Five-sixths of the timbered area in B.C. belongs to the People.

Each year it is increasing in value as the more accessible timber is cut.

In 1922 there was received from the sale of such timber the sum of $620,000.

This helped to keep your taxes down, and to build up the Province.

Green Timber is British Columbia's assurance of perpetual prosperity

Mr. Fred Palmer, 217 Dalhousie St., Brantford, Ont., writes:—"When I first went out to the North West the water played havoc with my bowels, and being in a remote spot I could not get anything to give me relief for any length of time.

I wrote and told my wife about the time I was having and she sent me a bottle of Dr. Fowler's Extract of Wild Strawberry, and I cannot speak too highly of it for what it did for me.

Whenever the children have any bowel trouble from eating fruit or drinking strange water, which they have done for the past five years, living in the country, the only remedy we use is 'Dr. Fowler's', and nobody should be without it 'as it cannot be beat for instant relief."

Dr. Fowler's Extract of Wild Strawberry has been on the market for the past 78 years, you don't experiment with new and untried remedies when you buy it, but be sure and get 'Dr. Fowler's' when you ask for it as a substitute may be dangerous to your health.
