RAINS BRING NO RELIEF

(Continued from page one)

others will harvest from eight to twelve bushels per acre. The Three Hills subdivision reports an 80% average crop with a yield of about 18 bushels per acre. North Central Alberta has not yet commenced cutting and harvest will not be general for about ten days but prospects are good.

The Peace River district reports weather ideal for grain ripening and moisture sufficient for maturity but ripening is a little late although yields should be satisfactory.

Cattle

Liberal receipts on western markets, combined with the plainness of offerings, made trading slow and prices remained in line with those of the previous week. The demand for good quality stocker and feeder cattle has improved and this kind are getting scarce with prices strengthening. The hog market remains fairly steady with not much change in prices.
