An accident of a serious nature occurred yesterday afternoon at the works of the Prince Rupert Planing Mills. Gordon Bain, one of the proprietors, whilst engaged in his work around the mill, in some manner got caught in one of the belts and was dashed around in a terrific fashion, sustaining severe injuries to his right leg. Mr.

Bain, who is one of the pioneer residents of the city and popular, was taken up immediately to the General hospital, where his injuries were attended to by Dr. McNeill. It is learned this morning that the patient spent a fairly good night and is doing as well as could be expected, considering the serious nature of the accident.

SPECIAL DESPATCH FROM HAZELTON DECLARES G.T.P. STRIKE AT AN END TODAY

(Special to Daily News.)

Hazelton, B. C., Aug. 13.—

The strike on the Grand Trunk Pacific western division is now over. All the I. W. W. agitators have left the country along with the men who were members of the order and who went on strike. There are none of the order left and all the men who wanted to work have returned to their camps and taken up their tasks again.

In addition to these there are a great number coming in. The camps all along the line are open and running

with small crews and these fellows are not interfered with in any way by the I. W. W. The police afforded the men protection when the strike was on and the agitators will not be in a

hurry to come back into the district.

The camps and the food supplies are the best on the continent and there is no doubt that within the next couple of weeks hundreds of men will come north. There is plenty of work and the wages are good.

SPEAKING OF CITY COUNCIL PICTURES, HERE IS THE REAL PRINCE RUPERT PIONEER

It was proposed last night that the present City Council, the third in the municipal history of Prince Rupert, should have its picture taken. There was a proposition made at the close of last evening's council session that they, too, should have their photograph taken, but apparently so

far only the first the real pioneer council of Prince Rupert has ever managed to face the camera, and then not as a complete council. Above is a reproduction of the first picture ever taken of a Prince Rupert Council group. It contains portraits of Mayor Stork, Prince Rupert's first mayor, City Clerk Woods,

who still holds the fort, Ald. Vernon Smith, now in Hazelton, Ald. T. D. Pattullo, at present in the city, Ald. McIntyre, who is in the States; Ald. Frank Mobley, a leading citizen here; Ald. Hill-ditch, still with Prince Rupert; and A. W. Agnew, then with the engineering department on the Woodworth water scheme.

NEW TRANSCONTINENTAL FROM FORT CHURCHILL ON THE EAST TO PORT ESSINGTON ON WEST

Financed by British capitalists holding a Federal charter, which provides for 1,800 miles of new railway construction, with Fort Churchill on the east and Port Essington on the west as terminals, and connecting Edmonton with Las la Riche, Fort McMurray and Lake Athabasca, the North-

ern Territorial Railway will commence a survey of its route from Edmonton northeasterly in the course of the next few days, and before the close of the season a start will probably be made on the actual construction of the grade. So says an unconfirmed despatch from Edmonton. The cor-

poration is capitalized at \$40,000,000, and under the charter, which was granted by the Dominion Parliament at its last session, has bonding powers amounting to \$40,000 per mile. The length of the new line from the coast to Fort Churchill will be 1,450 miles.

CANADA SHOULD ANNEX THE STATES

Vancouver, Aug. 12.—"When Champ Clark made the statement that the United States ought to annex Canada, I made one to the effect that Canada ought to annex the United States, for in these times of political turmoil our country needs better government," yesterday at the Hotel Vancouver declared Hon. R. A. Ballinger, formerly U. S. Secretary of the Interior.

"Canadian laws," continued Judge Ballinger, "are more conservative than ours. However, I believe conditions will settle down after a while, and President Taft, whether he is elected again or not, will go down in history as one of the great presidents."

GIGANTIC CONSTRUCTION DELAYED

Belfast, Aug. 13.—The shipbuilders said today that the directors' decision to alter the Gigantic, sister ship of the Titanic in course of the construction, to conform with Lord Mersey's suggestions, will delay the work on the new liner considerably. In particular the plans will have to be radically modified to allow for the extra watertight bulkheads.

A LINER VS. AN ICEBERG ONCE AGAIN

(Special to Daily News.) Montreal, Aug. 13.—The Allan liner Corsican steaming from Montreal for Liverpool, struck an iceberg east of Belle Isle at 4 o'clock yesterday afternoon. The steamers Lake Champlain and Scandinavian are reported proceeding to her assistance. The Corsican sailed on Tuesday with 200 passengers. Other reports say she is not in peril and that she will proceed on her voyage.

THE ARMY AND ETERNAL PUNISHMENT

Salvation Army Citadel, Prince Rupert, Aug. 13. To the Daily News,

Prince Rupert, B. C. Dear Sir—Will you kindly allow me a small space in your paper in reference to a report in Monday's News of a service held in this city at which Rev. F. W. Kerr explained his opinion on the subject of "eternal punishment." It stated that "Hell is the unremitting effort of God for the saving from error and drawing to Himself of all" and "God will pursue you if you err," with the discipline if need be of an eternity of pain in order that the sinner may at last be taught the way of peace."

If this is the correct report of what was said by Mr. Kerr I feel compelled to say that I have never seen a phrase in the Scripture which in its widest sense could be so interpreted. This seems to be a resurrection of the Roman Catholic doctrine of purgatory, slightly modified by a mixture of Pastor Russell's ideas of a chance for all after death.

There are few people who believe in hell as a place of "literal fire," but all who take the Bible for a guide must believe that a terrible punishment awaits the wicked. There is, however, nothing in the Scriptures which will allow us the slightest ground for the belief that the punishment will be anything less than eternal, and it is hardly conceivable that it could be "the discipline of pain" if "the sinner may at last be taught the way of peace." Such a doctrine as this might lead one to think that evolution has been traced even through hell, and we suspected this was its origin.

Will Mr. Kerr be kind enough to tell us the passages of Scripture on which he bases his opinion. Thanking you, yours sincerely,

H. CHAS. TUTTE, Captain.

The bylaw was not read at last night's council meeting and Mr. Durant's letter previously summarized in The News, was not discussed. After full consideration the matter will be dealt with.
