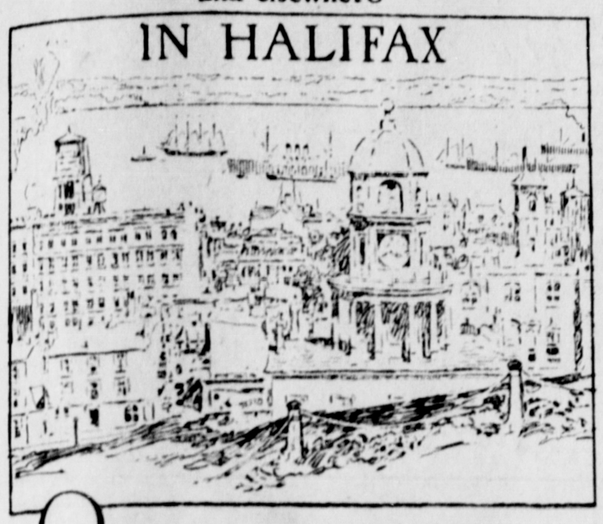
of the series dealing with the establishment of the BANK OF MONTREAL at representative points in CANADA and elsewhere

IN HALIFAX



ONE of the first forward moves of the Bank of Montreal after Confederation, when banks and banking passed under the jurisdiction of the Federal Parliament, was to extend its facilities and stabilizing influence to the Maritime Provinces. The first branch at Halifax was established in 1868. With this extension the Bank marked its 50th anniversary.

Today the Bank has 15 Branches in Nova Scotia and a total of more than 550 Branches throughout Canada and Newfoundland, as well as Branches in the leading financial centres of the world.
