W. H. Fudger inducted as Kinsmen president

W. H. Fudger Saturday night was inducted as president of the Prince Rupert Kinsmen club at the group's annual installation banquet in the Sons of Norway Hall.

Mr. Fudger who succeeds Raymond Billing, was installed by North Coast zone of District 5 deputy—governor Garfield E. Reum of Terrace. Installed along with Mr. Fudger was Mrs. W. A. Gordon, as president of the Kinettes.

Mr. Reum also installed vice-presidents W. A. Gordon and R. L. Eby.

Secretary Donald Cameron and registrar George Anderson were installed by David Warren of Terrace.

Treasurer Frederick Robertson and director John Clay and Martin Erickson were sworn into office by past-president R. C. Barbour. Director Ingver Morse was unable to be present for the ceremony.

In pinning on Mr. Fudger's president's pin, Mr. Reum exhorted the new president to do his utmost to maintain the high standards of Kinsmen work and to see that responsibilities were distributed to the executive to ensure a smooth-working organization.

Retiring president Raymond Billing thanked his executive for its support during the past year which he termed a "most successful one." He was presented with a past president's pin by Mr. Fudger.

In his acceptance speed Mr. Fudger said that he had been a member of Kin for 12 years and he realized that becoming president was both an honor and a goal attained. He pledged himself and his new executive to devoting a busy year to Kinsmen projects.

Mr. Gordon and Mr. Eby were recipients of awards for 100 per cent attendance for one year while Mr. Fudger was honored for 100 per cent attendance for two years.

Special guests Mayor P. J. Lester, J. A. Martin representing the Rotary club and Duncan McRae the Gyro club, paid tribute to the Kinsmen club for its work on the Civic Centre swimming pool, at Hallowe'en, Miller Bay Indian hospital and the British Columbia Kinsmen Child Care, Rehabilitation and Polio fund.

The installation was followed by a dance.

CARS needs canvassers

Canvassers are still urgently needed for the Canadian Arthritis and Rheumatism Society October 19 campaign, it was announced last week when the Prince Rupert branch of CARS held its regular meeting.

Campaign quota is $4,500, it was reported.

The film "Never Surrender" has been ordered to be shown at the canvassers' rally, October 13, Mrs. John Laurie said.

Mrs. Laurie also announced that she had had correspondence with contacts at Stewart, Masset and Queen Charlotte city concerning the campaign.

It was decided to invite the public to the film showing and to serve refreshments at the canvassers' rally to be held in the Civic Centre Main lounge at 8 p.m.

Campaign chairman G. W. Peterson and Miss Philippa McIldowie, CARS clinic's new physiotherapist will address the rally, it was announced.

At that time, it was decided to distribute receipt books and other campaign material to the canvassers.

Persons wishing to assist as volunteer workers are asked to get in touch with Mr. Peterson, Rev. J. A. Roskam or Mrs. Laurie.

LITTLE SUSAN DIENEY demonstrates that planting Dutch bulbs is child's play. There are only three rules that need to be followed: 1. Plant them in the fall (anytime from the first of September to the end of November); 2. Plant them with the tip of the blub pointing UP; and 3. Plant them in well-drained land—all bulbs hate wet feet. Be sure to paint several different kinds of blubs, too, so that all of your tulips aren't over in a few weeks. By choosing your varieties carefully—single and double earlys, single and double lates, Kaufmanniana, Fosterania, Darwins, Darwin hybrids, etc., you can make your tulip festival last for at least 10 weeks.

Business women's week observed by city club

The Business and Professional Women's club of Prince Rupert this week joins members of the Canadian Federation of Business and Professional Women's clubs throughout Canada and the United States in observing "Business Women's Week," October 4 to 10.

The week's theme, "A right turn to a confident future," brings attention to the large part women play in the economics, social, cultural and religious life of Canada as well as the active part taken by women in their own communities and in so many fields.

It has been pointed out that the days are long past when certain types of work were regarded as the monopoly of men and that the scope for women is now unlimited.

"The keen and ever increasing interest now being taken by women everywhere in international affairs will help realize the prime objective of all international relations, which is premanent peace for all mankind," president of the Prince Rupert branch, Mrs. Wilfred St. Clair said today.

She said that it is this interest which the Federation believes is a right turn to a confident future.

Mr. and Mrs. Egil Sornes, left this morning by Canadian Pacific Airlines plane for Norway, via the "polar route." They plan an extended visit.

CONVENERS NAMED

Mrs. J. McGreish recipient of Ladies auxiliary 25-year pin

The 25-year pin of the Ladies auxiliary to the Canadian Legion branch No. 27 was presented to Mrs. John McGreish Thursday night when the auxiliary held its regular meeting in the Legion auditorium.

President Mrs. Charles Morrow, presiding, initiated Mrs. Roy Coswan.

During the business session Mrs. Alex Pihera was named to head the rummage sale to be held October 17.

Mrs. J. S. Black was appointed convener of "Poppy Day."

The annual Remembrance Day banquet, November 11, will be convened by Mrs. William Rothwell.

It was reported that all committee plans had been completed for the November 5 bazaar to be held in the Legion auditorium.

Guest speaker Sidney Kirk, first vice-president of Canadian Legion provincial command gave an interesting and informative talk on "Pension and Medical allowances."

QUALITY CANADIAN PRODUCTS CONTAINING QUALITY INCO NICKEL

New nickel-chrome lined oven cooks more evenly, cleans more easily

The beautiful new range you see here is a marvel of modern cooking efficiency. And a brilliant new concept in design. It can be mounted on kitchen cabinets or counter tops; or you can hang it on wall brackets at any desired height. With slide-in burner units, a drop-leaf cutting board, a rotisserie, automatic timers and heating controls, it provides wonderful new conveniences for the housewife.

But perhaps the most interesting and time-saving feature of all is the nickel-chrome plated lining inside the two large oven units. This gleaming bright surface reflects heat better for faster preheating, more even baking and roasting. And it's easier to clean! Grease, burned foods and juice sugars just can't get so firm a grip on that mirror-smooth surface.

That's the beauty of all nickel-chrome plated household appliances! And their utility! They add sparkle to your kitchen. They won't crack or chip; stay bright and new looking for years. The good heavy plating of Inco Nickel underneath the chrome helps insure this lasting beauty in depth.
