PRESENTATION MADE TO MRS. W. T. MUSE ON HER LEAVING RUPERT

Purse of Gold Given by Ladies' Aid and Congregation of Baptist Church

A presentation was made last night on behalf of the Ladies' Aid Society of the Baptist Church and members of the congregation of a purse of gold to Mrs. W. T. Muse, one of the charter members of the church. The presentation was made by Rev. E. G. Turner at a social given in honor of Mrs. Muse's departure at the Baptist Church parlors last night by the Ladies' Aid.

In the course of the evening songs were given by Miss C. Jones, Mrs. W. J. Laidley, Miss Derry and R. Jones, and a recitation by Mrs. Barton. Games were played and refreshments served, all the arrangements being in the hands of the president, Mrs. Morris.

MONEY WAS USED TO GOOD EFFECT FOR THE RIDLEY HOME COTTAGES

The management of the Ridley Home is anxious that the people shall know what is being done with the money raised at the annual bazaar. The proceeds of the last year's sale was used to fence the property, furnish one of the cottages, kalsomine the interior of one cottage, provide new beds and renovate the equipment.

This year the money is required to put the grounds in order, and make a playground for the children, kalsomine the interior of two cottages, pay taxes, insurance, renew equipment and if there is a surplus it will go toward the building of a central kitchen.

Lifebuoy keeps them safe

Kiddies will get dirty—and dirt is dangerous. Bruises and scratches require antiseptic cleansing.

But remember, Mothers, when chubby little bodies are rosy and clean after a soothing Lifebuoy bath, all danger is removed. The mild, pure lather of Lifebuoy contains an antiseptic health ingredient, which goes deep into every pore and purifies and protects.

The odour vanishes but the protection remains.

FILL UP THE COUNTRY URGES ONE MEMBER OF PARLIAMENT, OTTAWA

Man Who is Not Success at Farming he Thinks Might Enter Parliament

OTTAWA, May 6.—In urging that the doors of Canada be thrown wide open to the immigrants from Europe and populate this country as rapidly as possible without restriction, S. W. Jacobs, Montreal, propounded some novel ideas in the House on Thursday and uttered some characteristic witticisms. A fair sample is contained in his concluding sentences. "My theory is to allow the people to go wherever they want to go. If they find they are not fitted for farming, they will go elsewhere. We have a continent to fill up. Surely it offers possibilities to every person who comes in. The man who is not a success as farmer may become a member of Parliament."

Angus McDonald (Temiskaming) suggested that the party with that doctrine should be called the Jacobs party, to which Mr. Jacobs retorted, "The original Jacob had only twelve sons and he went to Egypt and was a success there."

PROGRESSIVE PARTY EXPECTS TO RETURN

North Huron Member Says They Are Modest and Retiring But Will Come Back Strong

OTTAWA, May 6.— A prediction that the Progressive party in Ontario would come back strong after the next Federal election was made by John W. King, North Huron, in the House of Commons. "The Progressive Party," he said, "is a modest, retiring party, and we have been subjected to political thrusts, some of them not very clean, from all sides of the House — even from our own side; but I desire to affirm right here, that not only will the Progressive Party come back after the next election, but will come back more than a mere remnant — more than a sad remnant. The Progressive Party is here to do business and will do business in this House after all the other members, I was going to say, had passed into oblivion, but I do not say that because I know there are a great many hon. members of this House whose names will go down in the annals of Canadian history. The Progressive Party has its roots in the soil and they will not be very easily eradicated."

LACK OF HUSBANDS FOR ENGLISH GIRLS

Many Women Condemned to Single Life Because of Paucity of Mates

COWES, England, May 6. — Many thousands of English girls wish to marry, but because of the shortage of men have not been able to fulfill their desire, declared Dr. A. T. Schofield, a well known London nerve specialist, lecturing recently in Cowes recently on the question of marriage. "There is no other place in the world where such a state of things exists," he said.

Continuing Dr. Schofield asserted: "It is unfortunate to find in a family in London, for instance, five or six girls, every one of whom would make a splendid wife and mother, unable to marry for the want of legitimate opportunity."

REFUSES TO FORBID A WOMAN TO TALK

Court In California Recognizes Possibility of Task

LOS ANGELES, May 6. — Woman's right to talk not only was upheld, but the generally admitted impossibility of restraining her from indulging in speech was legally recognized recently by Judge Walter Gates in Superior Court.

Robert B. Stacy-Judd a prominent young architect, sought an injunction to restrain his wife from talking about him. After hearing the arguments, Judge Gates remarked that some of the things said had been "indeed a bit catty," but he candidly admitted that he thought no court possessed sufficient power to stop a woman from talking.

GERMAN EDUCATORS INSISTENCE ON CLASSICS

BERLIN, May 6.— Nine years of Latin and six years of Greek are again to be required of all boys who complete the course in German gymnasiums. The amount of classics taught in these schools was reduced after the conclusion of the war, but now the pre-war amount of Greek and Latin has been re-established.

There have also been many changes in the schools that prepare girls for the universities; special emphasis is laid upon German history and culture.

PRIEST MAKES RADIO RUN ELECTRIC LIGHTS

LONDON, May 6. — Father Maurice Beckett, of Westminster Cathedral, whose hobby is experimenting with high frequency currents, or wireless electricity for lighting purposes, announced that he had been able to light a 50 candlepower lamp with his system of wireless,

"And what's more," he said, telling of his work, "at my last public performance I sent the waves through a peer of the realm and two of my brother priests as a part of my program of entertainment."
