Attack Made On Hon. A. M. Manson.

Hon. A. M. Manson does not need the Daily News to defend him against attacks from R. H. Pooley or any other member of the Legislature. He is always ready to hold up his own end and will doubtless do so in connection with the charges, a report of which is published today. What we do object to is the constant effort to pillory Prince Rupert just because by doing so opposition members hope to gain political advantage. It might be well for some of us to make a trip to Victoria, Esquimalt and Vancouver and come back and make charges about the conditions to be found in some of the localities there. Conditions here are not as they might be. No one can deny that. The local police commissioners are said to be Conservatives yet no one is charging that the Conservative party is rotten because the law is broken here in regard to the liquor business. If Prince Rupert is not what she ought to be, then it is the fault of members of the Conservative party rather than of Liberals. However, we are not blaming them. We object to this method of conducting the business of the country by trying to make political capital of everything. Local conditions in connection with the liquor traffic have much more to do with civic than provincial politics, yet no one is getting up and making wild charges against Mayor Newton in connection with it. It is only under the protection of the privilege of a member of the Legislature that such things are being done and that with little regard to the truth.

Britain Anxious To Co-operate.

Great Britain is anxious to co-operate with the United States. She goes out of her way to injure her own business in order to help the republic enforce a difficult law. She has come to an agreement in regard to the search of British ships beyond the three mile limit, even though it was this right of search in 1812 that influenced the United States to declare war against Britain.

Since Great Britain is anxious to be a good neighbor and since Canada has at all times shown herself willing to co-operate with the United States, and since a large part of the population of Canada came from the States nd many of the residents are still citizens of the States, it is difficult to understand the attitude of Alaska in constantly trying to injure the legitimate business of this port, a business which is of great advantage to that territory as well as to Canada.

Coast Range Steel Is Live Question.

The Coast Range Steel Company is asking the provincial government to back their bonds to the extent of four million dollars. In other words they ask for four million from the province with the possible prospect of the money being returned with interest at some distant date. The company says it expects the Imperial government to grant four millions to be expended in machinery and material purchased in Britain, that company to take a first mortgage on all the assets of the company. If the Dominion aids the project of four millions it will take a second mortgage on the company and then the province will be left with the remnant as its security. As shareholders in the affairs of the province of British Columbia we object to our money being used in that way under those conditions. Many would like to go into business if the governments would provide all the capital and ask no security except the assets which they provide. Take out the cost of promoting the company, which it is evident must be heavy, and there then remain insufficient assets to cover the four millions which it is suggested shall be advanced.

"I Now Feel Fine"

Mrs. P. G. Murdoch, Box 433, Portage la Prairie, Man., writes:

"I was troubled for years with biliousness, constipation, kidney and liver troubles. I tried many different kinds of medicine, but nothing did me much good until I tried Dr. Chase's Kidney-Liver Pills. I now feel fine, but am never without these pills in the house. Dr. Chase's Ointment has relieved my husband of piles, from which he used to suffer badly."

MARRIED TWO IN NINE DAYS

Former Employe on Grand Trunk Coast Steamers Deported to Canada

LADY HYPNOTIZED HIM

Returned Soldier Falls Under Spell of Woman With Eight Children

SEATTLE, Nov. 1.—William H. Britten, aged 38, self-styled hypnotized bridegroom, and self-confessed bigamist, whose case was taken under advisement last Monday in Federal Court here, was ordered deported to Canada today by Federal Judge J. Neterer.

After hearing the decision Britten's attorney announced he would consult his client tomorrow to determine whether he wishes to carry his fight to remain in the United States to the Federal Circuit Court of Appeals in San Francisco.

Britten was arrested in California after his second marriage, brought back here by order of his second wife, Mrs. Daisy Meacock, of Seattle, mother of eight children, and tried on a charge of bigamy. The jury acquitted him on a technicality, and he was then detained by the Immigration Commissioner as an undesirable alien because it was alleged he entered this country in 1919 without inspection and without paying a head tax.

Married in Victoria

During the recent trial here Britten testified that he had married Miss Elizabeth Walsh, a Spokane school teacher, in Seattle on June 6, 1922, and that ten days later, "under the hypnotic influence of another woman," he married Mrs. Meacock in Victoria on June 15, 1922.

Jude Neterer in his decision declared that he "had found nothing to sustain the plea that Mrs. Meacock had thrown about Britten a hypnotic spell."

Judge Neterer made the following interesting findings in disposing of the case: Britten was born in Ireland, became a citizen of Canada, and is 38 years of age. He deserted the British navy in 1911, and went to work for a steamship company on vessels plying between Victoria and Prince Rupert. While on one of these ships he became enamored of Mrs. Meacock, and she infatuated with him.

What appears in the record as a "love affair" ensued, and in January, 1917, when he enlisted in the Canadian army, Mrs. Meacock, kown as his wife, was allotted half his soldier's pay of $15 a month, and an additional $15 monthly paid by the Canadian government.

Saw Service

The so-called "husband" served two years in the army, went overseas, was wounded in the legs, right arm and hand, invalided out of the service, and about March 20, 1919, came to the United States to stay. On June 6, 1922, Britten married Elizabeth Walsh in Seattle. On June 15, nine days later, he went with Mrs. Meacock to Victoria and wed her in a church there the following day.

SUNNYSIDE MAN WEDS PORT SIMPSON GIRL

Harold D. Marshall and Miss Dorothy K. Reid Married on Tuesday by Rev. G. G. Hacker

Harold D. Marshall, son of Mr. and Mrs. James Marshall, Vancouver, and Miss Dorothy K. Reid, daughter of Mr. and Mrs. Ambrose Reid, Port Simpson, were married by Rev. G. G. Hacker in the parsonage at 5 o'clock on Tuesday afternoon. The witnesses were W. A. Pilford of Prince Rupert and Miss Jennie E. Dennis of Port Simpson.

Mr. and Mrs. Marshall are taking up their residence in the city and expect to spend the winter here. The groom has been engaged during the summer on the Sunnyside Cannery staff. Both he and the bride are well known in the district and will receive the hearty congratulations of many friends.

Rev. Dr. H. R. Grant is leaving tomorrow night for Prince George where he will preach in Knox Church on Sunday, the occasion being the first anniversary of the opening of that church. He will also give a public address on Monday evening.

The Man in the Moon SAYS:-

AWAY back in 1912 United States declared war against Britain for searching her ships for deserters. Now U.S. would search British ships for bootleggers.

AGGIE McPhail the member of parliament does not like the Senate. It was suggested that she might go there herself, but not so. She sees nothing but sour grapes so she quietly remarks: "I would certainly hate to see a good woman wasted there. It is a useless institution and appointment to it would be like being placed on the shelf prior to burial." They always place ladies on a shelf prior to burial, I suppose.

FRANCE says she wants payment in full from Germany but does not wish to pay Britain. Britain says France must not divide up Germany making dependent states on her border. Your move, France.

CURIOUS that Premier Oliver does not wish to pay four million dollars of the people's money for a third mortgage on the Coast Range Steel Co.'s prospective assets. I fear John is not progressive.

THE girls took readily to smoking cigarettes until they found asking the boys for a match had no permanent effect. Then they let up on the smoking.

PEOPLE in this town will take anything. I am told that some of them take a bath. I know one who does, sometimes.

THERE is a lot of talk about bad liquor but Jake says it's all bad, only some is worse.

HE tried to kiss Helen

And then he quit Helen
And Helen sued.

IT was remarked at the ball last night that most of the candidates for the mayoralty were present. I wonder what the remarker meant.

HOSPITAL BALL GREAT SUCCESS

Arrangements were Excellent and Everyone Had a Splendid Time on Hallow E'en

While the attendance at the annual hospital ball was not this year what it used to be when nearly the whole city turned out to the big event of the season, the dance last night lost nothing by comparison with other years in the enjoyment those attending got from it. Nearly two hundred were present and from the first waltz until the national anthem was played the affair was a success. The general arrangements for the comfort of the guests were excellent, the decorations excited a great deal of favorable remark and the music was well above the average, the latest dance tunes being played and plenty of them. Mrs. Parsons, president of the ladies auxiliary, and the members and workers are to be congratulated on the result.

There were two sittings for supper in the balcony. The refreshment committee consisting of Mrs. D. A. Candow, convener, Mrs. M. M. Stephens and Mrs. Morrissey assisted by a number of others provided an excellent supper. The tables were decorated with fresh cut flowers and the ladies of the auxiliary provided the cakes while the service was excellent.

The committee in charge of the hall, music and decorations was headed by Mrs. Jarvis McLeod with a number of ladies assisting. The effects were charming.

The Westholme orchestra supplemented by Art Easson, Howard White, Kenny Rood, and Mrs. Remo played compelling music and the dancers were on their toes most of the time. George Munro was master of ceremonies.

The total proceeds amounted to $166 while the sum of $13.50 was made from the sale of Hallow E'en paper caps.

The patronesses were the wives of all the city doctors, Mrs. Reddie, Miss McColl, and Mrs. D. G. Stewart.
