How do you buy oil?

Your judgment in buying oil will give your motor short life or long life.

You insist upon distilled water when you want the purest water for your battery. Because distillation removes the impurities. That's why you should insist upon

SUNOCO
THE DISTILLED OIL

Most oils are a compound of light oils and heavy "cylinder stock." Sunoco is not a compound but a pure, wholly distilled oil, and it's made in six types. One is best for your car.

It will not break down as most oils do; better lubrication, longer life for your motor. More power because Sunoco makes a piston ring seal that prevents power leaks.

Try Sunoco. Have one of these dealers fill your crank-case today.

Ask him or write us for booklet, "What's Happening Inside Your Motor?"

LADY FED SNAKE ON WHITE RATS; KILLED IN NEIGHBOR'S CELLAR

NEW YORK, July 5.—(By Canadian Press).—McSwiney, a seven foot snake belonging to Miss Eleanor Pirkner, of Brooklyn, recently wriggled into the cellar of Albert Heming and coiled himself around a pipe. When Mrs. Heming visited the cellar she nearly had nervous prostration. She appealed to the corner baker, who tried his luck with a pair of shears but fled when the snake made for him. Later Mr. Heming returned home and killed McSwiney with a shovel. When apprised of her pet's death, Miss Pirkner was very indignant. She explained McSwiney was gentle and harmless and that she used to feed him on white rats every other Thursday until the firm that supplied them went bankrupt. "He was so fond of white rats."

TOOK COFFIN FROM GRAVE TO SELL IT

ATLANTA, Ga., July 5.—Holding that it was not against the laws of Georgia to open graves and remove coffins; the court of appeals has granted a new trial to Sam Ware, a negro undertaker, who was recently sentenced to ten years' imprisonment for removing a body to obtain the coffin, which he is alleged to have resold.

POWER OF SUGGESTION

Travelling is becoming more and more of a fine art. Formerly it was regarded simply as a process of getting from one place to another—most tiresome but unavoidable. Now it is looked upon as a joyful undertaking, a delightful interlude in the regular routine of life, especially when the journey is over the lines of the Canadian National Railways. The keynote of the Canadian National Railways is Service. That service aims to make the passenger as comfortable as possible, and to save him every bit of unnecessary effort. Thinking is a mental effort. Patrons of the Dining Car Service will now find themselves saved that trouble by a casual glance at the little dodger that is distributed throughout the coaches on all trains to which Dining or Cafe Cars are attached. Upon the dodger, which is printed in both English and French are several suggestions for a suitable combination of dishes for the coming meal. Prices for a complete menu for Breakfast, Dinner and Supper range from 35 cents to $1.25. The traveller merely needs to decide what he wishes to pay, and upon entering the Dining Car he will find himself served as quietly and satisfactorily as he would in any well-appointed home.

An entirely new kind of soap

A new kind of soap. Made of pure materials combined in such a way that it has more cleansing power than soap has ever had before.

It gently soaks loose the most ground-in dirt without weakening a single thread. Even the worst soiled spots need but a light rubbing with Rinso.

Dissolve in boiling water
Pour into tub of lukewarm water
Use enough to get big lasting suds

For all the regular family wash

Rinso soaks clothes so clean that boiling isn't necessary. But if you like to boil your white cottons, pour enough Rinso solution into your boiler to give you the suds you like.

NOTE: In *hard* water it takes from ¾ to 1 package of Rinso to a tub to make good suds. In *very hard* water you will need from 1½ to 2 packages to a tub to get the big lasting suds that loosen all the dirt.

LEVER BROTHERS LIMITED
TORONTO
