HER CHILDERN HAD WHOOPING COUGH

This is one of the most dangerous diseases of children. It starts with fever and cough. The cough is at first short and sharp, but gradually increases in severity and occurs in sudden spasms, vomiting follows, and sometimes there is nose bleed; the child turns livid in the face, the eyes appear as if they would burst from their sockets, and suffocation seems imminent till relief is brought on by the "whoop."

Dr. Wood's Norway Pine Syrup will clear the bronchial tubes of the collected mucous and phlegm and in this way ease the racking cough, and in a short time make it disappear.

Mrs. L. Ambrose, Sarnia, Ont., writes:—"My little ones were both sick with whooping cough. I read where Dr. Wood's Norway Pine Syrup was good, and I only used two bottles and they were better. I had chronic bronchitis for three years and tried everything until, finally, I got 'Dr. Wood's'. I would not be without this remedy."

Price 35c a bottle; large family size 60c; put up only by The T. Milburn Co., Limited, Toronto, Ont.
