PARTY INSPECTED ROAD ROUTE ACROSS ISLAND TO RAPIDS

Dawson Looked Over Lands Which are to be Developed or Transferred to Provincial Government

Yesterday a small party of local citizens went around to the back of the Island to inspect the route of the proposed road to the Skeena River. They went as far as the bridge site over the Galloway rapids where a span of 250 feet will be necessary as well as an approach on either side. It is not a difficult place to bridge but even so will prove somewhat costly.

The rapids are five miles from here and the route chosen is fairly easy of construction. The worst part is that just adjoining the townsite where the going is rough. It passes two little lakes made by beaver and in one there are still a few beaver judging by the signs.

The road will not follow the beach but will be a short distance inland along the foothills of the mountain. It will be a scenic route and the cost it is estimated will be about $7,500 a mile.

F. G. Dawson went out particularly to look over the land which is owned by the Grand Trunk Development Co. and part of which it is proposed to transfer to the provincial government as their share toward the construction of the road.

Those in the party were F. G. Dawson, Fred Stork, E. G. Gibbons, S. J. McLeod, J. H. Pillsbury, S. E. Parker, Major Taylor, P. W. Anderson and H. F. Pullen.
