Western Oils Dominate Canadian Stock Marts

By RON ANDREWS
Canadian Press Staff Writer

Western oils dominated Canadian stock market trading this weeks as they repeatedly soared to new highs amid the heaviest trading in several weeks.

For six straight sessions—the advance began near the end of the previous week—the oils continually ran up big gains and most of these generally held their winnings despite some light profit-taking Friday.

Observers said the oil advance was long overdue considering the development reports and consumer demands. The activity was also aided by American and other foreign buying.

On the Toronto Stock Exchange, the western oil index, compiled from the action of 15 key stocks, soared to all-time highs in nearly every session. On the week, they gained four points and Thursday touched 192.99, a gain or nearly seven points over the previous week.

ALMOST ALL

Almost every oil stock on the board moved ahead. Fargo was the feature of the advance. It gained $1.70 in the five sessions and touched a 1957 high of $7.20 before closing at $6.65.

Other strong issues included Pacific Pete, up 75 cents to $30.87½. It touched a new high of $34.75 before losing $3.50 Friday. Canadian Atlantic gained 90 cents to $9.50 and touched $10.12½. Royalite was up $3 to $21.75 and touched $23.25. Several other issues gained 25-70 cents.

With the upsurge in oils, industrials were forced to the background for the first time in several weeks and few stocks showed any significant price changes. Volumes on industrials also slipped.

Superior Propane, however, gained $2.62½ to $8.87½ and touched $9 and International Utilities was up $4.37½ to $67.87½.

CHURNED AHEAD

Several speculative mining stocks churned ahead in midweek and turned over some of the year's biggest volumes.

Sand River Gold, following an underwriting, gained 28 cents at 58 cents and on the week turned over 4,546,345 shares, including two days of 1,000,000-share volumes.

Cody-Reco was another active lower-priced mine, advancing 44 cents to 70 cents. Leitch gained 30 cents to $1.21 and Area added 30 cents to $1.20.

Feature of the board was McIntyre gold, which leaped $17 to a new high of $115 before settling at $114.

The week's volume on the TSE was the heaviest in several months. Total sales were 27,530,000 shares compared with 16,154,000 the previous week. Of 873 issues traded, 326 advanced, 370 declined and 178 were unchanged.

Week's index changes at Toronto: Industrials off 1.40 to 487.17; golds up 1.73 to 93.16; base metals off 1.38 to 202.86; western oils up 4.02 to 190.08.

Index changes at Montreal: Banks up 0.37 to 53.43; utilities off 0.6 to 153.2; industrials off 1.1 to 202.0; combined off 0.0 to 246.3; papers off 1.20 to 1252.35; golds up 1.14 to 89.32.

Week's volumes: 699,334 industrials and 3,000,612 mines compared with 757,888 industrials and 2,683,098 mines the previous week. Of 413 issues traded, 124 advanced, 147 declined and 142 were unchanged.
