POSSIBILITY OF A HARBOR BOARD FOR PRINCE RUPERT MENTIONED IN PARLIAMENT

(continued from page one)

there were six steamers lying in the stream awaiting to be loaded; the business was there, but the accommodation was insufficient."

The loan recently passed of five million dollars for Vancouver was explained in the House by Ernest Lapointe, minister of marine and fisheries. In Hansard he is quoted as saying:

"All this shows that from now on, increasing quantities of grain will find their way through Vancouver, and it is, therefore, necessary and important that more facilities should be provided there, especially in the way of further elevator accommodation.

"The Vancouver Harbor Commission was organized in 1913. In 1919, this parliament authorized advances to be made to the commissioners to an amount of 85,000,000, and I think this country is entitled to know what has been done with tthe money. First, an amount of $300,000 was paid to redeem bonds which had been issued by the harbor commissioners. Then they acquired property for the site of the pier to which my hon. friend has referred, called the Ballantyne pier, for an amount of $672,900. Other expenditures included:

Repairing foundations and dredging, berthing and turning basin for the main pier	$ 512,095
Work to December 31, 1922, on construction of pier and sheds	2,814,871
Engineering and contingencies	124,583
Development of other harbor property and acquisition of plant and tools for harbor works	35,319
Interest during construction charged to capital account	68,032

This makes a total expenditure of $4,524,800. There remains a balance of $475,200 available for future expenditures from this loan of 1919. The Ballantyne pier is not altogether completed, and a further amount of $1,760,765 will be required to complete it—that is, in addition to the $475,200 which remains of the loan of $5,000,000. As to what will be done to increase elevator accommodation, the commissioners have engaged the services of an expert, Mr. Rolph, of the J. S. Metcalf Company, of Montreal, who is studying the question with them presently in order to take the best course, and especially the most speedy course for the handling of the grain—if possible, the next crop. What is proposed now—but it is not definite—is that the present elevator, which has a capacity of 1,250,000 bushels, should be enlarged by an extension which would give a further capacity of 500,000 bushels, or a total capacity of 1,750,000 bushels. That would cost $400,000. Then, another elevator would be built at the place suggested by my hon. friend, on Ballantyne pier, this elevator to have a capacity of 2,000,000 bushels and to be built at a cost of $2,000,000.

Proposed Expenditures

Mr. Stevens: Could the minister at this point say what the existing elevator cost?

Mr. Lapointe: Between $800,000 and $900,000. The other works which would be constructed with the money would be advanced to the commissioners are as follows:

Log booming ground	$171,000
Marine ferry terminal	155,375
Ballantyne stage yards	76,000
Railway equipment	81,000
Strips of land adjacent present Government elevator	50,000
Lumber assembling wharf	190,000
Grenville Island Harbor	27,000
Overhead approach to Ballantyne pier	65,000
Contingencies	23,860

As to the financial condition of the harbor, I might say that it is excellent, indeed, and I have no doubt that in a very short time the Vancouver Harbor Board will be self sustaining and that interest will be paid to the government on all the money which may be advanced to the commission.

Made Good Profit

Mr. Ladner: Is it not a fact that last year's operations disclosed a profit above operating expenses of some $38,000?

Mr. Lapointe: Yes. The receipts last year amounted to $423,307.98 while the expenditures totalled $131,240.75. While there was an increase in the revenue of $82,307.10 over that of the previous year; the increase for the year of receipts over expenditures on revenue account amounts to $292,067.23. The expenditure on revenue amounts account showed a decrease of $34,123.16. This is certainly creditable and shows that the traffic in the harbor, which I have no doubt will continue to increase, entitles the Harbor Commission of Vancouver to the help which this parliament and the government intend to give them.

Mr. McLean (Halifax): Do I understand that there was a surplus of revenue over expenditure of some $290,000?

WHAT MADE ME HAPPY

"I was congratulating myself that I had passed the winter without catching a cold, when I got one at the beginning of last May. It was because I was run down. Being run down I had some trouble in getting rid of this cold. I was a nervous wreck. I would wake up regularly mornings feeling that some terrible calamity would take place. Although we were comfortably off, I felt sure my husband was going to lose everything. The children worried me. If they made the least noise, I would get into a terrible temper. I would scold them so that I am sure they hated me. I would be mad with myself after it was over and make up my mind never to let it happen again. I would go to bed at night and begin to think and picture dreadful things which might happen to me and my family. I would lay awake for hours, sometimes until daylight, until I was so weak that I could scarcely raise my head. I would waken next day just as tired as when I laid down. After a while I got so that I didn't care what happened. The children annoyed me and I wouldn't have cared if they had left me for good. I felt that it was only a matter of time before I would lose my mind. I knew that my symptoms were due to a run down condition and that if i could only get something to build me up, I might be all right. I knew that there must be some good tonics but most of them made such foolish claims that I was afraid of them. Happening one day to run across a leaflet about Carnol, I was impressed with the moderate way this preparation was described, so I made up my mind I would try it. I did and today I am the happiest and healthiest woman living. I haven't a care in the world. Instead of running away from me, my children are now with me all the time. My husband tells me that my disposition is as near an angel's as any human being's can be, but of course he is prejudiced. I don't believe I have a nerve in my body now."

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 6-622

Sport Chat

Cheered off by an enthusiastic crowd of supporters whose one unanimous regret was, that they could not go along too, the three champion Prince Rupert basketball teams, Colts Senior and Intermediate and Maple Leafs, sailed last night on the steamer Prince Rupert for Anyox where tonight they will meet corresponding select teams. The Colts Seniors have already had one successful encounter with the smelter town all stars and the Anyox critics themselves admitted that the local quintette excelled as far as concerned efficiency at the hoop game was concerned. The Colts Seniors are expected to repeat their performance tonight and the Colts Intermediates and Maple Leafs it is thought will have no difficulty in successfully accounting for themselves. All three teams are sure of returning home tomorrow with the laurels of victory. Miss Mills accompanies the girls' team as chaperon and Ben Self, P. Laporte and Dick Greenwell have the two men's teams under their wing.

Plans for the staging of a Dominion wide lacrosse series for the Mann Cup are now being considered by officials of the Canadian Amateur Lacrosse Association and several suggestions for the championship play have been forwarded to the different provincial Associations by Abbie Coo, of Winnipeg, president of the Dominion body. Mr. Coo suggests a series between all star teams from each province; a knockout series in each province, the winners to play down similar to the Dominion football competition for the Connaught Cup, and also urges the champions of 1922 to play a series early this season. Arrangements for a Dominion championship competition were under way last fall but, owing to the lateness of some of the provinces in completing their schedules, the plan had to be abandoned

The inclusion of lacrosse, Canadian National game, in future Olympic program will be urged by officials of the Canadian Amateur Lacrosse Association when the Olympic committee meets this month in Winnipeg. W. J. Hanley, president of the Ontario Lacrosse Association, who is one of the proposers of the idea, is of the opinion that the game will create greater interest than any other sport and believes that a big entry could be secured as the game is played not only in Canada but has a strong following in the United States, Australia, England and South Africa.

TERRACE GIRLS TO PLAY BASKETBALL

Preliminary Meeting to Organize Athletic Association Held on Tuesday

TERRACE, March 15. — The women of Terrace are planning to organize an athletic association and with this end in view a preliminary meeting was held at the home of Mesdames Hatt Tuesend evening. At that meeting all the possibilities were discussed and the hope was expressed that they would be able to have a couple of basketball teams organized soon.

Mrs. E. M. Jacobs, of Westview who has been on a trip to Vancouver, returned home on the Prince Rupert yesterday afternoon.
