The Assurance of Being Correctly Corseted

If you are one of that large class of women who require a firmer support than is given by the average corset, you should wear a *Nemo Wonderlift Corset.*

The secret of this scientifically-designed Corset lies in a band of patented semi-elastic webbing — the Wonderlift Bandlet—adjustable to your exact individual lines, yet cleverly concealed beneath the corset-skirt. The support this Bandlet gives to the muscles of the abdomen and the delicate organs within is truly wonderful! Like a dash of cold water on one's face the first thing in the morning, the firm uplifting support of a Nemo Wonderlift Corset makes you feel "fit for action" the moment you adjust it. In several models, 22-44, $7.00 to $11.00.

Snowy Bed Linen—
fragrantly clean

Clothes washed with Sunlight Soap are naturally cleansed, not chemically cleaned. The pure Sunlight lather goes through and through the clothes, loosening dirt and restoring each thread to a natural state of cleanliness.

HOW sweet and wholesome is that welcome sense of fragrance which comes from well washed linen. How refreshing it is to lie between clean sheets, to rest one's head on a snow-white pillow case; to breathe deeply in an atmosphere of purity; to feel and to know that the things around you are absolutely clean.

To bring about this refreshing sense in the mind of guest or family is a triumph well worth the attention of any housewife. It is best accomplished by using Sunlight Soap.

To get bed clothes snowy white it is not necessary to boil them or rub holes on the wash board. The sure power of Sunlight Soap itself extracts every trace of soil while the things are soaking. In the rinse it all comes away—all the dirt and every particle of soapy matter, leaving not gray-whiteness, not yellow-whiteness, but snowy white purity and cleanliness.
