COMMONWEALTH WAS ASHORE: ARRIVED IN HARBOR TODAY

While proceeding from Sitka to Seattle in ballast, the Booth Fisheries halibut schooner Commonwealth, Capt. Bergman, ran ashore on White Cliff Island near the mouth of the Skeena River during the night. The vessel later got off and arrived here under her own steam this morning for examination. It is believed that the vessel sustained no serious damage.

FOOD MANUFACTURERS AIM AT BEST QUALITY

Much has been done in recent years by the application of scientific knowledge to food production. It can be definitely stated that food products in general today are of a much higher quality than those of thirty years ago.

This improvement is very true in regard to all the products of wheat. Our daily food, "Bread," represents purity of materials throughout when made by the Electric Window Bakeries. 98

IN THE MORNING HER TONGUE WAS COATED HAD BAD TASTE IN MOUTH

Miss Pearle, L. Zinck, Barss Corner, N.S., writes:—"I was awfully troubled with my liver, and used to get such dizzy spells I would have to sit down while I was doing my work.

In the morning, when I used to get up, my tongue was coated and I had a bad taste in my mouth and often times, throughout the day, I was troubled with pains in my stomach.

I suffered in this way until a friend of mine who had used your

MILBURN'S LAXA-LIVER PILLS

told me of having taken them, so I decided to try them, and I can truthfully say that they certainly did me a lot of good.

I cannot recommend them too highly to all those who suffer as I did."

GIRL OF SEVENTEEN RUNNING A FARM SASKATCHEWAN TODAY

WINNIPEG, April 24. — The Free Press comes to the rescue of the often maligned "Younger Generation," when it tells the story, in the editorial columns, of Dorothy Hutchill, an exhibitor at the recent Writers fair in Regina. The editor thinks that her work shows "Capacity for hard work, patience, perseverance, courage—qualities displayed by Young Canadians in the war, and evidently, given the chances shown in peace."

When Dorothy was sixteen years of age last year her father died, leaving her the eldest of eight children, on a farm near Oakshella, Saskatchewan. She and her young brothers decided to carry on the farm. They put in the crop and harvested it, going to school between whiles. They have two quarter sections broken and a third partly broken. Thirty head of cattle are on the place. This year she had decided to give up school and take up farming seriously.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.
