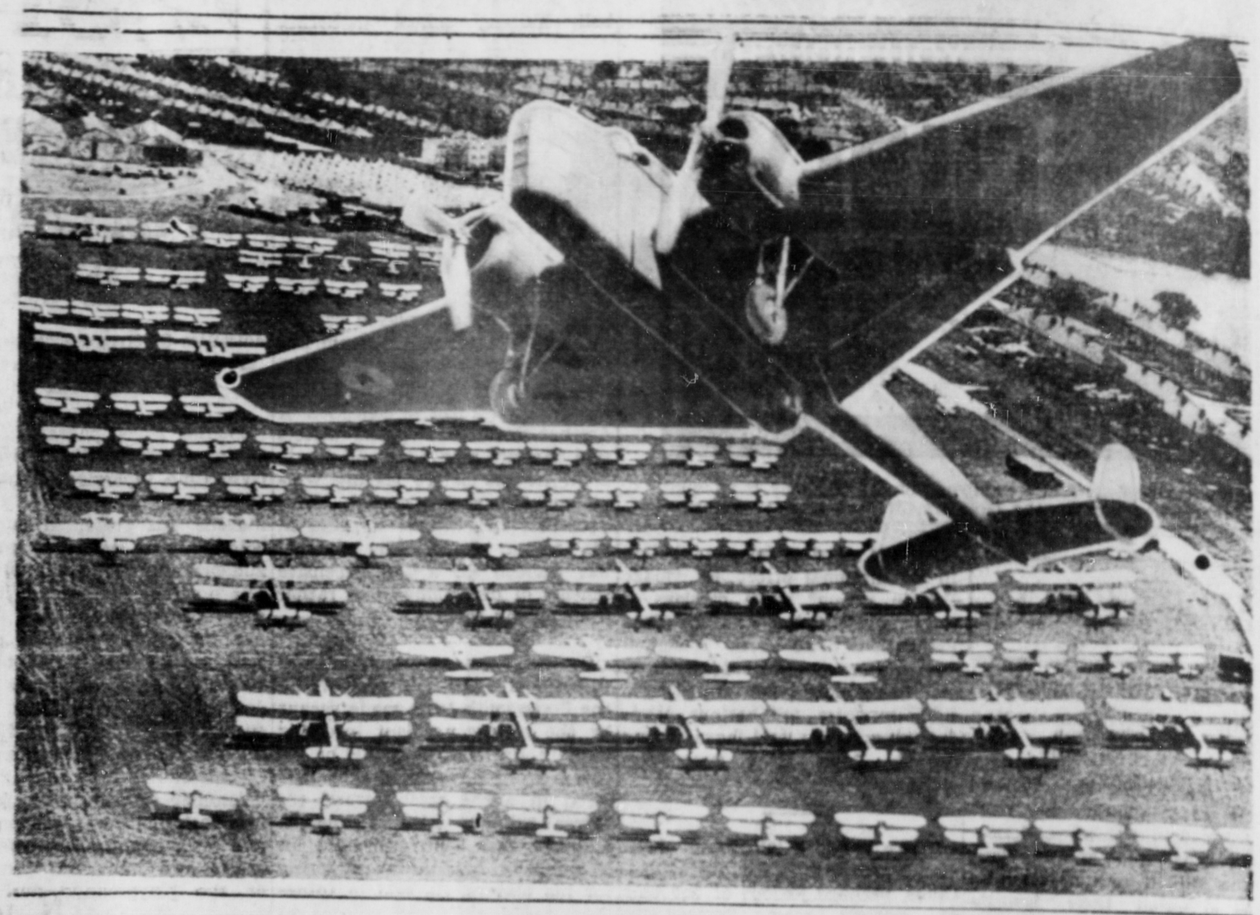
BRITAIN GATHERS HER HUGE AIR FORCE AT HENDON FOR REVIEW



This air view shows some of the hundreds of aeroplanes assembled at Hendon in readiness for the Royal Air Force display. All types were represented, many having been flown in from distant parts of the "tight little isle." England's ever-increasing air force ranks as an important factor in all discussions of martial strength in Europe. Inset above is an unusual "shot" of the new Handley Page bomber, built for the R.A.F. It is said to be the world's speediest bomber and is protected against small-calibre gun fire.

Rev. J. H. Myrwang, new pastor of St. Paul's Lutheran Church from Baltic, North Dakota, and Mrs. Myrwang and family arrived in the city from the south on the Princess Louis this morning.

Inaugurating the company's schedule of fall sailings to Alaska on a ten day basis, C. P. R. steamer Princess Louis, Capt. S. K. Gray, arrived in port at 8 o'clock this morning from Vancouver and sailed at 10 a.m. for Skagway and other northern points. She had a list of 119 passengers of whom 50 were round trippers. Eleven disembarked here and about a dozen went aboard.

STEAL JAIL SPUDS

HALIFAX, Sept. 1: (CP)— City prison authorities thought their only troubles were within the prison walls until potatoes began to disappear from outside gardens. Thefts of the vegetables reached such a stage that a special guard had to be mounted over the prison's garden.

ON WAY TO UNUK RIVER

Mining Development Outfit Arrives At Burroughs Bay After First Stage of Trip

The mining development outfit for the Unuk Gold property up the Unuk River with which Thomas S. Mackay left here on Sunday arrived at Burroughs Bay in Behm Canal back of Ketchikan Wednesday. From there it will be taken into Mackay Lake by a Ginger Coote Airways plane which is coming north from Vancouver for the job. Packhorses will be used to complete the transportation from Mackay Lake, a distance of three and a half miles, up to the property. The outfit which left here by scow on Sunday for Burroughs Bay included three packhorses that will be taken in over the trail. Compressors and general supplies are being taken in. Capt. Paul Armour towed the scow from here to Ketchikan with the Cuprite. A Ketchikan tug took it on from there.

Camp buildings are to be erected and there will be a crew of ten men working on the property throughout the winter with Mr. Mackay in personal charge. The well known Sebakwe interests are identified with the venture.
