K-L-I-M

Spell it Backwards

M-I-L-K

What is KLIM?

Briefly it is milk in powdered form representing 86 per cent of the solids of milk with the 14 per cent moisture taken from it.

Why has the sale of KLIM been confined to one store in Prince Rupert?

Because KLIM is a highly perishable product and the manufacturers, by regulating the sale through one appointed agent, eliminate the danger of old stock being sold.

CHURCH BAZAAR AT SMITHERS SUCCESS

Sum of $135 Raised by Ladies of Union Church

SMITHERS, Nov. 24.—The Women's Auxiliary of the Union Church held their annual bazaar in the church on last Thursday afternoon. While the weather was not all that could be desired for an affair of this kind there was a very good attendance and the ladies are well pleased with their efforts which netted them about $135.00.

The ladies having charge of the various booths were: Mrs. W. F. Boyer and Mrs. G. Raymond at the fancy work stall: Mrs. Geo. Carruthers and Mrs. B. Robinson at the home cooking and candy booth: Mrs. C. L. Dimock and Mrs. J. Graham at the fish pond, and the tea room was in charge of Mrs. W. McAdam, Mrs. P. Chapman and Mrs. G. Smith.

WASTED TIME

"How is it that Betty and Jack have given up golf? It was their constant occupation last summer.

"Well, you see, since they have become quite confidential and found out that they played only because each thought the other liked it."

TIME For Sale

Time is the measure of life.

That's what our salesmen offer you.

They are selling a real service, giving you time for more important duties than washing.

WATER NOTICE

(Diversion and Use)

TAKE NOTICE that Andrew Sostad, Agent for Engineer Gold Mines Ltd., Inc., whose address is 848-120 Broadway, New York, N.Y., will apply for a licence to take and use 30 cubic feet per second of water out the Wamn River, which flows Westerly and drains into Taku Arm about two and a half miles south of Engineer Mine. The water will be diverted from the stream at a point about one mile upstream from Taku Arm, and will be used for power purpose upon the "Engineer Mine," described as Eleven Crown-granted Mineral Claims, surveyed as Lots Nos. 19, 20, 106, 207, 209, 918, 967; 968; 970; 972, and 1264 Group 1, Cassiar District. This notice was posted on the ground on the 25th day of June, 1924. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Atlin, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is October 20th 1924.

ENGINEER GOLD MINES, LIMITED, INC., Applicant.

VERSATILE CHILD

"Good gracious!" said the visiting bachelor, "does you baby always cry that way?"

"Oh, dear, no!" responded the host. "He has quite an extensive repertoire. This is only one of his lighter performances; he reserves his heavy work for 2 a.m."

THE PLACE FOR HIM

Two sweethearts from Aberdeen were rambling round, when they came to a movie.

The young man ran his eye over the front of the building. It rested on this title in large letters: "The Woman Pays."

"Jean,' he said. "I think we'll gang in here."

SPECIAL SALVATION ARMY SERVICES ARE HELD AT WEEK-END

The Salvation Army meetings on Saturday and Sunday were conducted by Col. and Mrs. Knott and party from Winnipeg. The colonel is the second in command of the Salvation Army in Western Canada and Alaska.

Included in the party visiting the city are also Lieut. Col. Philips, Brigadier Sims, Adjutant Merritt and Capt. Dorin.

Col. Knott preached on Sunday morning in the Presbyterian Church and Col. Phillips in the Methodist Church, while Mrs. Knott conducted the morning service at the Salvation Army hall. In the afternoon, Col. Knott gave a lecture on "The Holy Land after the War."

At night the building was filled for the service in which Col. Knott spoke on Christ's words: "I am the Way, the Truth, the Life."

The party leaves for the east on the Canadian National train this afternoon after inspecting the work and properties today.

CLOSE CHICKEN HALIBUT GROUNDS IS REQUEST

Petition Signed by Petersburg Fishermen Deals With Herring Bait

PETERSBURG, Nov. 24. — A committee consisting of Andrew Johnson of the Sherman, Sverre Johansen of the Brothers, Andrew Gjerde of the Happy, Louis Wick of the Castle and Antone Noriede of the Odin, drafted the following resolutions, which were adopted and forwarded to Henry O'Malley, commissioner of fisheries, by the city council, Commercial Club and Petersburg Men's Club:

"We are satisfied with the present closed season for halibut and we advise the closing of the chicken halibut grounds. The restrictions on herring as proposed in Juneau will practically close the halibut industry and we advise no restrictions on bait herring for halibut.

"It is a fact that one fertilizer plant does catch more herring in three months, namely, June, July and August, than are used during the entire year for halibut bait. We recommend that for the conservation of herring, fertilizer plants be made to conserve for food 50 per cent of the entire catch. At present most of these plants are putting up herring for oil and meal only and a few others do not conserve for food more than from 1 to 5 per cent of their catch.

"As an example of the present restrictions affecting herring bait, the halibut fleet of at least 50 boats was compelled to miss one trip the latter part of September this year because herring seiners were not allowed to seine inside closed salmon areas."

Those who are always bemoaning the badness of the world should remember that it might be twice as bad and possibly would be if the moaners were in charge.

FATHER KASHEVAROFF URGES MUSEUM HERE

Says it Could be Easily Started by Group of Interested Persons

"Prince Rupert is ideally located for making a museum collection" declared Father Kashevarmuseum and library at Juneau, to the Daily News today. He says that in Alaska they started in a modest way and it was surprising how the articles came in from various sources. He thinks the same would be the case here if it was commenced and a few interested people took hold of it. He strongly urges that this is the time to make a beginning.

ENFORCING LAW IN NAAS RIVER DISTRICT

AIYANSH, Nov. 24.—Dominion Constable G. Newnham, paid an unexpected visit to the district recently as a result of which a petty sessions court was held in the village for the greater part of the week, presided over by Rev. Oliver Thorne, stipendiary magistrate. A number of cases of infraction of the Indian Act were dealt with and three cases of white men trespassing on the Indian reserve.

After a general tour on horseback of the up-river reserves Constable Newnham left for Greenville by canoe.

HAD BIG CATCH ON LAST TRIP SOUTH

New England Took 100,000 Lbs. of Halibut and 15,000 of Cod

On her final trip south for the season the fishing steamer New England took her catch south to Vancouver. She had 100,000 lbs. of halibut and 15,000 lbs. of cod and she also towed south the schooner, Prospector belonging to the same company to have a deisel engine installed in her in readiness for next season's fishing.

The New England has been in charge of Captain M. B. Scott and has had a very satisfactory season, landing a total of 1,250,000 pounds of fish, mostly halibut, nearly all of which has been discharged at the Ketchikan branch of the company.

The ship is specially designed to go long distances and has fished the Cook Inlet grounds under special permit, and has even made trips to the Trinity Islands, more than 850 miles from Ketchikan, besides the Portlock and Albatross bank fishing grounds, about 600 miles away.

The New England is the pioneer steam fishing vessel of the Pacific coast and has been fishing almost continuously since 1898. She is one of a very few now operating on company lay, this type of vessel having been supplanted to a great degree by the independent schooner. She carries a crew of eleven men and eighteen to twenty-two fishermen.
