Nations Will Reduce Armies
It is Announced at Conference
France Leads with cut in half

WASHINGTIN, Nov. 22.—Yesterday was another big day at the armament conference. The matter of reducing the standing armies of the world was up for discussion, and once more there was agreement in regard to the general principle. France was the country where opposition had been expected, yet Premier Briand told the conference his government proposed reducing the army to half its former strength, leaving only a force sufficiently large to insure her security.

Britain backed up France and promised support to that country in case of need. Mr. Balfour, speaking for the British Government, pledged its support to France in face of lust for domination.

Both Italy and Japan promised to reduce their armies, so that the policy of army reduction may be said to be adopted in principle.

STRASSBOURG, Nov. 22.—Premier Briand will declare for guarantees necessary for the security of France before the armament conference, Minister of War Barthieu declared here. France, he said, will accept the principle of limitation of land armies on certain conditions, such as complete disarmament.

WASHINGTON, Nov. 22.—The conference turns its attention to land armaments today, and Premier Briand of France is expected to present a statement of reasons implying France must maintain the largest army in the world.

Skeena River Canneries Final Report Regarding Catch for past Season

There were 232,025 cases of salmon packed by the thirteen canneries which operated on the Skeena River during the past season. As was known before, the pack this year was a great deal lower than last year's, when 334,342 cases were put up. The decrease this year is thus 102,317 cases. The reasons for the lower catch were scarcity of sockeye, bad weather and the decision of the cannerymen to put up chiefly the choice brands.

Both in pinks and sockeye, the two most important varieties, the decrease is proportionately noticeable. Last year the pink pack was 177,679 cases. This year it was 125,507 cases. Sockeyes this year totalled 41,018 as against 90,869 last year.

The figures for other brands for 1920 and 1921 in the Skeena River district were as follows:

Cohoes—1920, 18,068 cases; 1921, 15,034 cases. (Increased).

Pinks, jack springs and white salmon—1920, 3919 cases; 1921 1321 cases.

Red Springs—1920, 38,755 cases; 1921, 17,464 cases.

Chums—1920, 3,934 cases; 1921, 1,993 cases.

Steelheads—1920, 1,218 cases; 1921, 498 cases.

The figures include Inverness, Dominion, North Pacific, Sunnyside, Cassiar, Haysport, Balmoral, Skeena Commercial, Cunningham's Claxton, Oceanic, Carlisle and Prince Rupert canneries. Port Edward and British American canneries, which operated in 1920, did not run this year.

Rivers Inlet.

The nine canneries in Rivers Inlet district packed a total of 54,922 cases this season. The pack per brands was as follows: Sockeye, 44,410 cases; Cohoes, 4,630 cases; Red Springs, 400 cases; White Springs, 2 cases; Pinks, 5,309 cases; Chums, 171 cases. The list of plants operating were as follows: Strathcona, Kildala, Good Hope, Provincial, Rivers Inlet, Wadham's, Beaver, McTavish and Brunswick.

The Smiths Inlet cannery, the only plant operating in Smiths Inlet district, put up a total of 3,612 cases as follows: Sockeye, 3,429 cases; Cohoes 66 cases; Red Spring, 86 cases and Humpback, 31 cases. Margaret Bay cannery, the other plant in the district, did not operate this year.

Figures for Bella Coola, Kimsquit, Naas River and outlying districts are not yet available but the Dominion Fisheries office expects to have them compiled in the course of a few days.

Bella Coola.

In Bella Coola district there are two canneries, Tallheo and Bella Coola. In Kimsquit district there are also two plants Kimsquit and Manitou, but neither of them packed this season. The outlying district includes Namu, Bella Bella, Lowe Inlet and Butedale, the latter of which did not operate.

Naas River district includes Kumeon, Arrandale, Naas Harbor, Somerville, Wales Island and Mill Bay all of which packed this season. Port Nelson was the only plant in the district which did not pack in 1921.

MESSINA, Sicily, Nov. 22.—A cloudburst devastated the whole of the region around this city yesterday. Entire villages were swept away by the floods and the lines of communication have been broken. Hundreds of people are said to be homeless and there are a number of deaths as a result of the floods.

MORE THAN THREE THOUSAND NAMES ON LIST OF VOTERS

There is a total of 3200 names on the voters' list for the forthcoming federal election, but it is unlikely that more than 1700 will vote. J. H. McMullin, government agent, received names up till yesterday afternoon and added 124 more to the list besides those who were registered previously.

GHANDI IS SORRY FOR RIOTINGS

Advises Trouble Makers to Go Home and Repent—Blames Himself.

BOMBAY, Nov. 22.—A statement has been issued by Mahatmas Ghandi leader of the no-cooperationists in which he deprecates the disturbance on the occasion of the arrival of the Prince of Wales. He says it is impossible to describe the agony he suffered because of the rioting. He invited both Hindus and Musselmans to go home and repent and blames himself for having instigated the spirit of revolution.

Mrs. Ralph Smith Resigns Office in Oliver Government

VICTORIA, Nov. 22.—Hon. Mary Ellen Smith, minister without portfolio in the Oliver cabinet, has resigned office. In a letter written by her to the Premier she said in part: "For some time I have felt, as you know, I should take this course, being in the unfortunate position of having to assume responsibility for an act of the Government without being in a position to advise."

It is expected that Premier Oliver will issue a statement on Monday after the conference with Mrs. Smith.

Fred Stork and C.W. Peck Are Nominated in Readiness for Election Day on December 6

Nomination papers for Cyrus Wesley Peck and Alfred Stork, candidates for the forthcoming federal election, were filed before R. W. Cameron, returning officer, who sat at the court house today between the hours of 12 and 2 o'clock for the purpose of receiving nominations. There were no other candidates.

At 2 o'clock Mr. Cameron declared the nominations closed and made proclamation of the names of the two candidates and the date of the election, December 6. The printed proclamations are now being prepared and will be forwarded to every polling station and postoffice in the district.

HUNTLEY TATE WINS ACTION

George Munro Ordered to Pay $445.75 Damages and the Costs of Case.

Judgment was handed down by Judge Young in the County Court this morning in the Huntley Tate vs. George H. Munro damages case for $445.75 in favor of the plaintiff. The accident was commenced some months ago following an accident to the plaintiff's motor car when he ran into the defendant's standing lumber wagon on a city street. The case was watched with interest generally, car owners and drivers being particularly interested. The defendant entered a counter claim for $40 damages to the wagon struck in this accident, but this was dismissed. The defendant is also to pay the costs of the case.

In his decision Judge Young stated that there was no question of the defendant's negligence. It had been clearly established. His negligent act had been the real, direct and immediate cause of the accident.

Unlikely Place.

"Without reference to the scene of the accident in the present action, which would be a most unlikely place to expect an obstruction on the public highway," the judgment continued, "the evidence discloses that the placing of obstructions such as coal, sand and lumber on public highways in the city of Prince Rupert is of common occurrence. Such conduct may result in a simple action for damages and, on the other hand, it may result in a charge of manslaughter—the step between the two is a short one."

T. B. Hooper conducted the case for the plaintiff and Alex. M. Manson and M. Gonzales, of Williams, Manson & Gonzales, acted for the defendant.

FISH ARRIVALS

Three Boats in This Morning Offered 8c and 4c—Three Left for Other Ports.

The Pioneer, 50,000 pounds; Morengen, 16,000 pounds, and Goby, 13,000 pounds, were the only halibut boats arriving in port this morning. They were offered 8c and 4c by the Canadian Fish and Cold Storage Company for their catches.

The Albatross, 63,000 pounds, and the Atlas, 37,000 pounds, not satisfied with the price offered here yesterday, cleared port last night with their fish, the former going to Ketchikan and the latter to Seattle.

Meighen Loyalty to the Empire.

Premier Meighen's loyalty to the Empire is shown in his recent action in raising the postage rate to Great Britain 33 per cent. and leaving the United States rate as it was before, thus discriminating against Great Britain. Laurier's policy was to give the Empire a preference every time. And yet this is the party that raises the flag and howls against anyone who does not agree with them. This is the party to which the late member for this constituency has allied himself ever since he went to Parliament. This is the party that opposed the British preference and which has now followed it up by gross discrimination against the British people and against British people in Canada. It is the party that prates of loyalty and imperialism, but which is constantly working in the opposite direction. Then some of the extra-loyal members of this loyalty party gets peeved if we knock over one of its idols or if we pierce the veneer that clothes their wooden dolls.

What About Oriental Question?

Then what about the Oriental question? The party has been in power since the year 1911 and the Oriental question is in exactly the same state that it was when the Liberals left it. Liberals raised the Chinese head tax to $500 and made a gentleman's agreement with Japan by which immigration from that country was to be restricted to a very small number each year. This agreement has been faithfully kept by the Japanese Government. Japanese immigration has been practically stopped. What did the Borden or Meighen administrations add to this legislation? They added nothing. They simply sat back and allowed the Liberal policy to be worked out. If there is to be a still further tightening up of Oriental legislation it will have to come from the Liberals, for they are the only ones who have ever done anything, and are the only ones who have said they would do anything. Those who wish to see action in regard to Oriental legislation have only one course to pursue if they are consistent. They must vote for Fred Stork, the man who is pledged to support the party that does things.

Uselessness of Independent Candidates.

Independent candidates are useless except where they ally themselves with a party that has a policy. To send a man to Parliament who is without policy and who has no promise of co-operation from the other 235 members is almost as bad as sending nobody. Fred Stork, on the other hand, has a policy, and he is backed in that policy by the leader of the party, William Lyon Mackenzie King, the young Canadian who is taking Canada by storm and who is destined to become Premier in the near future, supported by the member for Skeena.

What Is the Liberal Policy?

We are asked, what is the Liberal policy? Possibly it is well to repeat what was said a few days ago. The Liberal policy, in so far as the district of Skeena is concerned, is the development of the port of Prince Rupert and the making of the railway into a real transcontinental road, with ships plying from its terminus to all parts of the world. While it is not expected that this will be brought about the week after the election results are announced and it is known that Stork is elected with his leader in charge of the Government, yet there will be a steady policy of development. Such a policy will benefit every part of the riding.

There are other matters that interest us, but not as this one of the railway. There is nothing on which we all pin our faith for the future except the development of the railway and its adjuncts. It is our very lifeblood. Prince Rupert stands or falls as a city by its railway.

RUPERT STANDS WITH STEWART FOR LOW RATES

Letter Received Showing Overcharge to Mining Camp on Portland Canal.

At the meeting of the Council of the Board of Trade last night a letter was received from Stewart Citizens' Association asking for a reduction of the steamship rates between that port and Prince Rupert. The letter follows:

"At an executive meeting of the undersigned body held here on October 5 the following motion was put and carried unanimously:

"That the vice-president of the Stewart Citizens' Association correspond with the Prince Rupert Board of Trade in an endeavor to have their co-operation with a view to having the freight and passenger rates between Stewart and Prince Rupert lowered, as both ports are being discriminated against by the G. T. P."

"In passing this motion we feel that we can rely on the wholehearted support of your body and the citizens of Prince Rupert in general, as the freight and passenger rates as they now exist deprive Prince Rupert and Stewart alike of the geographical advantage of the two towns.

At Disadvantage.

"We would like to point out that although Prince Rupert is some 400 miles closer to Stewart than is Vancouver, the freight rate from each to Stewart is practically the same. Owing to this condition the merchants of Prince Rupert are working at a very great disadvantage.

"Another point is that the passenger rate between this point and Prince Rupert is outrageous. In arriving at this conclusion we have only to use a comparison. The rate from Prince Rupert to Pacific on the railway is $4.50, the distance being the same as from Rupert to Stewart, namely 120 miles, whereas by the so called "cheap rate" by water from Prince Rupert to Stewart the rate is $12.65. Is this not discrimination?

Must Stand Together.

"We here appreciate the fact that if the north is to grow, we of the north must make the north our first consideration as to patronage. We would be extremely glad to have your views and support in remedying the situation that exists.

"STEWART CITIZENS ASSOCIATION."

The Council of the Board decided to support the request and and will so notify the people of Stewart. The letter was referred to the Freight Rates Committee for immediate action, the matter to be taken up with Vice-President Hayes of the Canadian National Railways.

DEPUTIES FOR ELECTION ARE BEING NAMED

R. W. Cameron, Returning Officer, Announced Today That Poll Will Be Held on December 6.

Following the closing of nominations for the federal election at 2 o'clock this afternoon, R. W. Cameron, returning officer, announced that there would be a poll held on December 6 as two candidates, C. W. Peck, Independent and Fred Stork, Liberal, were duly nominated and are in the field. The voting here will probably take place in the Black building, corner Second Avenue and Seventh Street, although this has not yet been definitely settled.

There will be 95 polling stations in the Skeena district, 78 rural, 10 urban and 4 advance. Appointments of deputy returning officers are now being made and the work is well in hand. Several outlying points have yet to be heard from in regard to appointments by special deputies who are now out, but already C. V. Evitt, election clerk, has a number of the appointments listed.

RESOLUTION OF VICTORIA CITY COUNCIL HERE

Asks Fair Play From Legislature or Else Resignation—Laid Over For Investigation.

The city council has received from Victoria city a resolution for which endorsation is asked demanding that the legislature give justice to the municipalities in the matter of finances or resign. The resolution, on motion of Ald. Kelly, seconded by Ald. McNeill, was laid on the table for a week in order to allow the aldermen to examine the records of the Union of B. C. Municipalities in regard to financial relations between the provincial government and the municipalities.

The resolution from Victoria states that, so far, the present session of the legislature, which was called especially for the consideration of municipal financial matters, had been a failure in that respect. The present situation was of a serious nature and it had been decided to ask for economy and fair play from the provincial government, the expenditures of which in recent years had been enormous and would lead to bankruptcy if persisted in.

Ald. Dybhavn said that, although he was not in a position at the present time to verify the statements made, he did not think that the general questions affected this city very seriously. Some cities had gone too far and were now in financial difficulties, but Prince Rupert was not so unfortunate. He was not prepared to endorse the resolution as submitted.

Perry Speaks.

Ald. Perry felt likewise and thought that the city should be guided by the local effect. As far as the provincial government was concerned this city was merely interested in the financing of hospitals and schools, and these had been improved. He thought that a committee might be appointed to go into the matter whether it was decided to endorse the resolution or not. It would then be made clear what benefits had really been derived by the city through being a member of the Union of B. C. Municipalities.

Last evening there was a handkerchief shower at the home of Mrs. Frank Dibb, Tatlow Street, preparatory to the forthcoming sale of the Ladies of the Royal Purple. There were a number of ladies present all of whom brought handkerchiefs. Refreshments were served during the evening and there was a very enjoyable musical time.

A recommendation from the Board of Works providing for the repairing of Sixth Avenue for one block on either side of McBride Street was adopted by the council last night.

Reduced Prices on Community Silver . . .

Community Silver has just been reduced about ten per cent., and though we have a large stock bought at the old prices, we want to be among the first to pass along any reduced prices we can. Our Community Plate can be bought right here in Prince Rupert at exactly the same price as in the largest city. You will also find our prices on other standard articles just the same as in larger places, and we are trying to give the people a service so it will pay to trade at home. Any special articles not in stock we will be glad to send for on approval.

Don't Neglect THAT COUGH!

Persistent coughs lead to chronic bronchitis, asthma and permanent chest weakness. Swallowing druggy mixtures into *the stomach* is useless in bronchial trouble. It needs Peps the breatheable remedy which goes *direct* to the root of your cough.

As Peps tablets dissolve in the mouth, they give off powerful medicinal fumes which soothe and heal the inflamed breathing tubes, and destroy all disease germs. Peps speedily end chest soreness, clear the bronchials of phlegm and mucus, stop the wheeziness and coughing, and make breathing easy.

Remember, it is far better to *prevent* pleurisy, pneumonia and other lung diseases arising from neglected coughs and colds, than to *cure* them. Therefore take Peps at the first sign of a cough, cold or chill.

The Milk Helped

Pacific Milk

More than one dinner yesterday had a dessert, a cream sauce, or soup made with Pacific Milk. We know this because of the number of enquiries that came in last week asking for recipes for these different dishes.

Pacific Milk makes lovely desserts, cakes and other things, because of its natural cream flavor, and never tastes of the can.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to $5 an acre, second class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering any land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claim five years and make improvements to value of $10 per acre, including clearing and cultivation of at least five acres before receiving Crown Grant.

Where pre-emptor is in occupation less than 2 years, and has made substantial improvements, he may, because of ill-health, or other causes, be granted a transferable certificate of betterments and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of $300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 32 feet are required.

Pre-emptor holding Crown Grant may record another pre-emption, if it be within 20 miles of first, but cannot obtain Crown Grant without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites, timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows, prospectively valuable for agriculture, may be purchased, conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE EMPTORS' FREE GRANTS ACT

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after Aug. 26, 1918. Taxes are remitted for five years.

Provision for return of money paid, accrued, due and been paid since August 4, 1914, on account of payments, or taxes on such pre-emptions.

Interest on agreements for town or city lots held by members of Allied Forces or their dependents, direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged, priority for established owners. Stockowners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

FIFTEEN BOILS ON NECK AT ONE TIME

Anyone who has suffered from boils can sympathize with poor old Job.

There was no Burdock Blood Bitters in those days, so Job had to suffer in silence. Nowadays no one need endure the misery of boils.

Boils are simply evidences of the bad blood within coming to the surface and just when you get rid of one, another seems ready to take its place and prolong your misery.

All the poulticing and lancing you may do will not stop more coming.

What you have to do is take

BURDOCK BLOOD BITTERS

and the blood will be cleansed of all its impurities, and then every boil will disappear.

Mr. Roy McSwain, High Bank, P. E. I., writes:—"I was troubled with boils for some time, and had as many as fifteen on my neck at once. After taking one bottle of Burdock Blood Bitters they commenced to get better, and after I had taken two bottles I was relieved of them and felt much better. I think B. B. B. is a grand blood medicine, and can recommend it highly."

For the past 45 years B. B. B. has been manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

In the Letter Box

PAST POLITICS.

Editor Daily News:

Will you grant me space for a few lines—not in answer to Hoomes K's Empire effort of yesterday, but because of it. As I was an active member of the organization supposedly responsible for the "Famous Battle of Kelly's Cut" let me endeavor to protect well meaning voters from the insidious and potential lie.

Again not because of the political prestige of the author, but because of the prominence given it by an influential advocate in the present campaign, it becomes in fact a professional prevarication.

Sir as I was a witness of the events leading up to and immediately following that little event in municipal history, I would like to state a few facts for the benefit of those who were not here, and also to jog the memory of some who were here. Now, Mr. Stork never hesitated to show which side he favored from the beginning right through. Mr. Stork has shown myself and others why the "Earl Gray Rifles" paraded near that time. It was a part of the summer program of drill. The author of that article as well as the owner of the patriotic sheet that publishes it would each have been proud of a place in the parade, if circumstances have made it convenient for them.

The Facts.

Voters these are facts. The Battle of Kelly's Cut was planned and set in motion at a secret conclave held in Foley-Welch's offices, at which meeting the owner and editor of the Empire was present and most of the personnel of that meeting and subsequent events were, have been and are members of the present Independent forces. The "Leading Liberals" active in the affair are either keeping quiet or else in the independent forces. This is history valuable to the voters to be influenced by that typical slang, "Muskeg Scouts." It should be entertaining to others.

You may say—that is past and should be forgotten—Should it? Is there an analogy in more modern history? There sure is—a package of identical brand and compound. Please review the Nanaimo coal strike, Fusilier affairs, later in prince Rupert. But give more attention to the main facts of the "1919 history of Winnipeg" and the places in which the Ottawa forces appear in it. Identical in politics, parties, interests and kind, only worse by a ratio squared and raised to the fourth degree. One point in which the personnel of the "War-time Government" attempting to carry on in peace times, and reseeking the suffrage of the country, can be compared very unfavorably with a man who took a more passive than active part in a local event.

Against Liberty.

For this point look up "Hansard" June 5, 6, 7 1919, re amendment of clause 40, Immigration Act. Also June 27 same year and same act. See where the defender of the faith of independence and democracy, D. F. of I. and D. stood on those legislative features of the most violent Imperial Tory repression. If he stood in line to support it he is not worthy the name Independent and has no place in democracy. The act of the early date is a true Imperial interpretation of democracy and equal "Family Compact History." But the act of the second date is nothing but a legislative abortion, the worst smirch ever put on the pages of history against the principle of "Magna Charta."

"Breaths there a man with soul so dead,
Who never to himself hath said:
This is my inalienable privilege,
"If such there be,—etc., etc."

With your permission Sir, I will attempt a slight history of said two acts before polling day, and remaining a voter against Imperial Democracy. W. S.

FORMERLY A CHURCH NOW VARIETY THEATRE

TORONTO, Nov. 21.—(By Canadian Press).—The recently reported sale of the burlesque house, Star Theatre, is but another chapter in the history of Toronto city property that has had about as many changes as Joseph's coat had colors. Originally the building which still forms part of the Star Theatre was a Methodist Church, that was about 60 years ago. Then for many years the church building was occupied as a printing establishment. Later it became a Temperance Hall and justified the name of the street on which it stands—Temperance Street. Some time later it became a show house and the first burlesque theatre in Toronto. During the intervening years there had of course been many additions to the building and the churchified appearance disappeared between the modern theatre walls. For some time, the Toronto Police Benefit Association held a mortgage on the building and there was more or less comment on the fact that the pulchritude of the Toronto police should be in any way mixed up with a burlesque theatre.

APPLICATIONS FOR POSITION CITY ENGINEER

Council Will Have Special Session Tonight to Make Selection From Sixteen Applicants.

Sixteen applications were received by the city council last night for the position of city engineer which will be vacant next week when the resignation of F. S. Clements, present incumbent, takes effect. Each application was read over in detail by the city clerk and were finally referred to a special session of the council which will be held tonight when the appointment will likely be made. There was a wide range of applications from all over Canada. There were no local applicants, although several stated that they had been in Prince Rupert or in the district.

The applicants were as follows:

Charles H. Synyard, Weston, Ontario, aged 26, salary required $2000 per year.

J. F. O'Connor, Quebec.

C. H. Topp, Squamish, aged 52 years, $220 per month, ten years city engineer of Victoria.

John William Astley, Victoria, any reasonable salary, formerly assistant city engineer of Winnipeg.

F. J. Whittaker, Vancouver, $275.

H. Aldous, Toronto, aged 28, $200 per month.

R. F. Dynes, Penticton, aged 37, $200 per month, formerly city engineer of Camrose, Alta.

Angus J. Cameron, Vernon, aged 41; $300 per month.

R. Snodgrass, Vancouver, aged 42, $250 per month.

Thomas C. Jepson, Toronto, aged 31, $200 per month.

Major R. F. Leslie, Vancouver, aged 55, $250 per month.

W. Jamieson, Vancouver, aged 45, $225 per month.

J. W. Calders, Swift Current, aged 48, formerly city engineer of Swift Current, $325 per month.

Angus Smith, Calgary, aged 49, formerly city engineer of Stratford, Ontario, Prince Albert and Regina, $2500 per year.

G. R. Evans, Quebec, aged 40, $275 per month.

John A. Wilson, Vancouver, aged 42, formerly city engineer, Calgary and Kamloops, $250 per month.

Ald. McNeill enquired at last night's council meeting as to what had been done towards providing a street light on Graham Avenue in Westview. Ald. Perry said that the matter had been left over pending the matter of supplying power to Digby Island being settled. He would, however, give it immediate attention.

Nervous Breakdown
Couldn't Sleep Nights.

To those on the verge of a nervous breakdown the following symptoms present themselves: nervous headaches, a feeling of depression, fitful, disturbed, restless and unrefreshing sleep, often troubled with frightful dreams, avoidance of crowded places, dread of being alone, horror of society, etc.

"When the nerves become affected in this way the heart generally becomes affected, too, and on the first signs of any weakness of the heart or nerves, flagging energy or physical breakdown do not wait until your case becomes hopeless, but get a remedy that will at once quieten the nerves, strengthen the heart and build up the entire system.

This you will find in

MILBURN'S HEART AND NERVE PILLS

Mrs. N. Damgand, Young's Cove Road, N. B., writes:—"I was bothered very much with my heart and nerves; had nervous headaches and dizziness, could not sleep at nights, and my appetite was all gone. I was on a nervous breakdown when a neighbor told me to try Milburn's Heart and Nerve Pills. This I did, and before I had the second box used I was better and would advise anyone who has nerve trouble to take them."

Price, 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

AROUND THE WORLD IN EIGHT LAUGHS

All the world likes good humor no matter where you chance to roam. Everyone wants to be cheerful and healthful, here or far away from home. Papers all print jolly pokes, jingles and other kinds of lively fun. This humor is penned by scores of column conductors who poetize, joke and pun. It is not in the magazines and newspapers alone that good press wit is seen; now for over three years the "Topics of the Day" Films have shown it on the screen. You can see this happy reel at nearly every good film show; in the hamlet, town and city—in fact, where'er you go. Jules Verne wrote of a trip 'round the world in eighty days, or more or less. Well here we offer a trip in eight world-wide laughs—good ones or we miss our guess:

Barnyard or Broadway.

Archie (absent-minded newlywed at store)—I can't remember what I was sent for—a casserole or a camisole.

Clerk (giggling)—Is the chicken dead or alive?—Vaudeville News.

* * *

Plays Safe.

Stage Hand—I did you say you wanted a window or a widow?

Show Manager—I said window, but they're both much alike. When I get near either of them I always look out.—Japan Advertiser.

* * *

He Knew Girls.

May—Meet you tomorrow night, usual place, seven o'clock.

Ray—Right What time will you be there?—Sidney Herald.

* * *

Improbable.

Old gentleman (to street gamin)—How old are you little boy?

Hansel—Five years, sir.

Old gentlemen—You must be mistaken. You couldn't get that dirty in five years.—Klod Hans.

* * *

Shocking!

Hello Girl—Some of the things said over the wire are not fit for me to hear.

Lineman—Aw, you can't expect to work around electricity and not get shocked.—London Telegraph.

* * *

To Be Decided.

Kindly Stranger (to pedestrian knocked down by motor)—Are you hurt?

Pedestrain—I don't know, I haven't seen my lawyer yet.—La Rire.

* * *

Prophet Without Honor.

"Have you ever met your ideal man?" simpered a young maiden.

"I met him two years ago," returned the lady novelist.

"And is he still your ideal man?"

"By no means" returned teh novelist. "He's my husband now."

* * *

Safety Worst.

Nervous old lady—Will this train stop at the terminal?

Conductor—I hope so, or there'll be an awful smash if she doesn't.—Winnipeg Tribune.

The city council last night adopted a report of the Finance Committee recommending that the final payment of $300, completing the annual grant of $1000 to the Board of Trade be paid. Ald. Kelly wanted to know if the Board made a formal statement of activities to the city.

HELIGOLAND FORTS TOTALLY DESTROYED

Nothing Taken For Granted by Allied Commission in Charge There.

HAMBURG, Nov. 19.—(By Canadian Press)—Heligoland as a German fortress has been wiped out under the supervision of the Inter-Allied Commission, and little remains today of the once powerful fort. The work of demolition has been going on for two years, and while not entirely completed yet the Commission, of which Admiral Sir Edward Charlton is the head, is said to be satisfied that the island of Heligoland never again can be a menace to the Allies. What little is left of the harbor, including the land reclaimed from the sea by Germany, it is expected will be gradually destroyed by the North Sea.

The work yet to be done in the demolition of the fortress is expected to be completed next April. Then a final inspection will be made by the Commission, and it is expected that Heligoland will then be handed back to Germany, under the provisions of the Peace Treaty. The Commission has withdrawn the officers in control of the work of demolition, and the remainder of the undertaking has been left in German hands. Quarterly visits will be paid to the work by the Commission until it is entirely completed.

The Commission has left nothing to be taken from granted, even though the German authorities have aided, rather than hampered, the progress of the work. Naval officers have seen the great guns cut into pieces. In the destruction of cartridges, cases, fuses, etc., they have always insisted upon the production of the scrap metal, while in the destruction of the vast stores of explosives where there is no residue to produce as evidence, they have personally watched the burnings. Admiral Charlton is said to be satisfied that very little in the way of warlike stores can have been concealed.

Besides the destruction of guns at Heligoland, gun emplacements and harbor works, on the island have been broken up. In addition to guns, many of which were very large, batteries of howitzers and aircraft guns have been demolished.

In order to make certain that Heligoland can not be utilized again as a site upon which to build a harbor for warships the Commission has placed blocks of stone and concrete about the bed of the harbor so that dredging will not be possible.

Ald. Kelly suggested at last night's council meeting that it was now time for the city to consider the matter of providing relief employment during the winter. The mayor replied that the proposal of the federal government for assisting had been found to be of no use here and more information was being waited for before anything definite was undertaken.

Indoor Life

Spending more time indoors makes women far more subject to constipation than men.

The liver becomes sluggish and torpid, the bowels constipated and the system poisoned by impurities.

If you would get away from the myriads of ills which result from constipation, it is only necessary to use Dr. Chase's Kidney-Liver Pills.

The benefits from their use are lasting as they are prompt and certain.

Mrs. John Barry, 18 St. Isable Street, Quebec, Que., writes:

"This is to certify that I was troubled for years with constipation and tried kinds of medicines without relief. At last my husband suggested that I try Dr. Chase's Kidney-Liver Pills. I did so and must say that they have given me more relief than all the medicine I have taken during the last fifteen years. I may also add that I have used Dr. Chase's Ointment for piles with excellent results."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto.

TAYLOR STREET IS DISCUSSED AGAIN

Council Would Favor Work Being Done at $20 a Lot—Give Residents a Chance.

An enquiry from Ald. Frizzell as to the matter of grading Taylor Street precipitated another discussion on this vexed question in the council meeting last night.

Mayor Rochester said the city engineer had been asked to turn in an estimate on a four-foot walk. Some residents had come to him, however, and had said that they wanted rough grading or nothing at all. The difficulty was that some of the residents were ready to pay cash for the work, but some of the outside owners would not stand for it being done.

Ald. Perry felt that there was no danger of the lots reverting to the city if the work of putting in an eight-foot walk was done on the local improvement plan.

Ald. Parker was opposed to the putting in of a plank roadway, although he thought the residents there were entitled to a road. He thought that some of the residents who said the work of doing the grading could be done for $20 a lot be given a chance to contract on it.

Ald. McNeill was of the opinion that neither planking or grading could be done for $20 a lot.

The matter was left over, the mayor reflecting the evident opinion of the council when he said that he would be willing to allow residents to undertake the work if they would contract for it at $20 a lot.

Sport Chat

Basketball, billiard and whist teams are now well organized to take their part in the schedule of recreation for the winter season and are already going strong. The different matches are watched with interest by many people but the trouble is that being spectators is as far as many of them get in taking part in the fun concerned. At this time of the year the necessity for a gymnasium, in which many people not privileged to actually take part in these winter recreations may get exercise, is felt keenly. It is to be hoped that another winter does not pass in this city without a modern and well equipped gymnasium having been established. It is a live question and one that should be taken up without delay.

The playing of indoor baseball in Prince Rupert is another line of sport that might well be started here. It has been mooted for a long time but that seems to be about as far as it ever gets. The many outdoor baseball players ought to make good material for indoor baseball and, especially in view of the breaking up of the Senior basketball league, it would seem that there should be little difficulty in organizing an indoor baseball league. There are a lot of athletes here who from present indications, will have little to do if something like this is not started. It is not too late to begin now to have this good sport, which was played so successfully here in the early days, resumed.

Stanislaus Zbyszko, the giant Pole, champion wrestler of the world, forty years of age, is out with a challenge to meet all comers. "Biscuits" is anxious to retire, but, before doing so, he wants to give every wrestler a chance to win the title. He recently returned from a visit to his old home in Poland and on November 7 he defeated Earl Craddock, former champion in a finish match at Des Moines, Iowa. At Madison Square Garden, New York, on November 28, next Monday, he will defend his title against Ed "Strangler" Lewis. Tex Rickard, the promoter, will present the winner with a diamond studded belt. It will be remembered that Zbyszko won the title from "Strangler" when he succeeded in breaking his deadly headlock

WHIST DRIVE AND DANCE LAST NIGHT

Fourteen Tables of Cards and 75 Persons at Dance Following.

The St. Andrew's Society held a whist drive and dance last night in the club quarters. There were 14 tables of cards and 75 persons attended the dance. The affair was enjoyable, as are all events put on by this organization.

The prize winners at whist were Mrs. A. Clapperton and L. F. Fuller, consolation awards going to Miss Perry and Joe Howe.

Following the card playing, a dance was held in the hall. The orchestra comprised Mrs. J. Gawthorne, R. Arthur, Jr., and Howard Yhite. W. M. Brown was master of ceremonies and A. Clapperton was on the door.

Delightful refreshments were served in the course of the evening.

The committee in charge comprised W. M. Brown, A. Clapperton, J. A. Allen and J. N. Kelly.

J. Dunn, Lockepore, E. E. Russ, Skidgate, and Mr. and Mrs. W. B. Percy, of Thurston Harbor, were among the arrivals from the southern Queen Charlotte Islands on the Prince Albert last night.

TERRACE is a thrifty, growing town. The chances are good that oil will be struck in the immediate vicinity, as seepages have been found, much ground has been staked and a drilling outfit is on its way there. We offer for sale eighty acres of land, 1¼ miles from the town on a good road at $12.50 per acre. This is your opportunity to participate in the enhanced real estate values that will surely follow the growth of Terrace.

Staff Sergeant McLeod of the Royal Canadian Mounted Police, and Miss Helen Corbett were quietly married by Rev. William Graham last week. There was a wedding breakfast at the home of Mr. and Mrs. Charles Freeman and then the couple entrained for Edmonton where their honeymoon will be spent. Miss Corbett has been a member of the Bank of Montreal staff for some years.

Sealed tenders superscribed "Tender for Steam Cruiser" will be received by the Honorable the Minister of Public Works up to 12 o'clock noon of the 30th day of November for the construction of a 55-ft. steam cruiser.
Delivery—New Westminster Wharf.
Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honorable the Minister of Public Works for a sum equivalent to ten per cent. (10%) of the amount of the tender, which shall be forfeited if the party tendering declines to enter into contract when called upon to do so, or if he fails to complete the work contracted for.
Deposits of unsuccessful tenderers will be returned to them upon the execution of the contract. Tenders will not be considered unless made out on the forms supplied, signed by the actual signature of the tenderer, and enclosed in the envelope furnished.
Plans and specifications may be seen on and after November the 14th, 1921, at the office of the Public Works Engineer, Victoria; the District Engineer, New Westminster, and the District Engineer, Court House, Prince Rupert.
Intending tenderers can obtain from the undersigned one copy of plans and specifications by depositing $10.00, which will be refunded on their return in good order.
The lowest or any tender not necessarily accepted.
(Signed) "F. PHILIP,"
Public Works Engineer.

EDMONTON SENDS DOG SLEIGHS TO THE NORTH

EDMONTON, Nov. 22.—Next spring 300 or more dog sleighs will be sent north on the first open water, for the trappers and traders of the fur country. They will be on sale on store rooms of the fur trader from Fort McMurray to the Arctic Ocean, and from Fond du Lac to the outposts of the rivers which flow from the mountains into the Mackenzie.

Annually large shipments are made by the Northern Boatbuilding company from Edmonton, and the present season is no exception, the employees of the company being busily engaged constructing the sleighs which will haul the furs of the Eskimos from the Arctic littoral, those of the Chipewyans from the country bordering the Great Slave Lake, and the peltries of the Yellowknives from the Barren Lands. In addition they are used by white travellers of the north; the inspectors of the fur trading companies utilize them on making their rounds in the dead of winter, while the Mounted Police also use them for patrol work on the Mackenzie, and on the overland route from that river to the Yukon.

GERMAN MACHINE GUNS WORKED BY ELECTRICAL DEVICE

Genuine Reduction of Army Not As Great As Is Thought.

BERLIN, Nov. 22.—As an indication of the continued activity of the Germans along military lines, it is known that they have perfected various new types of machine-guns, some of them double or treble barrelled, some worked by electrical devices which obviate the necessity of gun crews. As described by an expert, one of these machine guns, weighing some 22lb. and capable of spreading 2,000 rounds per minute in a complete circle from each of its three barrells, could be worked electrically by a machine-gunner squatting, say, half a mile from the gun. Think of it—no gun crew at the gun-side, and 6,000 shots a minute in any direction or in three directions at once.

It is frequently supposed that in spite of much chicane and not a little pugnacity from the German General Staff, the Allied military representatives have succeeded in effecting the genuine reduction of the legitimate Regular Army, the Reichswehr, to an establishment of 100,000. That is, however, a mistaken notion. On the one hand, every conceivable trick has been, and is being, resorted to with a view to maintaining an ample surplus establishment of officers in commands and subordinate staffs. By means of shufflings and "attachments" the complement of senior officers, particularly, is still in excess of actual requirements.

Again, large branches of the service were camouflaged as civil officials by the transfer bodily of supply, ordinance, pensions, medical, and similar auxiliary services from the control of the Ministries of War to that of other ministries.

MENNONITES TREK SOUTH

SASKATOON, Sask., Nov. 21.—The much heralded exodus of old colony church Mennonites from Western Canada to Northern Mexico is to become a reality, for arrangements have been completed whereby an advance party of 1,000 will leave the Hague district in the near future to do pioneer work on their new holdings. There are about thirty different sects of Mennonites and this is a distinct movement from that proposed by one section of Mennonites who have purchased land in South America. An official statement, signed by Bishop Wall, of the Hague district, declares: "Our only objection to staying in Canada lies in the fact that the concession granted and ratified by the federal government giving us entire right to conduct our schools without molestation or restriction has now been repudiated." The original charter granted by the government was signed in 1873.

The transfer of property from the Mennonites to a Winnipeg company is near completion and under the terms of the agreement all land must be vacated by December 1, 1922. The holdings of the Mennonites in the Hague district comprise 85,000 acres.

This deal is also entirely independent of the Mennonite colonies of Swift Current and Manitoba, although these people have already contracted for the purchase of blocks of land in Northern Mexico. When the trek of old colony church sect has been completed a total of 11,000 of these people will have left Canada for Mexico. Another 11,000 will be affected by the move to South America, but, as it was pointed out by Bishop Wall, they are not members of the old colony church.

It is against the law of the church for any of these people to do any other kind of business except farming, in which they have been very successful in Western Canada. It is estimated that the old colony church members leaving the west will take with them a total of some $11,000,000 in cash, or about $15,000 net cash per each family on the average. The Mennonites are not, as a great many people believe, community farmers, each farmer owns and controls his own land within the block purchased by their eladers for them.

The land company that is purchasing the Mennonites farms in the Hague district will settle a colony of Poles there, brought exclusively from the United States.
