DAILY EDITION Saturday, October 10, 1925.

Benefit From Visit Of Grain Commissioners.

The visit of the grain commissioners to this port spells the beginning of a new era. They will at once arrange for the appointment of an elevator superintendent here whose business it will be to operate the big "house." The commissioners were particularly pleased with the elevator, the harbor and the prospects, and they were not backward in saying they expected to do a lot of business here.

Business is more or less of a gamble and no one can be sure when it will begin. In Prince Rupert we hope it will begin at once but if it does, it will probably be because the people are out after it.

Not Let Politics Interfere With Business.

It will not do to let the political contest interfere with the business of the city. At a meeting of the council of the Board of Trade with the grain commissioners it was agreed that the city could not do better than appoint a man to look up grain business for the elevator. Just now Vancouver has a man on the road educating the people of the prairies to the advantages of Vancouver. He has a moving picture outfit with him and is showing the terminal facilities of the southern port. Prince Rupert will undoubtedly have to do something if she is to meet with success. It will take a high priced man to do the work but doubtless such a one could be secured. This is the time to lay plans for the appointment of such a person and it is to be hoped no time will be wasted. The elevator should be ready for operation in a month and as soon as it is ready the work should be under way. Trial shipments will have to be made first. Information must be secured as to securing ships to carry the grain and as to firms willing to ship this way.

The grain committee of the Board of Trade has the matter in hand and doubtless they will soon have recommendations to make. When they do, action should quickly follow.

There is no politics in this. It is plain business and we should unite to see that the port does not suffer because of party differences.

Minister Of Mines Work Is Approved.

The action of the minister of mines in issuing warnings against company floatations which are designed to deceive investors, is approved, especially by journals devoted to the mining industry. Several companies have been headed off in efforts to deceive the public with the result that those contemplating similar action think twice before proceeding. The Vancouver branch of the B.C. Division of the Canadian Institute of Mining and Metallurgy passed the following resolution:

"Resolved that the Vancouver branch of the B.C. Division of the Canadian Institute of Mining and Metallurgy express their unqualified approval of the action taken by the Honourable Minister of Mines to protect the interests of the public against deliberate misrepresentations on the part of promoters of joint-stock mining companies, and in extending their congratulations to the minister, on the means adopted to that end, they express the opinion that a salutory effect has already been attained, and that the continuation of this policy will not only benefit mining industries, but uphold the good name of the province, both at home and abroad."

INCREASE IN B.C. MINING

Records For Eight Months of Present Year Show Production Greater

$41,000,000 ALREADY

At Present Rate Final Output for Year Will be Around Sixty Million Dollars

VICTORIA, Oct. 10.—All yearly records for mineral production, both from the standpoint of quantity and value, will be eclipsed in 1925, according to the summary of mining operations for the first eight months of the present year just issued by the Honorable William Sloan, minister of mines. It is estimated that the monetary value of the mineral production of the province for the eight months, January 1 to August 31 is approximately $41,000,000. This indicates that the total final production for the year 1925 will approximate, at least, $60,000,000, an increase of $11,295,396 or 23.10 per cent over the total for 1924, hitherto the record for the province.

The following table shows the approximate mineral production of the province for the period under review:

Gold, oz.	148,000
Silver, oz.	5,280,000
Copper, lb.	44,570,000
Lead, lb.	142,000,000
Zinc, lb.	75,850,000
Coal, tons (2240 lb.) ..	1,584,695
Coke, tons	48,980
Miscellaneous products	2,000,000

Figuring the value on the average price of the metal, the total value for the eight months is estimated at $41,000,000, or but $7,704,604 less than for the whole twelve months of 1924.

The summary of mining operations is based upon reports from the six resident mining engineers, and the Chief Inspector of Mines, brief reports from whom form an important feature of the summary.

Growth of Industry

The progress of the mineral industry of the province is shown by the following record of output, which indicates the steady growth, which has taken place in the industry in British Columbia:

1894	$ 1,240,531
1899	12,393,131
1904	18,977,359
1909	24,443,025
1914	26,388,825
1919	33,296,313
1924	48,704,604
1925 (first 8 months, approx. estimate)	41,000,000

Mr. Sloan points out that the estimate of $60,000,000 for the whole year of 1925 is based upon the expected steady shipping by mines now producing for the remainder of the year at about the same rate as in the first eight months. Owing to the commencement of operations by the Allenby Copper Company in August, a larger monthly output of copper will be made during the last four months of this year, while many small properties are expected to make shipments towards the end of the year that had not been shipping earlier. Coal production is generally higher in the last four months of the year than in the summer months. It, is, therefore, the minister points out, more than likely that the total mineral producion for the year, will be, at least, as large as the indicated output based on the eight month's period.

Price and Production

"The increased production during the current year" says Mr. Sloan, "measured in the common denomination of dollars is caused partly by increased metal and coal production and partly by increased metal prices. The largest increases reported are in lead and zinc, which are in large part due to the immense production now being made by the Sullivan Mine of the Consolidated Mining and Smelting Company of Canada, Limited— the greatest lead-zinc mine in the world. It is interesting to note that the metal, silver, lead and zinc, contained in the crude ore of this mine, are smelted, refined and prepared in finished condition for the market at the company's metallurgical works at Trail. Copper, also, shows an increased ratio of production, owing to larger outputs by the Granby and Britannia Companies. Gold and silver productions are at about the normal rate with the latter showing a slight increase."

The general high average of metal prices, the minister points out, has been one of the factors acting as a strong incentive to mining, not only in British Columbia, but the world over.

The following table shows average metal prices in the New York market for 1924 and for the eight months ended August 31st, 1925:

	1924	1925
Silver, oz.	66.781	68.199
Copper, lb.	13.024	13.950
Lead, lb.	8.097	8.770
Zinc, lb.	6.344	7.280

NEW ARCHBISHOP VISITOR TO CITY

Rt. Rev. A. U. De Pencier Will Officiate at Special Services to be Held Here Tomorrow

Archbishop A. U. De Pencier of Vancouver, Bishop of Westminster and metropolitan of the Anglican Church for British Columbia, arrived in the city by train from the interior last evening and will officiate at services tomorrow in St. Andrew's Anglican Church. He will preside at the ordination of Rev. Walter Allen which will take place at that time.

Archbishop De Pencier, who at a meeting of bishops in Kamloops last week was elevated to the post made vacant through the death of the late Archbishop F. H. Du Vernet of Prince Rupert, has been making a tour of this diocese over which he now has jurisdiction. Mrs. De Pencier is accompanying him on his visit here. They are registered at the Prince Rupert Hotel.

WHIST DRIVE GIVEN BY CALLIES IN ST. ANDREW'S ROOMS

There were eighteen tables at a succesful whist drive held last evening in the St. Andrew's rooms by the Callies Football Club.

Prize winners were: Ladies' first, Mrs. D. McCulloch; ladies' second, Mrs. John Watson; men's first, Ben Dalgarno; men's second, George Anderson.

After cards, refreshments were served.

A table scarf and centre, donated by Mrs. C. Taylor, was won by Joe Brown. A drawing for the lucky admission ticket was won by ticket No. 123 which was not claimed last night. The prize is a $5 gold piece.

James Simpson was master of ceremonies and Tom Beattie presided at the door. The men's committee consisted of J. Watson, George Abbott, Tom Beattie and S. D. Macdonald and the ladies' committee, Mrs. J. R. Murray, Mrs. Tom Beattie, Mrs. William Robb and Mrs. George Scott.

BEAUTY SHOP PRODUCER GIVEN PURSE OF MONEY

C. H. Lewis Who Put on Two Productions Here Recognized in Victoria

VICTORIA, Oct. 10. — C. H. Lewis, director of the gigantic musical comedy which the Victoria Gyro Club presented last week at the Royal Victoria Theatre, and Mrs. Lewis, were guests of honor at the social and dance which was given in the Chamber of Commerce by the Gyros in compliment to all who took part in the "Beauty Shop" performances and aided in making the production such an outstanding success.

The high esteem in which Mr. and Mrs. Lewis are held by all who worked with them in the "Beauty Shop" production was shown in a practical manner when members of the cast of the recent show presented them with a handsome clock, while the Gyro Club expressed its appreciation of their generous services by presenting Mr. Lewis with a purse of money.

THE MAN IN THE MOON says:

THE candidates are said to be straining every nerve, but I wish they'd leave my nerves alone. Thank heaven most of them are away to the country again.

WHEN a stork gets busy, there's usually something to show for his work.

THERE'S nothing new about fall styles. Eve had them.

CONSERVATIVES are sweeping the country. That is their job—sweeping.

JAKE says he wonders if George Bushby stands for all the figures Harry Stevens quoted.

ARCHDEACON Rix reminds H.H.S., the orator, that when Mrs. Yelton ,formerly Miss Mortimer, went south that made 6,001 Canadians gone south. Doubtless the Archdeacon is anxious that all these politicians shall reform and be exact in their count.

On October 29 two of the three men who have been trying to show the people the way to escape from political chaos, will be able to congratulate themselves that they have escaped from a lot of trouble.

JAKE says it will be a conference of the Georges, but of course that's just his view. I'm beginning to fear Jake is a Liberal in spite of my efforts.

WITH all this election talk it seems impossible to arouse any interest in the world series.

Ten Years Ago in Prince Rupert

Art Noble, Prince Rupert's first soldier, will lecture tomorrow evening in St. Andrew's Hall under the auspices of the Helping Hands Society on the work of the Red Cross Society at the front.

Edward Biddle will be Prince Rupert's second soldier to return from the front. He is expected here next week.

The American halibut schooner Seymour has arrived in port reporting the loss of two of her crew, John Lovig and Alfred Lund, when they became entangled in the gear off Cape Clear.

IN THE SUPREME COURT OF BRITISH COLUMBIA.

Between Alfred W. Clarke, Plaintiff; And Templar Robertson Kerr, Defendant.

TAKE NOTICE that an action was commenced against you by the above-named Plaintiff on the 27th day of May, 1925, in respect of an Agreement for Sale made between you and the Plaintiff with respect to the sale and purchase of Lot Sixteen (16), Block Three (3), Section Eight (8), City of Prince Rupert, Map 923, which said Agreement is dated August 19th, 1921.

AND TAKE NOTICE that by an order of His Honor Judge Young, dated the 21st day of September, 1925, it was ordered that publication of this notice in a newspaper published at Prince Rupert, B.C., once a week for four week shall be deemed good and sufficient service of the Writ of Summons in this action upon you; AND it was further ordered that the time for entering an appearance by you to the Writ of Summons in this action be within thirty days after the last publication of such notice.

If it is your intention to defend this action you will have to enter an appearance in the Registry Office of this Honourable Court at the Court House, Prince Rupert, B.C., to the Writ of Summons herein within thirty days of the last publication, otherwise the Plaintiff may proceed herein.

DATED this 24th day of September, 1925.

M. GONZALES,
Solicitor for Plaintiff.

TO: Templar Robertson Kerr,
Defendant.

LAND ACT.

Notice of Intention to Apply to Lease Lan

In Prince Rupert Land Recordinz District of Prince Rupert, and situate on the northwest coast of British Columbia, Portland Canal, and being at Spi Point, Portland Canal, and bearing north magnetic from Tree Point, Pearse Island.
