Bonds Best For You . . .

Giving up money is giving up the ability to buy things we want, and many of us don't like it.

But the time is coming, after the war, when peacetime production is again in full swing, when the goods we want will be available, when prices will be lower.

That will be a fine time to buy. Will you have the money then? You will—if you practice self-denial now, invest your money in Victory Bonds, and help to win this war.

Like bread cast upon the water, the money you save now will come back to you with interest added at a time when you can spend it with a clear conscience, knowing that you helped defeat the Axis. Further, you will need the money more then than you do today.

Buying Victory Bonds is no sacrifice. It is doing no one a favor more than yourself. It is just good business.

By buying Victory Bonds you help win the war, you get your money back, you get good interest.

If you don't buy Victory Bonds you will have to pay more taxes. Taxes pay for the war but they do not come back and they do not pay interest.

Which do you choose—Victory Bonds or taxes? The easy way or the hard way?

ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT, Hostess

The other day I was reading an anthology of English verse and came across the following poem which I hereby dedicate, with heartfelt solemnity, to all worn and weary war services hostesses throughout the length and breadth of this continent. The two middle verses made me weep tears of genuine self pity. The poem is by Matthew Arnold whose father was the famous Dr. Arnold of Tom Brown of Rugby fame.

REQUIESCAT

Strew on her roses, roses,
And never a spray of yew!
In quiet she reposes;
Ah, would that I did too.

Her mirth the world required;
She bathed it in smiles of glee.
But her heart was tired, tired,
And now they let her be.

Her life was turning, turning,
In mazes of heat and sound,
But for peace her heart was yearning,
And now peace laps her round.

Her cabin'd, ample spirit,
It flutter'd and fail'd for breath.
Tonight it doth inherit
The vasty hall of death.

The Y's wives turned out well to their fortnightly whist drive at the YWCA lounge on Tuesday afternoon. It was decided to start the cards at 2:30 sharp and not wait until 3 p.m. as that left refreshments too late for those who wished to get home for a five o'clock supper. The prize winners this week were: first, Mrs. Roy Tritschler, R.C.O.C.; second, Mrs. E. W. Eddy, R.C.O.C.; consolation, Mrs. B. Peterson, 102nd. Auxiliary.

We saw an epic in cinema craft last night at the Y called "Marrying Widows," vintage about 1930 and in the pre-Hays censorship era. Although we laughed in all the wrong places it held our interest.

SAV-MORS IN LEAD

Sav-Mors stand alone at the top of the league after taking three games from Watt & Nickerson in the Men's Five Pin Bowling League. Burns, tied with Sav-Mors last week, dropped two games to the up and coming Air Force squad, who are now in third place. Neck and neck with the R.C.A.F. are the Monarchs, who took two games from the C.Y.A. bowlers.

The Dry Dock All Stars added three more games to their wins when their opponents, Boom Defense, failed to show up. Dry Dock Painters slipped enough to lose all three to a renovated Stones Clothiers team. Re-enforced by C. Peterson, who returns to bowling after a long layoff, the Ordnance Corps five took two games from the Signals.

High aggregate scorer was E. Dorn of the Burns quintette with a nice total of 833. No spectacular singles were rolled, there being only one score over the 300 mark.

VICTORY LOAN DRIVE

Editor, Daily News:

I notice in several parts of the United States that local beauties are employed in selling War Bonds and, to encourage purchasers, each buyer of a bond is rewarded by a kiss. As Prince Rupert is full of pretty girls why don't the Victory Bond authorities enlist the services of a swarm of girls. As each eye forms its own beauty, they will each be pretty to someone and reward the purchaser with a kiss. I know it would be a dreadful ordeal for the girls to kiss or let themselves be kissed by some of the blokes I see in town—myself for instance—but, as it is to boost the sale of bonds and help win the war, I think the girls would be brave enough to face and survive the ordeal. They could close their eyes (they generally do) and imagine it is someone nice and handsome.

Total to End of Second Day in Prince Rupert Gets Up to $154,000 Aggregate

Up to the end of the second day of the Third Victory Loan campaign yesterday the total applications for Prince Rupert had reached $154,500—a percentage of 28—which is considered quite satisfactory progress toward the $530,000 objective. Yesterday's applications included some fairly substantial subscriptions but there are many more of these to come. Taken on the whole, the response is considered gratifying enough although the necessity of it being sustained is recognized.

The following list of individual subscriptions is authorized for publication:

What is history writing about you? History is recording the valiant deeds of our fighting men. Will history reveal that those at home backed them to the limit of their resources? Or will history say we let our boys carry the load alone? Buy Victory Bonds.

Hitler and Hirohito have Great Plans for Canada

• Yes, all Canada's great resources . . . her wheat fields, her forests, her factories . . . could be put to wonderful use by the ruthless bully-boys from Germany, by the polite little savages from Japan.

And Canada's boundless acres would provide plenty of living room . . . for the Germans and the Japs.

But what of the Canadians? The answer is simple when you think what happened and is still happening to the Poles, the Greeks, the Yugo-Slavs—and all the others . . . in terms of slow starvation, slave labor, mass executions.

Every time a hard-working Canadian man or woman buys a Victory Bond, the plans of Hitler and Hirohito receive a set-back. The more you save and lend . . . the more certain you help make it that our enemies shall never put their greedy claws on Canada.

Responsibilities GO WITH RIGHTS

▲ In no other country in the world do citizens enjoy more wholly the privileges and rights of free democracy than do we in Canada.

But the very nature of democracy that creates those rights, creates the responsibility of maintaining them.

HUNDREDS of thousands of young Canadians have decided that Canada is worth fighting for. We other hundreds of thousands at home MUST decide that Canada is worth WORKING for—SAVING for—LENDING for.

Nothing matters now but Victory
