1¼ cups sifted cake flour, 1¼ teaspoons double-acting baking powder, ½ teaspoon salt, 1 cup sugar, 2 eggs, beaten until thick and light, 1 tablespoon lemon juice, 5 tablespoons boiling water.

Sift flour once, measure, add baking powder and salt and sift together three times. Add sugar gradually to beaten eggs, beating well. Add lemon juice. Fold in flour, alternately with water, mixing quickly until smooth. Bake in two ungreased 8-inch layer pans in moderate oven (375 degrees F.) 20 minutes or until done. Remove from oven and invert pans 30 minutes or until cold.

Whip one cup cream; fold in ½ cup crumbled peanut brittle. Spread between layers and on top of cake. Sprinkle with additional crumbled brittle.

To crumble peanut brittle put through food choper or crush with rolling pin.

SOFTBALL STUFFING

Three Two is out on top temporarily in the Senior Softball League standing as a result of their victory over Acropolis Hill in Monday night's game. Grotto, which had a night off, is for the first time in second place but is confident that it will be back in the lead again at the first possible opportunity. Their victory over Lipsett's put the Moose into third place but the Antlered Herd are ambitious and will not be satisfied until they are out there on top.

The line-ups in Monday night's games were as follows:

Acropolis—D. Clark rf., E. Clark cf., Dan Magnet p., L. Gillis 2b., Bird 1b., O'Neill c., Tassey lf., H. Schaeffer ss., R. Schaeffer 3b.

Three Two—Beynon 3b., Antonelli lf., Irish ss., Dido Gurvich c., Mah 2b., Dominato 1b., Campbell rf., Parlett p

Moose—Dominato cf., Cameron 2b., Vance ss., J. Schroeder p., D. Stalker lf., Spear c, Pierce 1b., Franks 3b., Ratchford cf.

Lipsett's—Smith 3b., Scott 1b. Lindsay p., Lambie cf., Naylor ss., Husoy c., Veitch lf., Bremner rf., Johnson 2b.

If there is one team in the softball league we would like to take our hat off to it is those boys from Acropolis Hill. They have not won a game yet but they go in trying every time and one of these days they are going to click. The fans are going to be glad too for they are a popular bunch of youngsters. They are good sports and can take it. They deserve a hand.

The league standing to date:

	W.	L.	Pct.
Three Two	5	1	.833
Grotto	4	1	.800
Moose	3	3	.500
Lipsett's	2	3	.400
Acropolis	0	6	.000

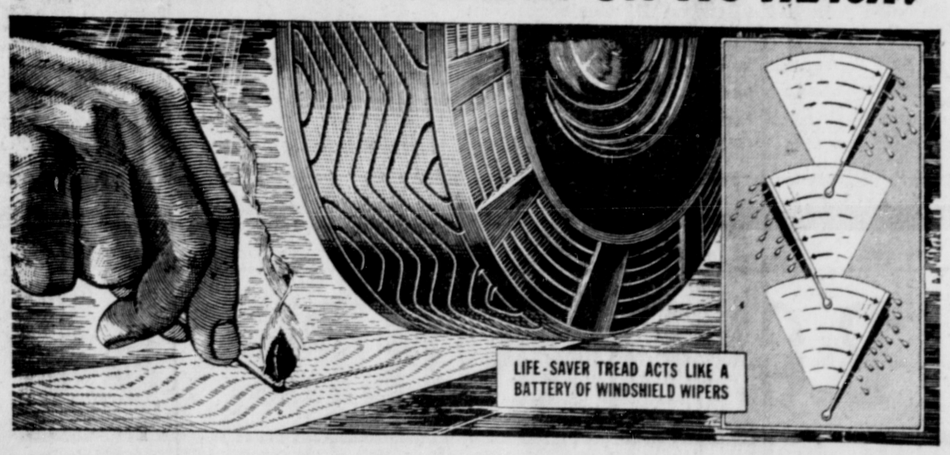
NEW KIND OF TIRE
SWEEPS WET ROADS SO DRY
YOU CAN LIGHT A MATCH ON ITS TRACK!



Read How This Road-Drying Sensation Gives You Quickest Non-Skid Stops On The Road!

SENSATIONAL? You bet! For here at last is a tire that *automatically* sweeps wet roads dry — so dry, in fact, that after a quick stop you can actually *light a match on its track*—convincing proof that the new Goodrich Safety Silvertown with its scientifically designed Life-Saver Tread will stop you *quicker, straighter* in wet weather driving emergencies than you've ever stopped before!

Turns "Skid Trap" Under Your Car Into Dry Track

And here's the secret of this tire's amazing road-drying ability: As the never-ending spiral bars of the Life-Saver Tread roll over a dangerous film of water, they act like a *rapid-fire* battery of windshield wipers—sweep the water right and left—force it out through the *deep* drainage grooves—make a DRY TRACK for the rubber to grip. The very first time you've experienced a SILVERTOWN STOP on a wet slippery pavement you'll realize that you have found a *new kind of protection.*

Only Silvertowns Give You Golden Ply Blow-out Protection

And as you speed over today's faster highways what a blessed relief to know that Silvertowns also give you that other great life-saving protection —the famous Golden Ply. By resisting internal tire heat, this *exclusive* Goodrich Golden Ply invention provides you with scientific protection against dangerous high-speed blow-outs.

NO EXTRA COST—But remember, to protect yourself against a possible skid or blow-out *tomorrow*, you must act *today*. For safety's sake come in and have your car equipped with *streamlined* Goodrich Safety Silvertowns. *There is no extra cost and they may save your life!*

BEST LAST YEAR — BEST THIS YEAR!
● In two series of non-skid tests the *regular* and premium-priced tires of the six largest tire manufacturers, including *new* tires which have just been introduced, were tested by the famous independent Pittsburgh Testing Laboratory. Here's their report.
"The new Goodrich Silvertown with the Life-Saver Tread gave greater skid resistance than any other tire tested, including not only the old established tires of these manufacturers—some listed up to 40% higher in price—but also the new tires which were recently tested under the same road conditions."
