SECURITY OF INFORMATION

Quiz at Rotary Club Yesterday Followed by Salutory Talks by Officers

In their enthusiasm to display up-to-date knowledge of local matters members of the Prince Rupert Rotary Club, answering questions at yesterday's luncheon, were led unwittingly into discussing matters of military importance in regard to defence and port installations and were then good-naturedly chided by army and navy officers who spoke of the importance of security of information in wartime.

The quiz was conducted by D. Mcn. Lowe and started off with innocent enough questions, leading up to queries of military and defence character which it was later emphasized should not be bandied about.

Capt. Ralph Thistle, Canadian Army, one of the speakers, explained how easy it could be for enemy agents to pick up bits of information from which a complete picture might be drawn up. "Enemy agents are in our midst," declared Capt. Thistle, "and we should be very careful of what we say. Security of information is one of the most important parts of the war effort today. We keep on building ships and making material and then, through loose talk, we have them destroyed before they have a chance to be used against the enemy.. Few ships are sunk as a result of a blind shot in the dark. The enemy knows where they are by means of information. A small bit of information obtained in Prince Rupert, given out quite unintentionally, pieced together with other bits, might make a mighty big picture for the enemy as far away as the Atlantic."

Lieut. F. E. Gray R.C.N.V.R., spoke on the suppression of rumors spreading of which, in addition to being quite disconcerting to the people of the community, might be helpful to the enemy under certain circumstances. He asked his listeners to refrain from spreading war rumors but to inform security officers of such rumors.

President A. S. Nickerson occupied the chair at yesterday's luncheon.

SPORTS

For the first time in the long history of the Area Soccer League the Dominion Day Cup will not be competed for on July 1 but on the following day. This precedent setting action will be taken as a courtesy to the Acropolis Hill forces who wish to play baseball with the Prince Rupert All Stars on Saturday. Competitors for the cup will be Navy, undefeated this season, and Signals. The trophy was won by the Air Force last season.

The Area Soccer League has been marking time this week awaiting the outcome of the Dominion Day cup game. With the completion of this present knock-out series the first of three trophies and a shield to be awarded this year will be won.

CAMPS FOR SEA CADETS

Boys Looking Forward to Outings During Summer Weather

TORONTO, June 30—Coming of warm weather increases the anticipation of more than 10,000 Navy League, Royal Canadian Sea Cadets who are anxiously looking forward to their turn at a Sea Cadet camp. Most of the 12 camps provided by the Navy League and operated by the Royal Canadian Navy are now in operation and fully two-thirds of the total enrollment of 15,000 cadets will each have a two-week period when boat work and water sports will take first place in their training syllabus. The Prince Rupert Corps will be among those going to camp.

Latest property to be acquired for camp purposes is at Oak Point, on the St. John river, 25 miles from St. John, N.B. It has 12 acres and beautifully wooded with beaches that afford safe bathing. The river, here, is ideal for boating. Originally this property was chosen as a site for a summer recreation hotel that was to have been one of the most outstanding on the continent. Acquisition of the property by the Navy League of Canada at least for the duration is largely due to the generosity of the many shareholders in the original investment and to arrangements made by Elmer R. Ingraham, eastern zone chairman of sea cadets for the Navy League.

In recognition of his valuable contributions to the Navy League's sea cadet movement, the new camp will be known as the "Commodore Brock" so named after Commodore E. R. Brock, C.B.E., R.C.N.V.R., Commanding Officer Reserve Divisions.

Other sea cadet camps throughout Canada include St. Quentin Island, opposite Three Rivers, P.Q., on the St. Lawrence; Rotary Island, opposite Gananoque, Ont., also on the St. Lawrence; Kitchigami, near Goderich, on Lake Huron; Whytecliffe Park, near Vancouver, B.C.; Lake Eva, at Kawene, Ont., 125 miles west of Port Arthur; Shepley Island, near Saskatoon, on the Saskatchewan river; Camp Buchan at Point Prim, near Charlottetown, P.E.I.; Lake Chestermere, near Calgary, Alta.;; "Queen Elizabeth" on Beausoleil Island, Georgian Bay, Ont.; and "Princess Alice" on Minnicog Island, Georgian Bay, Ont. In addition, there will be a sea cadet camp at H.M.C.S. "Cornwallis" near Digby, N.S.

PURE WHITE CIGARETTE PAPERS

POLES MARK CASSINO

LONDON (AP)—The first stamps to commemorate an Allied victory in the present war are to be issued shortly by the Polish government in Great Britain. They will celebrate, by means of a superimposed inscription, the capture of Cassino.

CROYDON, Eng., (AP)—A 2,000-pound German bomb, sought for four years, has been located in a backyard here. It was dropped during the 1940 London blitz and contained enough explosive to wipe out the whole street.

MARKET RASEN, Eng. (AP)—Because ordinary pens have been stolen with such frequency at this Lincolnshire post office the authorities have adopted quill pens made from long goose feathers. The pen pilferers left the quills alone.

Sport Chat

Joe DiMaggio of the New York Yankees boomed his way into baseball's row of immortals three years ago by hitting safely in his 41st and 42nd consecutive games, setting a new modern major league record as the Yanks took both ends of a doubleheader from Washington.

Sub.-Lt. Johnny Loaring of the Canadian navy, former University of Western Ontario and Canadian Olympic Games track star, outdistanced Sydney Wooderson, noted British runner, in the first quarter of a relay race in London four years ago. Loaring was running for the Navy Marine team against combined London athletic clubs.

Bobby Pearce, Australian-born Hamilton, Ont., sculler, won an easy victory over Ted Brocklebank of Britain in a Diamond Sculls heat 13 years ago today. He went on to win the famed Henley prize on his first attempts and later turned professional. Pearce now is a Canadian naval officer.

DOMINION DAY HERE

Feature of Dominion Day observance in Prince Rupert will be an exhibition of aquatic sports in an inter-service regatta sponsored by H.M.C.S. Chatham.

The Sea Cadets will open the day's program with a whaler sailing race which will be followed by other sailing events.

The afternoon's program will feature an obstacle race in which participants must display skill and speed in running, rowing and sailing. All signs indicate that there will be keen competition in the rowing events and the Wrens' boat-pulling promises to be an event worth watching.

A "greasy pole" event will provide amusement for the spectators and drenched clothes for the participants.

There will be raft races, a tug-of-war and numerous other attractions. Money prizes are being awarded to winners of each event and cups have been donated for presentation to the sailing and rowing crew winners. These will be presented by Naval Officer-in-Charge, Prince Rupert, Commander C. M. Cree, R. C. N., in the evening.

A dance on the newly laid floor in the Naval Drill Hall to music supplied by the R.C.N. band of H.M.C.S. Chatham will provide the climax to the day's entertainment. A jitterbug contest will give those with energy saved from the day's activities a chance to expend that surplus.

Tea will be served in the Drill Hall in the afternoon.

CFPR 1240 Kilocycles SCHEDULE

FRIDAY
P.M.

your choice is an English Drape by BOND

There is not another fashion quite so smoothly smart as the English Drape by Bond. It's secret, of course, is in the cut. The jacket must be roomy enough to fit easily, but not so roomy as to be extreme. It must have an air of quiet nonchalance, but must never be out of place in any informal company. It must have style without being stylish, if you know what we mean—and we think you do.

Bond has developed the English Drape to the very maximum of good taste and is stressing it for immediate wear.

Husky tweeds, smooth worsteds, dressy serges—patterned or striped—in weights and colors for men and women, are ready at Bond, just waiting your selection, ready to be tailored to your measure in an English Drape or any other style you may fancy.
