Here's Quick Relief from
SINUS PAIN
3-Purpose Medicine Helps Clear Out Congested Sinus Areas
ONE best way to get relief from torturing sinus pain is to clear congestion from nasal passages and give sinuses a chance to drain. A few drops of Vicks Va-tro-nol in each nostril is usually enough to bring this comforting relief.
3-PURPOSE MEDICINE
Va-tro-nol is so successful because it does three important things: (1) shrinks swollen membranes of the nose; (2) helps clear out pain-causing congestion and (3) soothes irritation. Many sinus sufferers say it's best relief they've found. Try it!
VICKS VA-TRO-NOL

L. Karsen and J. E. Usborne were among those leaving the city last night for Vancouver.

G. G. Erskine of Winnipeg, superintendent of boarding cars for the Canadian National Railways, arrived here last Saturday on an inspection trip. Mr. Erskine left last night to return to Winnipeg.

Lucy Nyce, Indian, was fined $15 in city police court yesterday morning on a charge of intoxication. James Charlebois and William Mahar were each fined $25 in default to time served for a similar offence.

APPEALING TO MINERS

Federal Minister of Labor Endeavours to Speed Coal Production

OTTAWA, Nov. 24—The federal minister of labor, Hon. Humphrey Mitchell, in collaboration with the four western provincial governments, the mine operators and the representatives of the miners, is appealing to the mayors of western Canada and to all employers situated between the head of the lakes and Vanouver, regardless of the essentiality of their industries to canvass their employees and see if there are any skilled coal miners among them.

Due to the growth of war industries and the air force and army camps, the demand for coal has increased tremendously and mines which were previously operated on a seasonal basis are now forced to work twelve months a year. This has created a severe shortage of skilled miners. The mayors and employers are asked to grant leave of absence from their jobs with protection of their seniority and pension rights to ex-coal miners now in their emlpoy and the government will pay transportation costs to the job and return fare after thirty days' work to skilled men willing to return to the mines for this national emergency.

Wages will be those negotiated by employees organizations and approved by the National War Labor Board for the various fields.

Volunteers are asked to contact the nearest employment and selective service office or regional superintendent, National Selective Service in Winnipeg or Vancouver. Ex-miners are urgently requested to co-operate by accepting this work in order to increase production and to prevent civilian hardship, a retardment of the military training plan and a general slowdown in the war effort.

Mr. Mitchell points out that the situation can be met on a voluntary basis if all citizens of western Canada will co-operate and mine operators, union officials and employees will all join together to speed up coal production. "As you are doubtless aware," says Mr. Mitchell, "the coal situation is exceedingly grave and I hope that I may have your full support in persuading skilled miners to return to the coal fields."
