PATTULLO SAYS BIG MAJORITY

Even British Columbia he thinks Will Turn Down Meighen

VICTORIA, Oct. 22.—"I cannot conceive of Western Canada taking any other stand than that of equality for all Canada as laid down by the Mackenzie King Government," Hon. T. D. Pattullo said in an address here, before leaving for the north. "We only ask to be put on a party with the East."

He declared that some interests in Toronto and Montreal wanted to continue to receive tribute from all parts of the country.

"There is an even more important issue at stake than the freight rates and that is the straight declaration that all parts of Canada must be treated on a fair and equal basis," Mr. Pattullo said. He declared that the Liberal Government had taken the step in advance for the West, and he asked whether the West was going to give up this advantage.

No Conservative Majority

Mr. Pattullo asserted that he was willing to wager that the Conservatives won't have a majority even in British Columbia.

"How about Harry Stevens in Vancouver?" a woman in the audience asked.

"We'll leave him to Jerry McGeer," Pattullo replied.

"I hope they do throw Stevens out, I look upon him as a rattlesnake," the woman replied.

Mr. Pattullo said that Mr. McGeer was the strongest fighter in the cause of lower freight rates for the West and there was no man better equipped to carry out that fight.

RIPE BLACKBERRIES BROUGHT TO OFFICE

THAT THREATEN THROAT & CHEST

The germs of colds, grippe, influenza, and throat troubles are a real peril to everybody. Carried in with the air we breathe they fasten on to the soft delicate membrane of the breathing passages, multiply rapidly and spread irritation and inflammation wherever they go.

The safest and best means of combating this germ peril, is to dissolve a Peps tablet in your mouth whenever the throat feels in the least sore or inflamed.

Peps are a soothing, invigorating and germ-destroying medicine. Their volatile fumes thoroughly disinfect the throat, bringing quick relief from pain and irritation. They put an end to mischievous germs before they are able to carry trouble along into chest and bronchials.

Genuine Infection-Killing Tablets.

Note that every genuine Peps tablet is wrapped in a silver jacket to preserve its freshness and strength, it is also stamped with registered name—PEPS.

PEPS

Whilst PEPS are an expensive remedy to produce the demand has become so great that it has now been found possible to reduce the price to 25c. box of 35 silver-jacketted tablets. Of all druggists.

NEW REDUCED PRICE 25c.

NO PLEBEIAN SHOES.

To achieve elegance, madam ordered a pair of smart boots from an expensive shop. Some days after delivery she returned them.

"Your boots don't fit well. I can't walk in them."

"Madam," replied the dignified shopkeeper, "people who have to walk don't shop here."

SUGAR DOWN; EGGS RISING

Butter Market is Firm — Effect of Tariff on Dried Fruits is Felt

There has been another decline in the price of sugar 20c per hundred during the past two weeks. Due to heavy exports the price of butter has gone up and the market is firm. Eggs are also taking the usual seasonal stiffening and the effect will soon be felt on the local retail market, some of the stores having already applied advances.

The raising of the tariff on California dried fruits imposed with the coming into effect on October 1 of the Australian preferential treaty has had the tendency of increasing the price of dried fruits retailed her. Importation of Australian dried fruits under the new treaty have not yet arrived here. Retailers question whether the Australian varieties will stand up to the American in quality and the belief is that the latter may still hold the market even at higher prices.

Brussells sprouts are due next week on the local market. Few new vegetable or fruit lines are being offered this week while a number of seasonal varieties of produce are over for the year.
