Gulbransen Trade Mark

At the End of a Day

As the roll unwinds, music works its magic. Gone are the cares of a work-a-day world. A dear old tune touches the chords of tender memory—brings back boyish dreams—stirs the fires of inspiration.

Whatever your mood as you sit down before the Gulbransen registering piano you find it sympathetic, responsive. For it is as ready to reflect the exuberance of youth in the latest and gayest of popular tunes as it is to free the majestic music prisoned in the score of a composer's masterwork.

We invite you to our store today and try the Gulbransen registering piano. A few moments will reveal the pleasures it offers. We will gladly explain the advantages of its many exclusive features.

ONLY TEMPORARY BUILDINGS ARE BEING ERECTED

Japanese Government Not Allowing Permanent Reconstruction at This Time

TOKIO, Dec. 13. — Officials place the toll of death resulting from Japan's earthquake and fire of September 1 at approximately 150,000. The material losses are estimated at anywhere from four billion to ten billion yen. The cost of reconstruction cannot be accurately estimated, as government decision is awaited on plans under consideration.

Meanwhile 40,000,000 yen (about $20,000,000) has been spent in relief work, and the quakes continue. According to the meteorological bureau there have been 1,370 quakes since the big one which occurred at exactly 11:58 o'clock on the morning of September 1. Of that number 356 occurred on September 1 and 2. The number continued at a decreasing rate daily thereafter.

No two authorities agree on the extent of the material losses. K. Kodama, president of the Yokohama Specie Bank places the "direct losses" of the government and private concerns at 4,000,000,000 yen, while Chokiuro Kadono, chief director of Messrs. Okura and Company, one of the largest concerns in Japan, say the losses will reach 10,000,000,000.

Small buildings are springing up everywhere. There is neither money nor material enough at hand or obtainable at present to start reconstruction on a grand scale. Permits are not being issued for buildings that are to stand for more than five years and both foreign and Japanese companies that wish to rebuild are being told they must await the final decision of the government on plans for rebuilding the devastated cities.

The bazaar under the auspices of the Ladies' Aid of the Baptist Church proved a most successful event yesterday afternoon. A goodly sum was realized from the sale of articles and serving tea, the sum of $225 in all being netted.

HUNTING PARTY IS BACK WITH SIX GOATS IN BIG GAME BAG

The power boat Pachena, Capt. A. Swanson, returned from a combined business and hunting trip down the coast yesterday afternoon. The attending nimrods met with much success. Game consisting of six mountain goat, two deer, six geese and about one hundred ducks gaily detorated the boom and made a pretty picture. Included in the party were Capt. Tommy Watts, Capt. Gammon and Sam Johnson. The party was as far as Swanson Bay and the bag of game was secured in Martinson Channel inside Milbank Sound.
