Small House in Middle of Village Is Destroyed

TERRACE, Feb. 5 — On Sunday afternoon fire destroyed a small house belonging to an Indian who resides at Metlakatla. The shack had been built in the early days of Terrace Village and had been occupied for the past few weeks by Henry Grenier. Mr. Grenier lost most of his possessions in the fire.

The house was situated right in the centre of the village and, with its relics of a garden and dilapaditated fencing, had become anything but an ornament. No one was hurt.

Estimates Of City Schools

Are Again Before Board — Must Be Completed for Council by Next Week

The board of school trustees is still wrestling with the estimates for the year which are to be ready for presentation to the city council next week. Not including salaries and repairs, the school expenditures last year were $5,709.62 for fuel, $3,560.50 for supplies and $6,190.90 on principal and $7,304 on interest of debt, the total being $23,506.12. This year it is expected that the fuel cost will be about one-third higher than last year owing largely to the conversion from oil to fuel in the heating systems.

The estimates will be coming up again next week by which time committees are expected to be able to report finally on salaries and repair needs for the coming year.

Figuring of additional school costs for the coming year owing to increased school population, the volume of which is uncertain, is making it difficult for the board to make its estimates this year.

RESUMING OF STRIKE

Clarence Gillis, C. C. F. Member For Cape Breton, Warns Parliament.

OTTAWA, Feb. 5 (CP) — Clarence Gillis, C. C. F. member for Cape Breton South, warned the House of Commons last night that the recent steel strike would be precipitated again if demands of the steel workers were not met. He said that the men had resumed work after the strike last month which rendered 13,000 men idle in eastern steel plants on the condition that, "if their demands were not met within thirty days, they would resume the strike."
