 27 and the "D" Company, Irish Fusiliers of Canada (Vancouver Regiment) jointly sponsor the "Senior Citizens Project Ball."

Mrs. Elizabeth Goodsell of 420 Fifth Avenue East, who will be 90 years old next August and who has been a long-time city resident, was invited to be guest-of-honor at the money-raising function to be held in the Armoury.

The dance is one of many future projects to be undertaken by the Legion branch in an effort to fulfill its pledge of $2,000 to the Senior Citizens Housing project.

Tickets for the public ball are now on sale at many city stores and the Canadian Legion, it was announced today by ticket convener, John Laurie.

Novelty dances, buffet lunch and entertainment will be featured during the evening between dances to the music of two orchestras of volunteer musicians.

To be gaily decorated under the chairmanship of George Goodwin, the hall will be arranged in cabaret style.

The buffet supper, convened by the Legion Ladies auxiliary will be under the chairmanship of Mrs. Charles Morrow.

Dance committee chairman is Frederick McIntosh and Legion project chairman is A. L. Fletcher.

Others on the dance committee are Douglas McGrath, J. R. McCorkindale, John Gable, Mrs. Jean Nixon, Mrs. Frank Sherwood and Stanley Veitch.

BABY SITTING SERVICE DISCUSSED

Jaycettes to stage money making project

The "Travelling Basket" project will be put into effect once again as a money making project by the Prince Rupert Jaycettes.

At the Tuesday night meeting held at the home Mrs. Robert Parsons, the city group decided to begin project operations at once under the chairmanship of Mrs. George Dover.

It was announced that the project is a means of raising money for community work and is conducted between members and friends with each person taking an item to be sold to the next person passed along in a "travelling basket."

In other business the meeting decided to investigate the possibility of a baby sitting course and a baby sitting service.

During an effective speaking period, two-minute impromptu talks were given by Mrs. Parsons, Mrs. Dover and Mrs. G. P. Woodside, with Mrs. R. R. Whiteley and Mrs. Douglas Newton as evaluators.

A recent curling game, held between members and husbands, was reported upon by skip Mrs. Whiteley in which she announced her team had beaten the Parsons team 11 to 5.

Next meeting will be held at the home of Mrs. Dover on February 18. Refreshments concluded the session.

AIR POLLUTION

Atmospheric pollution from gases and soot is estimated to have reduced agricultural output nearly 50 per cent in some British areas.

Permission granted for house tea

A "House Tea" will be held by the Library Committee of the Women of the Moose, March 23 at the home of Mrs. Harry Nelson.

Permission to stage the afternoon social was granted to the committee chairman Mrs. George Hills Wednesday night when the WOTM held its regular meeting in the Moose Temple.

The Moosehaven committee, under the chairmanship of Mrs. Tyrus Hubel reported that it was holding a "Hard Time Dance and Social" February 12 with proceeds ear-marked to pay for the record player and radio, recently purchased for the Pioneer Home.

Graduate Regent Mrs. Percy Bond reported that eight yellow and mauve sports shirts had been ordered for the WOTM bowling team.

Mrs. Thomas Thomas reporting for the Friendship committee, announced that the group will hold its next meeting January 27 in the Moose Temple and asked that all members of the Friendship degree attend the session.

$1,000 ADDED

A successful three-month period was reported on following the quarterly audit given by Mrs. Harry Hansen, when Senior Regent Mrs. Arnold Assman reported that $1,000 had been turned over to the Building Fund account.

Mrs. Matthew Garbelya and Mrs. Joseph Kurdziel volunteered to visit members who are hospitalized during the next two weeks.

The "Draping of the Charter" ceremony was held in honor of the late Mrs. Consuello Gomez.

Mrs. Harry Hansen was elected to the office of chaplain and will be installed at the next regular meeting.

Junior Graduate Regent Mrs. William Pilfold presented the chapter with its Chapter Achievement Award and thanked members who had served under her during her year as Senior Regent who she said "made the award possible."

Mrs. Assman reminded members that another drawing of "Secret Pals" will be held at the February 3 meeting.

Chapter development committee reports were given by Publicity chairman, Mrs. Catherine Murphy; Mrs. Cecil Robinson for Childcare; Mrs. Walter Lundrigan for Moosehearts; Mrs. William Nesbitt, Homemaking and Mrs. Percy Bond, College of Regents.

Lucky box draw was won by Mrs. Edward Hildebrand and the Childcare committee Ray McMillan raffle, a bedroom lamp, was won by Mrs. George Hills.

The Childcare committee was in charge of the luncheon.

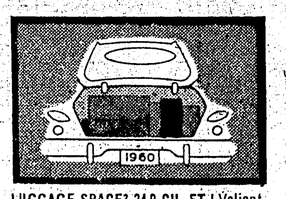
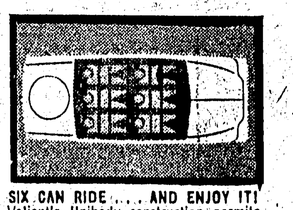
NEW FROM CHRYSLER OF CANADA...

THE MATCHLESS Valiant

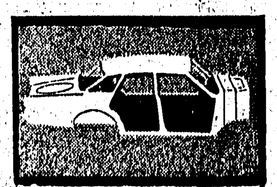
30-35 MILES PER GALLON! Valiant 6-cylinder engine is inclined 30° to allow unique manifold system. Result: 101 h.p., up to 35 miles on every gallon!



LUGGAGE SPACE? 24.9 CU. FT.! Valiant has more trunk space than either of its new competitors, more than some large cars. Pack in the family gear with ease.



SIX CAN RIDE . . . . AND ENJOY IT! Valiant's Unibody construction permits proper seat heights and ample headroom. 57-inch-wide seats accommodate three adults, front or back.



BODY FOUR TIMES AS RUGGED! Valiant's solid Unibody hasn't a single bolt to shake loose. Four times as durable as two-piece bodies, more rustproof than any automobile body ever built!

FAMOUS TORSION-AIRE RIDE! It keeps your 2,700-pound Valiant flat on the curves, keeps you easy in the seat. Valiant is the compact car that gives you big-car comfort every mile you drive!

THE ECONOMY CAR YOU'D WANT AT ANY PRICE

Chrysler of Canada's Valiant is the newest car in the world. And it looks it—with a daring new kind of styling that says more than just "economy". But now as it is, Valiant is already answering some very old questions.

How much "go" can you get from a car this size? Valiant shows you. You'll discover that Valiant can out-perform cars half-a-ton heavier and twice as powerful. Yet it visits the gas pump only half as often!

Secret: Valiant's incredible new six-cylinder engine—an ingenious overhead-valve power plant that inclines to the side at a 30° angle, puts out a practical 101 h.p., but hoards fuel like a tightwad. If you own a Valiant, you can figure on driving upwards of 350 miles on one 11-gallon tankful of regular gas!

What can be done about rattles and rust? Valiant's done it. Valiant features a new Unibody construction that combines frame and body in a single steel unit. Not a single bolt to rattle, and it's four times stronger than other bodies.

On top of that, every Valiant Unibody is dipped *seven* separate times to make it more permanently rustproof than any other automobile before it—ever!

Can a compact car have a "big-car" ride? Valiant does. It is only 184 inches long. It has a 106½-inch wheelbase. But it rides like a car double its size.

That's because Valiant (like other Chrysler of Canada cars) has famous Torsion-*AIRE* Ride—the finest suspension system yet devised for taking the sway out of a corner, the lurch out of a stop or the bumps out of a road.

Where do you put all your luggage in a smaller car? If you own a Valiant, you put it in the trunk. It's hard to believe you can tuck so much usable space into a car only 184 inches long. But Valiant does it. All your luggage stows handily in a trunk that measures 24.9 cubic feet!

These are only a hint of the questions that Valiant answers. Visit your dealer—get the full story. Drive a Valiant—the economy car you'd want at any price!
