Interest Centres on International Fisheries Commission Session—Important Changes in Regulations Proposed —Still Awaiting Run of Herring

Attention of local fishing interests will centre next week on the visit of the International Fisheries Commission which is due to arrive on Tuesday to confer with representatives of boat owners and fishermen in regard to regulations governing the 1941 season. Commissioners expected here to consider the suggestions of vessel owners and fishermen are L. W. Patmore K. C. of Victoria, chairman, A. J. Whitmore of Ottawa, Edward W. Allen of Seattle and Charles E. Jackson of Washington D.C. Accompanied by members of the scientific staff of the Commission, the board, during a tour of the coast, is to hold similar sessions at Seattle, Vancouver, Ketchikan, Petersburg and Juneau. It has been officially announced that it is proposed to give the International Fisheries Commission additional control over landings from the north Pacific halibut industry. A proposed new treaty between Canada and the United States is intended to enable the commissioners to give force to the present voluntary control system. The effect would be to spread the catch over a longer season and to extend control to classes of vessels now uncontrolled.

The run of herring in Prince Rupert Harbor or hereabouts in sufficient numbers to permit of seining is being awaited and should soon be developing. The Port Edward and Tucks Inlet reduction plants are all ready to start processing the fish and the Prince Rupert cannery on the ocean dock will soon have finished preparations to can the fish.

W. E. Walker, manager of Arrandale cannery on the Naas River, arrived in the city on the Princess Adelaide yesterday afternoon from Vancouver, being here on cannery business.

The local seinboat and packer Fredelia III., Capt. Arne Husoy, which has been engaged in packing salmon into New Westminster, returned to port from the south yesterday afternoon. Recently Lief Husoy, who was part owner of the Fredelia III. with his brother, collapsed while the vessel was unloading fish at New Westminster, dying soon thereafter in hospital.

Northland Transportation Co.'s steamer North Sea, Capt. A. W. Nickerson, is due in port this afternoon or evening from Ketchikan with fish for transshipment East over Canadian National Railways. After discharging, the North Sea will continue her voyage to Seattle.

Tonight's train, due from the East at 11 o'clock, was reported this morning to be one hour late which would bring it in at 12 midnight.
