EXPORT OF LOGS IS NEGLIGIBLE QUANTITY

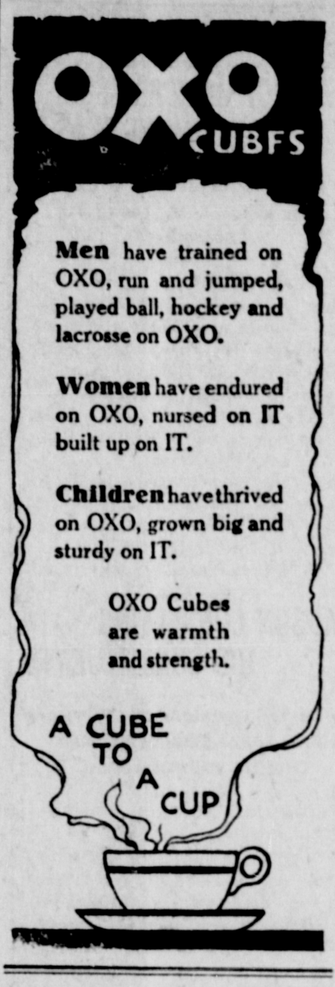
One Hundred Million Feet Went to Japan and Little More to States

VICTORIA, March 28. — Keen exception is being taken by Hon. T. D. Pattullo, minister of lands, to reports appearing in eastern newspapers with regard to timber exports in the raw from this province.

"A great deal of talk was heard during the last session of the Legislature," said the minister in an interview recently. "But if people only realized the situation they would not be misled by erroneous statements, which are often made by persons with some ulterior motive."

The minister points out that while 233,600,000 board feet of logs were exported from British Columbia last year, 100,000,000 feet went to Japan. The balance, 133,000,000 feet, went to the United States. Statements have been made that the importation of British Columbia logs have resulted in the building up of large industries in the United States. The truth is that the United States last year exported 100,000,000 feet of logs to Japan; so that there was only a balance of 33,000,000 feet of British Columbia timber left to be handled in mills across the line—so small a quantity as to be entirely negligible.

"The public should not take the alarmists' cries seriously," remarks the minister. "The province is moving along sane lines of conservation. Only a small percentage of unmanufactured timber is permitted to leave the country and as the result of present methods the industry is in a splendid condition."



HUNDREDS ARE SLOWLY POISONED

Neglect Causes Sick Headaches, Nausea, Bad Digestion, Weak Stomach and Nervous, Run-Down Condition.

Neglect of the liver results in self poisoning! Not as quickly, perhaps, but just as surely as if you drank poison out of a bottle. If the liver is not doing its work of helping digestion, eliminating waste from the bowels and purifying the blood, you will always be troubled with sick headaches, nausea, biliousness, gas, sour stomach and constipation.

Cleanse and tone your liver! Put your system in condition so you feel your very best again! Try just a spoonful of Dr. H. S. Thacher's excellent Liver & Blood Syrup after the next few meals and notice the quick improvement in the way you eat, sleep and feel—the return of strength, vigor and energy. You will be completely satisfied; otherwise, there will be no cost.

Dr. Thacher's Liver & Blood Syrup is sold and recommended by Ormes Ltd., Cor. 3rd Ave. & 6th St., Prince Rupert, B.C., and by leading druggists in each city and town.

BENT'S

MASTER ROBERT WAS WINNER OF STEEPLECHASE

(continued from page one)

1893, was remarkable, this horse making virtually the whole of the running, and winning in a canter by 40 lengths in what represented the record time for the present course until Ascetic's Silver knocked some seconds off it 13 years later.

The "National" has been twice won by the same horse in four instances. The animals to achieve the feats were Adb-el-Kader, the Lamb, the Colonel and Manifesto. Poethelyn can hardly be included, as one of his successes was recorded in a substitute race. Poethlyn was one of the several horses that succeeded in the Aintree steeplechase at the first time of asking, among others being Come Away, Lutteur III., Rubio, Ally Sloper, Troytown and Music Hall. Horses that have been previously placed in the race frequently win it sooner or later. The case of Cloister has been referred to. Why Not, Drumree, Kirkland, and Jerry M. are others of recent years that come into the category.

King Edward Won

Only once has a horse carrying the Royal livery won the "National," this being Ambush II., owned by the late King Edward and ridden by "Algy" Anthony. Manigesto is probably the most remarkable "Liverpool" horse on record. He first appeared in the Grand National in 1895, and finished fourth. The following year he came to grief—the only mistake he ever made at Aintree; in 1897 he won and when he next appeared two years later, scored again. Manifesto was third in 1900, 1902 and 1903 and made his last appearance in the race in the following year but was unplaced.

The biggest field for the "National" was that of two years ago, when Shaun Spadah disposed of 34 opponents. All but the winner met with some sort of a mishap during the contest, but three others were remounted and completed the course. The record in the matter of winner-riding is held by George Stevens, who finished first on five occasions. Tom Oliver rode in 19 Nationals, of which he won three and Arthur Nightingale and Tom Basley also won three times.
