MALE FROG IS MADE FEMALE

Scientists of Europe Flock to East Prussia to Study Prof. Harms' Methods

KOENIGSBERG, East Prussia, Feb. 19.—Roosters may some day be transformed into hens and thus help increase the egg supply if promises of scientists are fulfilled. The promises are held out after several years of experiments with bugs, rats, guinea pigs and frogs.

The trick of developing a regulation, sure-enough female toad from a youngster who started out in the world as a male has actually been accomplished, it was announced here, and further experiments are being carried on with the view of bringing about perfection in these newest of freaks of nature. The discovery announced by Professor Harms, of Koenigsberg, has attracted much attention in the scientific world, particularly among other experimenters who have been working for years on this particular sex problem.

Since Prof. Harms let the world know of his successes, with the humble toad, scientists from various parts of Europe have been flocking to his work room to hear the details of the transformation. The trick, it is said, is quite simple, after once nature's ways have been uncovered.

Cannot Outdo Nature

Other scientists, including Professor Steinach, of Vienna, who claims successes with gland operations on human beings, and Professors Hands and Schultz, have been experimenting along the same lines for years, principally with guinea pigs, rats and mice, and while they nearly reached their goal on several occasions, Old Dame Nature refused to be outdone by up-to-date scientists and held onto her secrets of the ages. Other scientists, spurred on by Prof. Harms, discovery, have started anew their experiments with roosters.

COULDN'T SLEEP HEART WAS BAD NERVES A WRECK

Mr. H. A. Reid, Upper Musquodoboit, N.S., writes:—"I am very thankful for the benefit I have received by using Milburn's Heart and Nerve Pills.

When I came home from overseas, in 1920, my heart was very badly affected by concussion, and my nerves were a dreadful wreck. I was very short winded, and could not possibly sleep at night, in fact, I was in such a condition I felt as if I did not wish anyone to speak to me. I thought I would try Milburn's Heart and Nerve Pills, and before I had taken two boxes I could enjoy a good night's rest as well as anyone.

There are lots of returned men who are suffering the same as I did, and I feel sure that if they would only try Milburn's Heart and Nerve Pills they will receive the same relief that I have."

Price 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Tenders are invited for the annual overhaul of the C.G.S. "Malaspina" and "Givenchy." Copies of specifications can be obtained on application to the undersigned or to the Fisheries Office at New Westminster or Prince Rupert.

Both boats will be available for inspection at Vancouver the 19th of February, 1924.

Immediately its superior flavor and purity won for it a great popularity that has been growing ever since. It is still a little different and a little better than ordinary tea.

LATOURNEUS TO CARRY CANADIAN NATIONAL COLORS IN DOG RACE

QUEBEC, Feb. 19.—It is a far cry from the Klondike trail of '98 to the trail of the Eastern International Dog Sled Derby from Quebec to the Plains of Abraham and return, which is where Charles Eugene Latourneus latest stamping ground where he is working out his five dog team for the Derby to be run the last three days of this week.

Latourneus will carry the colors of the Canadian National Railway in the race which covers the forty mile course three days in succession, the team with the least time for the 120 miles winning a gold cup and one thousand dollars in cash. The course is so laid out that it will call forth the best qualities in the animals and drivers.

Seventeen teams will start the largest entry list in any dog Derby ever run in Canada. There are teams from as far west as The Pas and the gold mining town of Timmins in Northern Ontario. The teams comprise from five to seven dogs with Canada's most famous drivers in charge.

In the Montreal winter carnival dog derby ten years ago Latourneus won second prize with a three dog team against a large entry of five dog teams.

PRINCE GEORGE

Prince George school estimates for the year total $23,932, an increase of $1,200 over last year. The city council has to provide $17,430 of the total.

Log scalings in Prince George district for the month of January exceeded any month in the history of the district. All told the scale for the month was 8,084,757 as against a scale of 2,576,126 board feet for the corresponding month in 1923.

Cyril Harridan and Miss Ada Ingham were married here last week by Rev. W. C. North.

Mr. and Mrs. Frank McArthur, who have been residents of Prince George and vicinity for fourteen years, have left for Vancouver where they propose to locate.

Sheriff Peters of Prince George has been notified of his appointment as a member of the council of the B.C. Historical Society.

Several tie contractors in the district have been caught with much of the winter's tie cut still in the bush. The state of the roads owing to the early advent of warm weather opens a serious problem for many of the contractors. More snow is wanted.

Mr. and Mrs. J. N. Miller of Mud River are going East on an extended business and holiday trip.
