MANY NEW FISHING BOATS BEING BUILT

STORM GENERAL ALONG COAST AND INTERIOR BUT LITTLE DAMAGE RESULTS

STORM GENERAL ALONG COAST

Umatilla Lightship Broke Adrift at Cape Flattery—Practically no Damage Done Here

That the storm of yesterday afternoon and last evening was by no means local is indicated by news received by the Digby Island wireless station that the Umatilla lightship Cape Flattery, which guides trans-Pacific shipping into the Straits of Juan de Fuca, broke adrift yesterday. It is understood that the lightship was able, under her own steam, to get into shelter and is probably in her position again.

The storm was general along the coast but, as far as is known, it did not penetrate into the interior.

Here, between 11 yesterday morning and 11 at night, there were gusts that reached a velocity of 60 miles an hour, S. C. Jackson ,Dominion meteorologist, reports. The only damage in the city, as far as could be ascertained this morning, was the picking up of 16 feet of plank sidewalk on First Avenue near the Besner Apartments during the night. It was dropped into the centre of the street.

FIVE CHILDREN FIRE VICTIMS

Woman and Family Burned to Death in Shack: Two Die in Hotel Fire

COCHRANE, Ont., Jan. 20. — Six lives were lost when the cabin of N. Bedour, a homesteader, was destroyed by fire. The victims were Mrs. Bedour and her five little children.

In another fire the Canada hotel, a boarding house and pool room, was totally destroyed. The hotel guests Edward Havcourt and Ernest Freschette were burned to death.

BELLINGHAM NEARLY IN TROUBLE DURING STORM LAST NIGHT

After leaving the Royal Fish Co. dock, where she discharged three carloads of frozen fish for transshipment east, at 5 o'clock yesterday afternoon, motorship Bellingham, Capt. Len Williams, had engine trouble in the harbor and was blown almost on to Wolfe Island by the howling southeast gale. Fortunately, however, the vessel obtained anchorage close to the island and resumed her voyage about 10 o'clock last night. The lighthouse tender Newington, Capt. Ormiston, and the power boat Pachena, Capt. Swanson, put out from their moorings to offer assistance but Capt. Williams found it unnecessary.

The Bellingham is bound from here to Seattle, having cargo for that point from Ketchikan.

GREAT INCREASE IN TEA CONSUMPTION

The consumption of tea, it is estimated, increased in 1924 thirty-nine million pounds. The price, as a result, may go to $1 per pound, but even then, tea is the cheapest beverage in the world—aside from water.

EDSON ARGUES AGAINST BRULE

Says Railway Over Proposed Route Would be Through Unproductive Country

Edson Board of Trade is out with a strong argument against the suggested Brule route to the Peace River and it has a pet route of its own to propose. The same argument used by the Edson people would apply to the more westerly route only with greater force. The statement issued by the Edson Board follows:

In discussing the location of the proposed railway for giving a western outlet to the Peace River district, it does not seem to have been sufficiently considered that the supply of free land in the west suitable for settlement and near to railway accommodation, is now very restricted. The railways proposed through either of the passes in the rockies or by way of Brule, do not open up land which is settled or will be attractive to settlers.

Through Passes

A line through one of the passes must be anticipated sooner or later, but it will be costly and difficult to construct. The lien to Brule, which was supposed to be capable of serving

(continued on page six)

GUESSING BRIGADE IS BUSY AT OTTAWA

Not Likely that an Election Will be Held Within the Year Officials Say

OTTAWA, June 20.—The political guessing brigade is busy making a new guess every day as to when the Government will make an appeal to the country. Finding that the suggestion that an election in June was not likely to be true they have now set the late autumn as the possible time for the vote to be taken.

In spite of these reports, which are usually sent out by those opposed to the Government, there is no present intention of the Government to go to the country within the next year. Unless some important change takes place during the coming session, another session will be held before an election takes place.

NEW OFFICERS OF PYTHIAN KNIGHTS

Fred Garton Heads Lodge for Forthcoming Six Months—Installations Last Night

Skeena Lodge No. 45, Knights of Pythias, installed officers last night for the first six months of 1925 as follows:

Chancellor Commander, Fred Garton.
Vice-Chancellor, E. Hudson.
Prelate, H. M. Blake.
Master of Work, Jack Bulger.
Keeper of Records and Seals, F. W. Wesch.
Master of Finance, Sid Hamblin
Master of Exchequer, G. W. Johnston.
Master at Arms—W. W. Wood
Inner Guard, P. J. Ryan.
Outer Guard, F. W. Hart.

The installing officer was H. M. Blake, district deputy grand chancellor and the ceremonies took place in the Boston Hall. Refreshments were served.

Epping Forest is "thinned" once every seven years to allow room for the oaks to grow unimpaired. The thinning is now taking place and scenes reminiscent of the Canadian woods are daily enacted within fifteen miles of London.

OLIVER DENIES REPORTS ABOUT OTTAWA VISIT

VICTORIA, Jan. 20.—Premier Oliver denies the report that the Pacific Great Eastern Railway is no longer a factor in the development of the Peace River country. He declares he is more hopeful about the railway's future than he was before going to Ottawa.

FIRE AT HOPE BURNS LIQUOR

Seven Thousand Dollars Worth of Wet Goods go up in Smoke

HOPE, B.C., Jan. 20.—Occupants of the Raymond Block were forced to escape from the building in night attire by a fire which completely destroyed the building. The stock in the liquor vendor's store valued at $7,000 was lost as was also the furniture and equipment in the restaurant and general store. It is estimated that the loss amounted to $30,000.

FEW HERRING YET IN THESE WATERS

Fredelia Out Scouting For Schools But None Large Enough Yet Found

Reports indicate that a few small schools of herring have arrived in nearby waters but not in any quantities large enough to make it profitable to fish for them. The cold storage herring boat Fredelia is out in charge of Capt. Skog scouting for the fish and it is probable that very soon some word will be received of larger schools which will be caught for halibut bait.

BILL HART'S WIFE WINS LEGAL SUIT

LOS ANGELES, Jan. 20. — Winnifred Westover Hart today won a victory over her former husband, Bill Hart, obtaining the legal right to return to screen work until she obtains a divorce.

Advertise in the Daily News

Number of New Fishing Boats Being Built in the South for Opening of Season Next Month

The opening of the halibut season on February 16 will see a number of new vessels engaged in the industry and during spring others will enter the business. Seattle yards are busily engaged building for the fishermen. The result will be that more fish than ever will be caught as long the banks stand the drain. Telling of some of the new boats and also of the winter quarters of some of those already in the business, the January number of the Pacific Fisherman says:

Except for a few boats out after scrap fish, the vessels of the Pacific halibut fleet are tied up for the closed season at the various ports along the coast, where there is exceptional activity in the way of overhauling and putting the boats in first class shape for the new season. Most of the vessels are wintering at various points on Puget Sound, including Salmon Bay, Lake Union and yards along the Lake Washington Canad, Poulsbo, Gig Harbor, Tacoma, etc., although there are a good many at British Columbia and Alaska ports. Many of the yards are also busy on new boats, some of which will be ready to go out at the start of the season, while others will not be completed until late in the spring. Probably the largest number of boats at any one point are moored around the Fishing Vessel Owners Marine Ways, Seattle, where all available space is crowded to capacity.

At this plant the 86-ft. schooner Paragon, owned by H. Nesland, E. Erickson and Capt. P. Jacobson was recently launched. She has an 18-ft beam and 9½-ft. depth of hold, and is powered with a 165 h.p. Enterdiesel engine. Her winches were manufactured by the Fishing Vessel Owners Marine Ways. The Paragon will be a replica of the Foremost with the exception that her planking will be one-fourth inch thicker throughout and that her bulwarks will be of solid construction. Bunks and lockers for a crew of 12 men are located in the forecastle, while the ship's galley with quarters for the cook and engineer are located aft. She will be ready for her trial trip about the last of January.

The Havana, owned by Fred J. Sorenson, recently launched by Sagstad & Moberg, Seattle, is being fitted up for her trial trip about the middle of January. She is 72½-ft. long, with a 19-ft. beam and depth of 8½ ft. and is powered with a 110 h.p. Washington Estep diesel engine.

A 67-ft. long-line halibut

(continued on page 5)

NO WORD ABOUT ELEVATOR BIDS

Though word has been expected eagerly with respect to the awarding of the contract for the foundation and dock of the elevator here, nothing has been received officially up to early this afternoon. It is assumed that the Department of Trade and Commerce is taking longer to consider the bids than has been expected.

There has been wire trouble between here and the East today and this may account for the delay.

RAYMOND NOVAK KILLED SELF

Note Says he did so Because he Had no Money: Daughter said to Live Here

VANCOUVER, Jan. 20.—Among the possessions of Raymond Novak, whose body was found in Stanley Park yesterday, where he blew the top off his head with a revolver a month ago, was a note reading "No money, must kill self."

Novak's daughter is said to reside in Prince Rupert.

SNOW AT TERRACE

TERRACE, Jan. 20. — There was a blizzard here yesterday afternoon and evening piling the snow around the fences and buildings and almost covering them.

Fred Allen, charged in the city police court this morning with supplying liquor to Indians, was dismissed.

PASSED AWAY LAST EVENING

Death Occurs Peacefully of Mrs. C. L. Youngman, Prominent I.O.D.E. Worker

After a lingering illness of two years from which there was no hope of recovery, Mrs. Charles L. Youngman passed peacefully away at 7 o'clock last evening at her home on Graham Avenue, Westview.

The late Mrs. Youngman was born in Newcastle, Ontario, and passed her thirty-ninth birthday last September. She was the daughter of the late C. B. Lockhart and Mrs. Lockhart. Her mother, who resides in Portland, Oregon, arrived in the city several months ago and was present at the end. Besides her husband, deceased is also survived by two daughters, Audrey in Portland and Vera, here. A sister, Mrs. E. S. Coates, formerly Miss Vera Lockhart of this city, resides in Portland.

Having resided in Prince Rupert since 1909, the late Mrs. Youngman took an active part in the work of the Imperial Order, Daughters of the Empire. She was a member of Adair Carss Chapter and was largely instrumental in the valuable work now being done by the chapter in connection with the care of the soldiers' plots in Fairview Cemetery. For two years she was regent of Adair Carss Chapter having been compelled, through ill-health, to relinquish those duties last year. Her passing will be a matter of deep regret to a wide circle of friends and the deepest sympathy is being expressed for the sorrowing family.

Funeral services will take place at 2.30 on Thursday afternoon from the Presbyterian Church Hall to Fairview Cemetery, Rev. Dr. H.R.Grant officiating Hayner Bros. have charge of arrangements.

MILITARY TRAINING

Classes Being Conducted For Members of Local Regiment by Instructors From Victoria

Classes in infantry instruction and in signalling are now being held in the city for members of the North B.C. Regiment by Sergeant Major A. Youngman and Signalling Instructor Sergeant A. L. Russell of the Princess Patricia Canadian Light Infantry, Work Point Barracks, Victoria. The classes will take about six weeks time.

Sergeant Major Youngman has in his classes: For officers' commissions, Provisional Lieutenant Norris W. Pringle, Provisional Lieutenant Sidney Barett-Jones and Provisional Lieutenant Alex. Rix. For sergeant's rank, Company Quarter Master Sergeant R. E. Hudson, Acting Sergeant Albert Palmer and Acting Sergeant G. A. Cadwallader.

In Sergeant Russell's signalling class are Lieut. Jack Barnsley, Pte. G. V. Wilkinson, Pte. Peter Black Jr., Pte George Bell, Sergeant A. J. Squires, Pte. G. L. Warner, Pte. A. Smith and Pte. W. Burgess.

Sergeant Russell is also giving signalling instruction to 23 cadets from the Prince Rupert High School.

AIRPLANES FOR GOLD DIGGINGS

Proposal to Operate Two from Wrangell to Dease Lake this Spring

PLANS ARE BEING LAID

Alaskan Now in Seattle Arranging for Purchase of Machines for Scrivce

SEATTLE, Jan. 20.—A. O. Sahlinger, an Alaskan, is here negotiating with the Boeing Airplant Company for two planes which he proposes to operate between Alaska and the new gold diggings in the Dease Lake country of British Columbia. He is also making arrangements with the customs departments of the United States and Canada so that his operations across the boundary may not be hindered by international complications.

Hydro-Airplanes

The present plan is to operate two one-ton hydro-airplanes capable of accommodating 12 passengers. They will make their headquarters in Wrangell, clearing at the customs house at Boundary on the Stikine River. Dease Lake would be the other terminus.

The new service will begin this sping and will cater to the gold seekers who are said to be all ready to rush into Eagle

(continued on page six)

FINE AND JAIL LAW OFFICER

Prohibition Agent Has to Pay Thousand Dollars and Serve 20 Days

FAIRBANKS, Jan. 20.— D. W. Flannigan, prohibition agent for the federal government, has to pay $1,000 and go to jail for 20 days for assaulting Peter Kendell in an alleged illegal raid on the latter's home here. Flannigan is well known in southeastern Alaska where he was connected with the U.S. Marshall's office at various points.

CARDENA DELAYED BY WEATHER AND LATE FROM NORTH

Union steamer Cardena, Capt. A. E. Dickson, is delayed by stress of weather in the north and will not be in from Anyox, Alice Arm and Stewart until six o'clock this evening. The vessel will sail at 6.30 for Vancouver and wayports. Amlong these booked to sail on her for Vancouver are: W. R. McAfee, A. E. Johnston, G. A. Petrie, Andrew Gray and Mr. and Mrs. R. M. Taylor and family.

ARRANGEMENTS FOR CHINESE THEATRICALS

Louis Wing and Lee Sam, representing the Pyne Min Society today met the executive committee of the hospital consisting of E. H. Mortimer, Jas. H. Thompson, and Pres. D. C. McRae.

Arrangements were made for the society to put on a show at the Empress Theatre February 6, the proceeds to be for the benefit of the hospital. The novelty of a Chinese show will insure a full house it is thought.

DAILY EDITION Tuesday, January 20, 1925.

Peace River Railway May Yet Come West.

Apparently Hon. John Oliver is being misquoted by some of his journalistic enemies in regard to the Peace River. A despatch today says he still has hope that the P.G.E. will be a fatcor in the new system and that would mean that the line would come out to the G.N.R. somewhere in the neighborhood of Prince George. Such an outlet would suit Prince Rupert much better than the Brule Lake cutoff. It must be remembered in connection with the reports that come here from Vancouver that some Vancouver interests are very keen to have the Brule route adopted and they see nothing else possible.

Engineer Mine Is Being Operated.

The famous Engineer Mine of Atlin is being operated by the new owners after being tied up by litigation for a number of years. This is a good thing for Atlin and a good thing for British Columbia. It is a rich mine and has enough ore to keep going many years. It is to be hoped that nothing further will interfere with its development and operation.

What Part Will Prince Rupert Play In Cassiar.

What part will Prince Rupert play in connection with the gold rush to Cassiar. Airplanes are to be operated from Alaska and the Hudson's Bay Company has as much business in sight as it can handle. Where will Prince Rupert come in? Can anything be done to get some of the business which will be offering? These are questions worth considering.

Wildness Has Its Appeal To Many.

"I like the bluster of this north country," declared a fair maid just returning from a visit to the south. The wildness of the wind and the changes of temperature have their appeal. They have for all of us who have become accustomed to them. The north "gets us" as Service would say. We live here for a few years and then wherever we go we long to be back once more.

"The call of the north" is a curious feeling. It is the same feeling that draws the geese and ducks northward every summer and induces them to remain just as long as possible among the wilds of the far-away country. At one time the call of the west had its lure but now that the west is becoming civilized it is the north to which those men turn who wish to be on the frontier.

Why Not Keep A Few Chickens?

There are a good many poultry fanciers in Prince Rupert and some of them say they are getting good results. This is something worth considering, especially for those who live some distance but from the centre of the city. Fresh eggs are worth a great deal and it is always desirable to have some that can be depended on. Many more people in Prince Rupert might keep poultry than do so at present and there seems no good reason why they should not go in for breeding fancy stock.

"I was Greatly Distressed With Pains in the Back"

Mr. Alfred McNeill, Chapel Rock, Alta., writes:

"During the winter of 1920-21, I was greatly distressed with pains in my back and felt tired and depressed most of the time. Particularly during the night I was troubled with frequent urination, some nights having to rise almost every hour. I tried several different treatments without success, until finally I began using Dr. Chase's Kidney-Liver Pills, and they relieved my condition before I had finished the first box. I am feeling better this summer than I have for years, and although in my 67th year, can work all day without any undue fatigue."

Dr. Chase's Kidney-Liver Pills

35 cts. a box of 35 pills, Edmanson, Bates & Co., Ltd., Toronto

MCMULLIN GETS MUCH PRAISE

Provincial Police Force Comes in for Enconiums by Vancouver Paper

Colonel McMullin formerly of this city is getting good results with the provincial police force of which he is head and Hon. A. M. Manson, under whose department it comes is backing him up and encouraging him to continue the good work. The Vancouver Star mentions the Colonel specifically in a front page editorial in a recent issue as follows:

Splendid forward strides are being recorded from week to week by the provincial police. Reports received yesterday that Sowash, one of the much-sought principals in the Beryl G. hijacking murder case, had been apprehended in the south and will be brought back for trial, were welcome indeed. The uncovering of the story behind the veil of mystery that lay so long over the disappearance of the Vancouved skipper and his son has been a splendid piece of detective work.

The quick apprehension of the Nanaimo bank bandits, their extradition, and also that of the notorious Eggers brothers, who are held at San Francisco for two patricularly daring rum piracies, is also police work of the highest calibre.

Not so spectacular, but just as consistent has been the steady progress made in the Janet K. Smith case. Valuable evidence has been secured. Loose threads have been gradually brought together and a reasonable picture is commencing to stand out on the canvas that at first was so complete a blank.

Under Col. McMullin, Inspector Owen and Inspector Cruikshanks, this outstanding detective and police work has been carried on. It has been done quietly and efficiently, in accordance with the best traditions of any service. The provincial police as a body are winning their way into popular respect and confidence.

Perhaps it is not too much to hope that in time they will reach the proud position prophesied by Attorney General Manson in his speech before the board of trade—a position where they will stand, as the Northwest Mounted Police did in their most glorious days, with nation-wide recognition as a force unequalled for courage, daring, skill and devotion to duty. The picture of the red-coated rider of the plains who would rather die than than fail in his task, may be reproduced by the B.C. Provincial Police. They will have the best will of the people of the province as they go on building up their reputation, and their progress will be watched by proud and sympathetic eyes.

In the Letter Box

ON ACTIVE SERVICE

Editor Daily News.

As I went for my mail last Saturday I was handed a letter from the National Protective Agency with the demand of $18 due to the General Hospital which was a surprise to me as the said amount was due November 4, 1918, a week before the Armistice. The debt was incurred owing to the influenza and this letter from the States was my first notification of the said debt, which was over six years ago. Now I would like to know if I have to pay for medical attention to my family while on active service as I was discharged as a casualty on August 6, 1919.

A MAN is apt to look silly when proposing to a girl and as a matter of fact he is just what he looks.

Flapper's Rubayat

A SMOOTH running car, that I may go
Where'er I wish and no one else to know.
Beside upon the seat and driving daringly
A real he-man, whose one arm circles me.

A launch put-putting o'er the bay
With only him to keep me company.
A basket filled with lunch enough for two
Oh what a life 'twould be for me and you.

IT'S easy enough to make a living for oneself but the difficulty is to keep the wife and family, the dog, the cat, the gramophone, the radio set, the car, the launch and the visitors.

IF Adam chucked Eve under the chin he would be tickling his own rib.

THE fastest race in the world is a race of modern flappers.

IF money really talked, I'd like to have a little conversation.

IT'S hardly safe to adopt a baby. Some neighbor is sure to come along and say how much it resembles it's dad.

WOULD NOT RESTRICT MINERS FROM STATES

Nelson News Very Outspoken Against Proposal to Prevent Americans Staking Claims

The Vancouver Chamber of mines resolution demanding legislation to prohibit the ownership of mining property by non-British subjects seems to be founded upon thoughtless prejudice, than upon appreciation of the mining situation and its needs in British Columbia today says the Nelson News.

If such legislation were passed it would prohibit the American capitalist from coming to British Columbia and by buying and developing a mining property until he had foresworn his allegiance to his country and become a British subject.

Could anything be more utterly foolish, or more directly contrary to the interests of British Columbia, whose greatest need is capital to develop its industries.

Thousands of dollars are being expended by British Columbia government and publicity organizations with the object of attracting American capital to British Columbia, to provide the funds which are needed for development of our mineral wealth, wealth which is lying dormant because we in Canada have not the money to develop it.

The Vancouver chamber of mines has itself taken the lead in mining conventions which were directly designed to interest American capitalists so that British Columbia could secure the benefits which would accrue from the expenditure of American capital in opening up our mines. Not more than a month ago, delegates from the Vancouver chamber of mines attended a conference in Spokane with the direct object of securing American capital for British Columbia mining properties.

Now, this same body asks for the passage of legislation to slap American capitalists in the face, by telling them that we don't want their money invested in British Columbia unless they will first become British subjects.

We do want their money, we do want to see them develop our mining properties and we do want to see them make a profit out of their ventures, because the best encouragement to investment in mining is a dividend paying mine.

And while we always welcome to the ranks of British citizenship any of our good American friends who desire to become subjects of King George, we are certainly not going to be idiotic enough to say that we won't let them invest in this province until they do.

BAD BLOOD IS THE CAUSE OF PIMPLES AND BOILS

What you need when the blood gets out of order is a good tonic to tone and build up the system and put the blood into proper shape.

For this purpose there is nothing to equal

BURDOCK BLOOD BITTERS

Mr. L. A. Deibert, Allan, Sask., writes: —"For several years I was troubled with boils and pimples. I tried many treatments ,but could get no results. I then took Burdock Blood Bitters and became free of my trouble. It is the only medicine I ever took that did me any good."

B.B.B. has been on the market for the past 46 years; put up only by The T. Milburn Co., Limited, Toronto, Ont.

BRITISH WOULD FISH IN CANADA

Representative of Big Industry Now in East Trying to Make Arrangements

USE LOWER GRADES

Proposal to Spend Three Million Dollars in Big Venture at Halifax

HALIFAX, N.S., Jan. 20.—Major Hugh Green, representing the fisheries industry of Great Britain ,who arrived here Thursday, went before the fisheries committee of the Halifax board of trade yesterday and told the gathering that those whom he represented were ready to spend three million dollars in the development of Nova Scotia fisheries providing the federal government would provide shipping facilities and reasonable ocean freight rates on the government merchant marine. Major Green said the English fisheries had suffered a slump during the past three years due to a change in the gulf stream, injuring the fishing grounds about the British Isles. His reason for going before the local authorities, he said, was simply to acquaint them with what was proposed before going to Ottawa where he said he had an oppointment with the federal government. He left for Ottawa later accompanied by Major-Gen. Garnet Hughes, who, while accompanying Major Green, said he was on private business.

Ships Load Daily

The scheme as outlined by Major Green was to establish a fishing centre in Halifax with three or four hundred vessels fishing out of this port and a steamer sailing every day for England with three thousand tons of fresh fish. The capital was ready for investment, he declares providing the federal government would equip enough merchant marine steamers with storage and coaling facilities suitable to handle such cargo and allow favorable rates. Storage plants would be established at Halifax, he said, and employment given several thousand men.

They were interested in a great measure, he said, in lower grade of fish, skate, cat and even dogfish, which local fishermen do not harvest. These fish, he said, find a ready market in the smaller cafes in the British Isles. France and Italy, too, would provide a ready market for Nova Scotia fish, he said. Major Green said he was also empowered to encourage the shipment of fruits and meats from Canada to Europe. It all rested with the federal government, he said.

ILLS OF MANKIND AGAINST WILL OF GOD IS DECLARED

LONDON, Jan. 20.—When men die of illness it is "not God's will to take them," according to the Reverend Michael B[illegible]n Furse, Anglican bishop of St. Albans.

Addressing the St. Albans Diocesan Conference the Bishop said: "If physical disease is God's will and desire, why did Christ, who came to do His will, fight against it and heal the sick? I cannot believe," he said, "that it is right to say, when a human being dies of a physical disorder, that "it was God's will to take him.' If I said that, I should feel that I had blasphemed."

Bishop Furse added that no medical practitioner would claim to have healed or cured anyone of disease. All that could be claimed was that medicine had helped nature to do her own work of healing.

As a Christian the bishop said he believed that "what the physiologist calls nature's laws are God's laws; that disease and disorder in the physical sphere are as much against God's will as disease or disorder in the moral and spiritual sphere."

GREEKS ARE JEALOUS FOR LIFE OF KING

Attempt to Assassinate Him Caused Indignation in Country

BUCHAREST, Jan. 20.—Copies of Greek newspapers received here show that public opinion in Greece is very much in favor of ex-King George and that the recent attempt to assassinate him has caused indignation among the Greek people.

Details of the attempt upon the life of the former king disclose that he was surprised in the forest near Sinaia by a band of Greeks who fired several shots at him, none of which, however, hit their mark.

The police allege that the would-be assassins, all of whom now are in jail, were in close contact with an organization in Athens, which aims to remove the ex-king from the list of pretenders to a re-created Greek throne.

J. C. Gavigan is sailing on the steamer Cardena this evening on a business trip to Vancouver.

CORPORATION OF THE CITY OF PRINCE RUPERT

TAKE NOTICE THAT:

1. The Council of the Corporation of the City of Prince Rupert intends to construct a planked sidewalk four feet wide on that portion of 8th Avenue commencing from a point eight feet west of the intersection of Bacon Street and 8th Avenue at the north property line of 8th Avenue, thence along said north side as shown on the plans and profiles deposited in the Office of the City Engineer to connect with present sidewalk on Alfred Street, as a local improvement, and intends to specially assess the cost upon the land abutting directly on the work, except such portion of the cost as is incurred at street intersections and at school property.

2. The estimated cost of the work is $520.00, of which $45.55 is to be paid by the Corporation, and the estimated annual special rate per foot frontage is 8.2252662. The special assessment is to be paid in 5 annual instalments.

3. Persons desiring to petition against undertaking the work must do so on or before the 23rd day of February, 1925.

E. F. JONES,
City Clerk.

Dated this 17th day of January, 1925

During 1924—

The Canada Life Assurance Company

(78 Years Old)

Made the following substantial progress:

		Increase.
Total Insurance in Force increased to..	$485,680,000	$73,245,000
Total Assets increased to	108,208,000	8,959,000
Reserves for Protection of Policyholders	89,122,000	8,426,000
New Assurances issued in 1924.....	127,131,000	32,914,000
New Assurances paid for in 1924.....	105,529,000	26,353,000
Surplus earned in 1924	3,541,000	727,000
Total Income for 1924	24,727,000	4,152,000
Dividends to Policyholders in 1924.....	2,897,000	648,000
Total Payments to Policyholders in 1924	10,[illegible]04,000	1,268,000

Above, in brief, are the results for 1924, as shown by the Financial Statement.

Below are some of the noteworthy achievements of the year:

1. Dividends on most classes of policies have been increased.
2. Made the largest surplus earnings in the history of the Company, extending over seventy-eight years.
3. Continued to improve service to public by special educational training of field force, more representatives having benefit of this instruction than in previous years.
4. Placed more insurance with present Policyholders than in any other year, and increased public interest in Monthly Income, Business, Estates and Group Insurance.

(A Complete Annual Statement Will Be Mailed Upon Request.)

SONS OF CANADA WON OVER ELKS

Gil's Beat Maple Leafs in Last Night's Basketball—Grotto Defeated Regiment

The victory of the Sons of Canada over the Elks by a score of 24 to 14 and the defeat of the Maple Leafs at the hands of Gil's by 21 to 18 were the outstanding features of last night's league basketball games. The match between the Grotto and Regiment in the Intermediate League resulted in a win for the former by the decisive score of 48 to 15.

As a result of the win of the Sons of Canada over the Elks, the Senior League standing is once again pretty well tied up. The two teams are now even in point of victories but the Elks have one less defeat. The Sons were good value for their win as the score would indicate. E. A. Mann refereed and the teams lined up as follows:

Sons of Canada—H. Menzies, V. Menzies, A. Mitchell, R. B. Skinner and G. Shenton.

Elks—M. Budenich, A. Phillips, Eddie Smith, W. Lambie and Dave Balfour.

Intermediate League

The Grotto had no difficulty in beating the Regiment in the Intermediate League and, as a result, have undisputed hold on first place in the standing for the time being at least. Ralph Smith refereed and the line-ups were as follows:

Regiment—S. Bazett-Jones, W. Horrobin, H. Floyd, C. McKeown, Albert Palmer and A. Cadwallader.

Grotto—W. Gray, V. Meagher, G. Hill, W. Cavalier, J. McNulty and D. Gurvich.

Ladies' League

In a closely contested Ladies' League game, Gil's team was able to obtain its second victory of the season over the Maple Leafs by 21 to 18. The latter, of course, are still well in the lead as far as the league standing is concerned.

E. A. Mann refereed and the line-ups were:

Gil's—Miss Caroline Mitchell, Miss M. Long, Miss Leona Parker, Miss Willa Dyer, Miss Catherine Harvey and Miss Annie Morrison.

Maple Leafs—Miss Margaret Graham, Miss Lillian Lowe, Miss Aileen Stephens, Miss Myra Harvey, Miss Laura Frizzell, Miss J. Calderone and Miss M. Casey.

League standings to date follow:

	W.	L.	Pts.
Senior League			
Elks	6	3	12
Sons of Canada	6	4	12
Colts	2	7	4
Intermediate League			
Grotto	7	2	14
Colts	6	3	12
Regiment	1	9	2
Ladies' League			
Maple Leafs	5	2	10
Gil's	2	5	4
Junior League			
Tiny Tims	5	2	10
Colts	2	5	4

REGIMENT CHALLENGE HAS BEEN ACCEPTED BY BADMINTON CLUB

A challenge to the Prince Rupert Badminton Club from the Regiment to play a series of games between teams of six from each club was accepted by the executive of the former club last evening and A. H. Carmichael was deputed to make further arrangements. It was proposed to play the games next Sunday afternoon, three games of doubles and six games of singles.

A return series will also be played in the other hall.

NABOB TEA

Tea as it should be

TOURNAMENT FOR BADMINTON CLUB

Mixed Doubles to be Arranged in Which Each Couple Will Play Each Other Couple

At the meeting of the executive of the Prince Rupert Badminton Club last evening it was decided to hold a tournament in the De Luxe hall on the afternoon of Sunday, February 1. There will be a series of mixed doubles in which every couple will play every other couple one game. Those desiring to enter will give their names to the secretary and a committee consisting of A. H. Carmichael and J. W. Scott will arrange the partners in such a manner as to handicap the best players.

Play will commence early in the afternoon by arrangement between the couples, and all games will be played that afternoon. Any not able to attend will miss their games.

It was decided to carry on the club games until the middle of April, the finances now in sight being sufficient to allow for that. If it is desired by the members to carry on to a later date, new financing will have to be arranged.

The secretary was instructed to write to the clubs at Terrace, Hazelton and Vancouver offering members the privileges of the club at any time they may happen to be visiting in Prince Rupert.

Sport Chat

The first inter-town hockey games of the season in the interior took place at Prince George on Sunday and Monday of this week between Prince George and Smithers. On Thursday and Friday of this week Smithers will play at Burns Lake. Prince George anticipates having other visiting hockey teams before the season is over and Telkwa and Vanderhoof it is expected will participate in intertown games to be staged later.

The Hazelton Badminton Club has received an invitation from the Terrace Badminton Club to journey to that point shortly for a number of games and it is expected that arrangements will be made to accept the invitation. Badminton is being successfully and enthusiastically carried on at Terrace and at Hazelton as well as other points in the interior.

The St. Andrew's and Great War Veterans' teams will meet tonight in the second division billiard league. It will be the first appearance of both teams in the second half of the schedule. When the second half started, the Scots had a slim hold on second place in the league but they were displaced last week by the Grotto. They consider their chances good now of getting back the position tonight. Neither the Grotto nor the St. Andrew's are very far behind the leading Billiard Parlor now and the whole leage situation is becoming more interesting.

Teams in the second division billiard tournament tonight between the Great War Veterans' Association and the St. Andrew's Society will line up as follows:

Dr. J. A. West (Great War Veterans) vs. J. Andrew (St. Andrew's).

H. F. Wearmouth vs. J. A. Allan.

E. Fenelon vs. M. Andrews.

S. L. Warrior vs. J. Brown.

J. Fleming vs. S. D. Macdonald

CRIBBAGE LEAGUE

Orange Lodge, Dry Dock, Elks and Regiment were Winners Last Night

Prince Rupert Cribbage League games played last night resulted as follows:

Loyal Orange Lodge 14, Moose 13.

Dry Dock 17, Sons of Canada, 10.

Elks 17, St. Andrew's 10.

Regiment 15, Grotto 12.

The standing of the league to date is as follows:

	W.	L.	Pts.
Orange Lodge	2	0	2
Elks	2	0	2
G. W. V. A.	1	0	1
Dry Dock	1	1	1
St. Andrew's	1	1	1
Regiment	1	1	1
Grotto	0	1	0
Moose	0	2	0
S. of C.	0	2	0

CITY MANAGER BIG SUCCESS

Cleveland Gets Splendid Results in 1924 Under Plan of Civic Government

CLEVELAND, Jan. 20.—(Associated Press).—A long list of accomplishments in the first year of operation under the new city manager charter is contained in the first annual report of Manager William R. Hopkins, submitted to city council. The report reviews the work of each department for 1924 and indicates objectives for 1925.

Although street paving records were broken and all services expanded, unit costs were lowered, and the city started the new year with $525,000 saved out of its 1924 appropriations.

Parks have been rehabilitated, the police force increased and motorized and traffic regulation put on a systematic basis. Light plant rehabilitation has been begun. Fire and police headquarters were sold for $1,700,000 and a new structure, two and one half times larger is under construction.

Rehabilitation Carried Out

"To make the best possible use of facilities at hand we had to begin immediately a general work of rehabilitation which extended into every department, was carried on throughout the year and is still far from complete," Mr. Hopkins' report said.

Although street improvements exceeded those of previous years, Mr. Hopkins reported they were made at a saving which will permit a rebate to property owners of $987,000 on the special assessments levied for these improvements.

Operation of the garbage plant produced earnings more than $100,000 in excess of the estimate and "has made it certain that the operations for 1925 will yield a revenue at the plant sufficient to pay the entire operating cost of the plant, a thing which has not been done in a great many years."

In the department of finance all work has been brought up to date, a considerable part of which had to be brought up from June, 1923, and the earnings of the sinking fund commission increased over $240,000 as compared with 1923.

Wasteful Method Replaced

"The old wasteful method of having city employes come to the city hall for their pay has been replaced by one which pays them on the job, representing a saving of time, which cost the city more than $40,000 a year under the old method," the report continues.

In addition to general rehabilitation of all park property, special attention was given to the planting of 3,565 new trees and 31,941 new shrubs. The public auditorium not only had its most successful year but has brought Cleveland into an entirely new position of national prominence. For the first time in years the waterworks division has been able to meet every demand, and no limitation has been placed on the use of water.

NUMBER OF NEW FISHING BOATS BEING BUILT IN THE SOUTH FOR OPENING OF SEASON NEXT MONTH.

(continued from page one)

schooner, the Zenith, launched recently by the Olson & Sunde Machine Works, Seattle, is being equipped with a gurdy and cable winch manufactured by Olson & Sunde. She is owned by Iverson Bros. and is scheduled to make her trial trip about February 1. The same company has also started work on a 72-ft. halibut schooner for Ehler Bros. & Armstrong. She will have a 17-ft. beam, an 8-ft. depth and will be powered the same as the Zenith. Olson & Sunde winches will be installed.

Sagstad & Moberg are now building a 61-ft. halibut boat for Ed. Strand of Seattle. She will have a 15-ft. beam and 7½-ft. depth and will be powered with a 75 h.p. Washington-Estep diesel engine. Her launching date will be late in January.

Contracts for the building of two new halibut schooners have been received by the Fishing Vessel Owners Marine Ways and their construction will begin early this spring. The first of these vessels will be built for Conrad Petersen, Andrew Johnson and Johannes Selfjord and will be a 70-ft. long-liner, with a beam of 16½-ft. and a depth of 8½-ft. The other schooner is to be built for N. B. Hegge and Julius and Paul Petersen and will be of the same type and dimensions. Both boats will be built after the same pattern and drawing as the Columbia, which was designed by Capt. Heggem, manager of the ways. No announcement has yet been made in regard to the powering of these vessels.

Capt. E. Lund, known as owner of the halibut schooner Tahoma, has sold her to W. Pierce of Ketchikan, who will keep her at the northern port. Capt. Lund is having a new 68-footer built by Johnson of Tacoma, to be ready about the beginning of the new season. She will have an engine of about 90 h.p., but the make has not been decided.

New Engines Installed

The Atlantic, owned by John Garde and Peter Lund is being fitted up for the opening of the halibut season by the installation of a new 75 h.p. Atlas-Imperial diesel engine. The work is being done at the Fishing Vessel Owners Marine Ways.

The Yukon, owned by W. F. Lewiston, G. Paulson, B. Blindheim and E. K. Ongstad, is being equipped with an 80 h.p. Enterprise diesel engine purchased from the Pacific Marine Supply Company, Seattle.

The Ivanhoe, owned by Johnson Bros. & Jensen, is being equipped withm a 60 h.p., Type "C-O" Fairbanks-Morse marine oil engine at the Olson & Sunde Machine Works.

The 76-ft. halibut schooner Senator, owned by Alfred Howe of the Tongass Trading Company, Ketchikan, and Chris Ross, has been for the last few weeks at the plant of the Lake Union Drydock & Machine Works, Seattle, installing a new Union diesel engine. The plant is of the 4-cylinder model, rated at 100 h.p. The trial trip will be run about January 28.

The Corona, owned by Capt. John Courage, in addition to the installation of a new 65 h.p. Fairbanks-Morse Type "C-O" oil engine, is being subjected to a general overhauling which includes the building of new after bulwarks and a new pilot house.

Among the other halibut vessels having new engines installed are the Yakutat, owned by Ivor and John Sellereit, which is being equipped with a 110 h.p. Washington-Estep diesel engine; and the Alaska, owned by Carl Angell, in which a 135 h.p. Washington-Estep diesel engine is being installed.

At the Ballard Marine Ways, the halibut schooner Seymour is being given a general overhauling which includes the renewal of a large part of her topside planking and frames.

Is your wife wiser than you?

IF YOU read only the stock and sporting pages, and your wife is like other women, she is wiser than you. She reads the shopping news.

She likes to hear you jingle money in your pockets. She likes to stretch money to the limit, so she won't have to ask for more. She likes to shop strategically. Know what she does.

Comfortablv at home in a cushiony armchair, she scans advertising columns. She compares, judges and selects the goods she desires; maps her route; with least effort and minimum time, goes direct to the planned store and buys.

She obtains what she wants at the lowest price it is offered. She is certain of full satisfaction, for she knows advertised goods live up to their claims. She saves time and steps, and returns sufficiently alert to enjoy new advertisements---and to prepare you an appetizing dinner.

These advertisements are written for your benefit too. Read them. Help her help you save.

Buying advertised products is a bond investment----not a stock speculation

RAILWAY EMPLOYEES ORGANIZE FOR DANCE

Committees Appointed at Meeting to Have Charge of the Event

A meeting held on Saturday night made arrangements for the holding of a dance of the Canadian National Railway employees and their friends with the idea of getting to know each other better. With that end in view committees were appointed and Harry Thrupp was chosen secretary of the organization. The following were put on the committees:

Hall, decoration and orchestra: Messrs. Folsom (chairman), Annesley, Campbell, Derry, Heffernan, Teng and Horrobin.

Advertising, programs and invitations: Messrs. Beasley (chairman), Forrest, Parry, Robert and Smith and Misses Kemp and Reid.

Refreshments: Messrs. Simpson (chairman), and Rogers and Misses Johnston, Kemp, Taylor, Reid, Burgess, Graham, Harvey and Macdonald.

The date set tentatively for the event is February 27.

MISSIONARY NIGHT AT CORNER CLUB IN THE BAPTIST CHURCH

Last night was missionary night at the Corner Club in the Baptist Church and Miss Haddock, deaconess of the Methodist Church, was the speaker of the evening. Her address was much appreciated and she was thanked at the close. A solo was well sung by Miss Bessie Derry. R. Howard, the president was in the chair. Refreshments were served at the close.

Next Monday night the men will have charge of the meeting.

A GOOD WAY TO INCREASE BUSINESS

Many advertising messages fail to attract attention because they are either unattractive or are too stereotyped.

This is the opinion of one of our busiest and most successful business firms—Albert & McCaffery, Ltd. They have succeeded in interesting many new customers in the story of the famous Nanaimo - Wellington coal and since the coal itself lives up to its reputation these customers are coming back daily for more. Nanaimo-Wellington coal is the premier fuel for the fireplace, range and furnace. More heat—less ash—no rock or clinkers.

You should try Nanaimo-Wellington as soon as your present supply gets low. Better still, if you order some now you can test it out with the coal you are now using. Nanaimo - Wellington stands supreme when a comparative test is made.

To secure a supply phone Albert & McCaffery Ltd., who are sole agents here. Their phone numbers are 116 and 564. tf

STARTING WASHDAY
with the hardest part done...

That's just what our "Thrif-T-service" offers. This low priced service does all the washing—the hardest part of your work, and irons the flat work besides. You can pack your boiler and washboard away in the attic—and when it comes to ironing you'll have only the wearing apparel to do. And the cost is hardly more than for Wet Wash service—it's only a few cents a pound.

AIRPLANES FOR GOLD DIGGINGS

(continued from page one)

Creek as soon as spring comes. In the Eastern Canadian interior planes are reported to have completely supplanted the former methods of passenger traffic and dog teams and boats are used only for the transportation of the heaviest types of supplies and machinery.

Difference of Opinion

Alaskan aeronauts, of whom there are several, have been consulted by Mr. Sahlinger and others who contemplate aerial service to the new placer strike and opinion is divided as to the possibilities of such service. All are agreed upon the fact that the flight is perfectly feasible but the type of plane to be used and whether any profit would be derived is a bone of contention. Army and navy aviators who have been questioned assert that the only plane capable of making steady trips to the new diggings with any degree of safety is a plane of the Douglas air cruiser type which was used by the round-the-world flyers. This machine would cost $12,000 and aside from any other expense would cost $600 to negotiate the round trip from Wrangell to Boundary to Dease Lake and return. The Douglas type of carrier would be able to carry but two passengers, a pilot and very few pounds of freight, so that almost exhorbitant rates would have to be charged to make any profit in such a venture.

Low Cost Machines

Backers of the proposed service, however, assert that the HS-2L plane now used with great success by the Areo-Marine Corporation on the Miami-Key West Bahama run is ideal for the purpose. The HS-2L plane is equipped with two 450-horsepower Liberty motors and has a wing spread of 96 feet. The plane will carry 12 passengers and a pilot with ease and cost less than half the amount required for the Douglas air cruiser and is considered admirably fitted for the proposed service. This plane has high speed, economy of operation, carrying capacity and most important for such a run, exceptional maneuvering ability in its favor. The climb from Wrangell to Dease Lake over the Coast mountains is said to be greater than 2,000 feet and any plane to successfully negotiate such service must be capable of sustained climbing ability.

MOST OLD FOLKS REQUIRE A HEART AND NERVE TONIC

After middle age little sicknesses and ailments seem harder to shake off than formerly as the heart action becomes weak and uncertain and the nerves are not as steady as they were in the younger days.

Now is the time when all aged people who wish to maintain their health and vigor and retain their energy unimpaired should use

MILBURN'S HEART AND NERVE PILLS

Mrs. M. O'Connor, Whitestone, Ont., writes:—"I have been troubled, most of my life, with shortness of breath, palpitation of the heart, and fainting spells. I was advised, by a friend, to try Milburn's H. & N. Pills, which I did, and at once found relief, and I have never had a really bad spell since. I am 80 years of age and I aways keep them in the house, and feel that with their help I will see many years yet. I always recommend them to anyone who is suffering from heart trouble."

For sale at all druggists and dealers.

EDSON URGES AGAINST BRULE

(continued from page one)

both the Grande Prairie district and the coal fields, could not be called direct on any possible route and would have prohibitive grades as a wheat line. If a route is adopted to cut out the excessive length and prohibitive grades, it will render the line useless as a means of getting out the coal.

The opinion prevails here that when there is sufficient demand for coal to justify opening up the Hoppe coal fields, it will be more economical to construct a branch line from the C.N.R. main line into those fields. Any line by which it could be attempted to connect Grande Prairie with the main line at Brule must take a route from Grande Prairie, which would just touch good land suitable for settlement and immediately turn away from it again into the foothills.

Little Smoky

A line up the Little Smoky and Iosegun rivers and down Pine Creek to the Athabasca, connecting at Whitecourt, would be entirely through good country suitable for settlement. From that a short cut off to the main line near Edson, passing through the Mahaska, Shining Bank, and McLeod valley districts, already partially settled by people who went in there on a distinct promise of a railway down McLeod Valley, would involve less cost of construction than any other route hitherto suggested.

This would serve Grande Prairie, and by co-operation between the C.P.R. and C.N.R., the whole of the Peace River district as a western outlet. It would at the same time afford relief to other districts scarcely less in need of railway service than the Peace River district, and would by tempting settlement, become a profitable line throughout, instead of involving a long, expensive haul through vacant and not very habitable territory.

BIRTH

A daughter was born at the Prince Rupert General Hospital on January 19 to Mr. and Mrs. J. Anderson, Richmond Rooms.

The Shooting of Dan McGrew

A picturization of Robert W. Service's immortal work which has been read by millions. A hurricane of emotion that sweeps from the South Seas to Alaska. The true story of the shooting of dangerous Dan McGrew by the orchestra leader, husband of the lady known as Lou, with many incidents both prior to and after the affair supplied by Dr. Sugden, physician and explorer, who was actually present when the tragedy took place. A picture no one should miss.

"Then I ducked my head and the lights went out—and two guns blazed in the dark,
And a woman screamed and the lights went up, and two men lay stiff and stark."
