Steps Toward Victory...

We record two important events today—the arrival of Prime Minister Churchill in United States for another visit and the ratification by the Supreme Soviet of the treaties with Great Britain and the United States. As important as the events themselves is the new spirit of confidence and the unquestioned assumption of victory associating itself with the events. The question no longer seems to be can we win but how long will it take to achieve the victory. The events themselves are, of course, important steps towards the speeding of the victory. The United Nations are now rapidly organizing themselves for the initiative and the offensive. The trip of Churchill and the meeting of the Supreme Soviet are among the finishing touches to big things toward winning the war which we may anticipate will soon be forthcoming.

An important visitor today is the President of the Canadian Chamber of Commerce and the Chairman of the Board of Grain Commissioners. We trust that Mr. McKenzie's visit will be mutually beneficial. He finds Prince Rupert recognized as a key port on the Pacific in a measure that it has not been recognized before.

UNSANITARY CONDITIONS

Editor, Daily News:

May we call attention to the regrettable lack of even simple sanitation at the construction camp on Acropolis Hill.

The men living in these camps have not even access to water for washing, except that of the creek passing through this area, which is used for sewage purposes at a point upstream from the location of this camp. Drinking water has to be carried a considerable distance in buckets. No hot water is available except from the washhouse of the Army Barracks some 400 yards away and use of this is allowed only after 6:30 when there just isn't any.

It is the opinion of this organization that such a condition is absolutely a menace to the health, not only of those employed on this work in particular but to the health of Prince Rupert in general and, therefore, will definitely retard this phase of our war effort which should be our first consideration. Men are badly needed, and their fullest efforts must be encouraged but this can not be expected under such deplorable conditions.

Attention has already been called to the unsanitary condition of the creek running through Cow Bay.

Surely, Mr. Editor, these conditions should be corrected, particularly in view of the fact that our population is increasing daily, and therefore, the possibility of epidemics will increase. The danger becomes all the greater while the conditions referred to exist.

Thanking you, Mr. Editor, for the space given this letter.

George H. Mayer,
Secretary, Prince Rupert
C.C.F. Club.

FIRST GLIDER

The glider was first successfully flown in 1810.

SAVE ALL EMPTY BOTTLES

Empty Bottles are needed, along with scores of other articles normally discarded in peace time. Your local Salvage Corps will collect them, sell them, and use the proceeds for patriotic purposes.

So—put all discarded articles, including empty bottles, to one side and have them picked up by your local Salvage Corps. Make sure nothing is wasted.

GAME WAS SCORELESS

Replay To Be Necessary in Dominion Day Cup Football

Last evening, Signals and Fusiliers met in the first round of the Dominion Day trophy at Acropolis Hill. Signals winning the toss, elected to play up-hill in the first half. From the kick off it was evident that both teams were well matched. Fusiliers forward line played some pretty football especiallly on the left wing which was ever a threat to the dots and dashers but, in the Signals halfback line, they were up against probably the strongest line in the district. Some pretty duels were the result. Play was from end to end, with the Fusiliers having the edge on play territoriatly. Lynch came close on a couple of occasions and Lawford had to move smartly to clear his lines. At the other end McNaught and Johnson had tries but Waugh was on his toes and saved at the expense of a corner. The half ended with the score tied at no count. The second half was the first one over again with the Signals having the edge—but the Fusiliers forward line was ever dangerous on breakaways Norrie and Lister playing some very pdetty football. At the other end the Fusiliers goal escaped by the proverbial hairs breadth an the whole Signals forward line had a try in a scrimmage but, every time one of them shot, a Fusilier got in the way and blocked the effort. The half again ended scoreless and ten minutes overtime was played but neither team was able to break down the other's defence with the result that a re-play will take place before the opponents of Area Headquarters can be decided. This game will have to be played before Thursday of next week.

Teams

Signals—Lawford; Randall and Wallace; Baker, Smith and Yelland; Brock, Martinique, Johnson, Hilder and McNaught. Subs. Demers and Patrick.

Fusiliers— Waugh; Harris and Bowles; Theilade, Mintern and Farquar; Norrie, Lister, Cerruti, Lynch and Bonnar. Subs., Spooner and Burdy.

Line Man—Hart and Richardson.

Referee—Woodside.

On Tuesdavy evening, Air oFrce and Midlands met and the Air Force ran out winners to meet Navy in the semi-final next Tuesday. Goals were scored for the Fliers by Cousins and Fowler without any reply by the Midlands. A protest was entered by Midlands claiming that Air Force used Army men but this was disregarded.

Mrs. J. A. Brown sailed last night for a trip to Vancouver.

Capt. E. Parsonage, who has been in the city for the past few weeks, returned last night to Victoria.
