III Fitting Shoes Cause Foot Discomfort

The average shoe is not built for comfort—many of them do not fit properly or shape themselves to the foot—so when night comes your feet are tired out and ache. In the

Dr. A. Reed Cushion Shoe

the soft fibre cushion compresses under your heel, the ball of your foot and your toes—giving ample support to your arch—and your foot rests in a natural position in perfect comfort. We have your size in a variety of shapes and leathers. At least come in and try a pair on just to satisfy yourself how stylish and comfortable the Dr. A. Reed Cushion Shoes are—it will be well worth your while

ROSIER THAN EVER IS CROP PREDICTION

Edmonton, Aug. 15.—The Hon. Duncan Marshall, minister of agriculture, says that the crop reports from all parts of the province show that the prospects of the farmer this year are very bright. The growth of all kinds of crops have been wonderful, and provided the necessary amount of sunshine to ripen the crops is forthcoming, this will be a record year.

PAINLESS BULLET IS SUGGESTED

Washington, Aug. 15.—Alexander F. Humphrey of Pittsburgh is endeavoring to impress the war department with the desirability of equipping the United States army with his new sleep producing bullet.

According to the claims of the inventor, the Humphrey sedative bullet is coated with a preparation of morphine which renders it painless for a time after it has entered the body. Sweet, dreamless sleep is promised for the enemy who stops one of the new projectiles.

PLAN TO ORGANIZE LABOR OF IRON AND STEEL INDUSTRY

AMERICAN FEDERATION READY TO START CAMPAIGN TO BRING THE BIG OPEN SHOPS INTO THE UNION.

Washington, Aug. 14.—Plans to organize labor of iron and steel industry of United States are about to be launched by the American Federation of Labor. The campaign to bring the greatest "open shops" in the country into the union is about to begin with the holding of organization meetings simultaneously in every city and town having an iron or steel plant.

A circular announcing the

movement, issued at federation headquarters indicates that the movement will take consideration of the large foreign element in the industry. It says in part:

"You could render much assistance in this matter started in your interest, if, when writing to your friends and relatives across the water, you advise them it would be to their advantage if they did not come to America for a year or two."

MONTREAL'S TRAFFIC PROBLEM

The Montreal tramways are pressing the city for more lines to handle the increased traffic. The city has had an expert report on the transportation problem, but has not yet moved to give the company the new routes asked for.

Street paving operation are in progress in twenty-five street sections of Montreal, an indication of the character of the public works now carried out.

The Canadian Autobus Company will give the city of Montreal 100 shares per mile of circuit, or \$600,000 worth of stock altogether, for permission to run on the city streets. The company proposes to use fourteen routes, totalling sixty-two miles.

MIKADO WAS DEAD DAYS BEFORE ANNOUNCEMENT

Vancouver, Aug. 15.—That the Emperor of Japan died on July 13 and not on July 30 as was announced, is the word brought from the Orient by persons who had been closely in touch with court circles. Not only is there a custom in Japan to delay announcement of the demise of royalty but even under modern ideas there was some fear on the part of the ministers that any sudden announcement of the death of the emperor would throw the whole country in a state of panic.

BACHELOR'S APARTMENTS IN VANCOUVER

It is proposed to erect in Vancouver for bachelors a six storey, reinforced concrete, fireproof structure of the most modern design and equipment, containing bedrooms with a private bathroom attached to each, together with a hot and cold water basin, in addition there will be four shower baths on every floor. Downstairs accommodations will be provided for a grill room, billiard room, reading, smoking and lounging rooms, cigar and new stand and barber shop.

All rooms will be equipped with disappearing beds, which, if desired, when not in use, can be rolled out of sight into a self airing enclosure, thus leaving the entire space as a sitting room. These features, in addition to the style in which the rooms will be furnished, will leave nothing more to be desired in the way of comfort, convenience and artistic effect.

ALLAN S.S. CORSICAN LIMPS ACROSS OCEAN

Montreal, Aug. 16.—It is learned that the steamer Corsican is more seriously damaged than was at first announced. She will require a new stem. The vessel has again started on her voyage across the Atlantic, making 50 miles in five and a half hours. The Lake Champlain will keep in touch with her during the voyage.
