Francois Lake News

FRANCOIS LAKE—My Post Office is proud to have a new patent moistener for stamps and envelopes, which is on the wicket. When my Inspector came from Burns Lake he asked why I had one and they didn't, but I didn't know. I was asking someone from Prince Rupert if there was one there and he didn't think so. Surely our little office hasn't beaten one the size of Prince Rupert! Being very human we do enjoy getting ahead once in a while.

Mr. and Mrs. Calder have four children to live with them, all of one family — Leona, Ivor, Nora and Victor Cramer.

J. D. (Slim) Waring and Mrs. Waring of St. George, Utah, are back again this year to fish and hunt with Alford Harrison. They have their own trailer-house and boat with them, and except to stay for about two months. Slim and Mrs. Waring raise cattle and mentioned that they sold five hundred and fifty head recently and that their cattle range over 128,000 acres.

Mr. and Mrs. W. Babcock and their children Wayne, Terry and Donna arrived Saturday morning from Vancouver by car. Mr. Babcock and Wayne drove in to Prince Rupert, and later in the day Mrs. Robert Bingham and her two small daughters Constance and Colleen drove up from Prince Rupert and joined Mrs. Babcock here for a week.

Jim Van Zanten and the two boys are back home here for a while. Jim was working with the Puhle Sawmill in Terrace but as it burned down he will have no work for a while.

Our son Hugh's wife Josie entertained on Friday in honor of baby Deborah Lee Remanda, and 12 grandmothers and mothers were there, each taking a gift. The baby slept peacefully all evening. Gail Remanda helped Josie serve coffee, strawberry shortcake and chocolate cake at midnight.

The Antoniuks of Prince Rupert stayed in the Ferry Cottage for a week again this summer.

The young folk have been having fun water skiing in front of the Jeffrey ranch and it is exciting to watch.

When we heard the wonderful news that the Queen "is expecting" it reminded me of a charming little story that was in an English magazine before Princess Anne was born. It told of how two little girls in their nursery had heard that Princess Elizabeth (as she was then) was expecting. One little girl asked her nurse "How does the Queen know that she's going to have a baby" "Don't be silly, Margaret" said the other small girl, "Why, she read it in the papers"

We were delighted to learn from the Daily News that Audrey Wrathall has won her senior diploma in the accounting finance section of the municipal administration course. Audrey spent her holidays here several years ago and has visited us once since.

Our rain has come, and it rained all night. Our flowers are stunted for want of moisture and instead of the sweet peas being three feet high they are only about one foot high and the flowers very small and poor. Perhaps they will improve now that there is some moisture.

Wednesday evening, a very stormy night, Hugh found one of the boats had been stolen, so he and Hal got into the outboard, while I called the police in Burns Lake. They found the boat and in it Peter Andrew, a native lad from across the lake. Peter was soaking and apologetic. In court next day Hugh asked for leniency for the lad, but it was his second offence, so he got $100 or 60 days in jail.

We felt badly, but it may deter others from doing the same, for when someone is late for the ferry, it is tempting to take a boat and row across the lake, and then let it float out into the lake. This lad said that he was going to let it go, when he was across the lake, which meant it would have been smashed to bits on the rock bluffs.

Likes noise

HOLLYWOOD (AP) — Neighbors complain that it's too noisy around actor Steve Brodie's house.

They told the city attorney's office that:

Brodie works late at night with a power saw, plays an outside radio loudly, his horseshoe playing "sounds like an iron factory" and the Brodie children bat baseballs into other yards.

Brodie appeared before Deputy Samuel Copeland Palmer III Tuesday and said he had quit the midnight sawing a year ago, had removed the radio speaker and shifted the horseshoe pits.

Palmer suggested that the kids play ball without a bat on a vacant lot.

He set another hearing in two weeks to see how things go.

BRIDE-ELECT SHEILA SLACK

Miniature railway car provides gay gift container for shower

Floor lights of a movie camera and shouts of "surprise" greeted the guest-of-honor Miss Sheila Slack Monday night when she was feted with a miscellaneous shower in honor of her fothcoming marriage to Dougles Slack which will be an event of August 21.

Hostess for the delightful affair, held at the home of Mrs. Alex Newton on 1445 Piggott Place, was bridesmaid-elect Miss Margaret Brunelle. Miss Betty Newton was co-hostess.

An interesting gift arrangement was the focal point during the social hour when Miss Brunelle presented the bride-to-be with a miniature numbered railway box-car, filled with presents.

Both the bride-elect and her bridesmaid-elect are employed with Canadian National Railways.

Seated in the shower chair, festooned with pink and white streamers and roses en tone, Miss Slack opened her gifts.

Refreshments were served buffet style, following a variety of games.

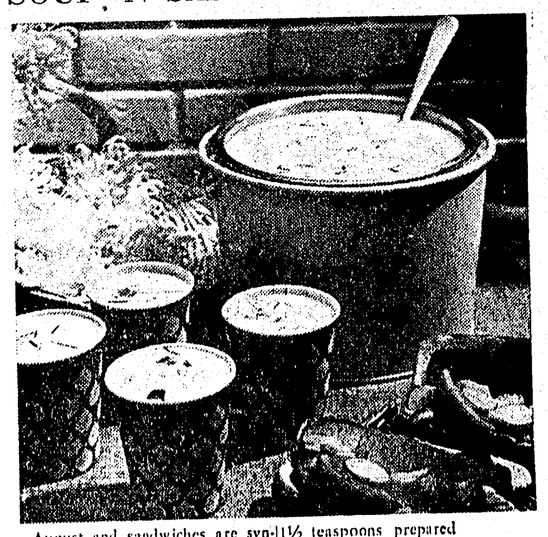
August Eating Mates . . . . SOUP 'N SANDWICHES



August and sandwiches are synonomous! The perfect eating mate with all types and kinds of sandwiches is soup . . . hot or cold.

As handy as the sandwich makings, are the ingredients necessary for your August soups. Here canned condensed cream of chicken soup takes on new appeal when garden ingredients . . . cucumber, fresh dill, and tiny green onions . . . are added before chilling.

As marriageable as soup and sandwiches, are paper cups and chilled soups. Serve your chilled creamy-white soup delight from an ice pail into colorful, disposable paper cups; sandwiches, crisp and colorful, from a straw tray onto paper plates.

It's a convertible meal, anywhere anytime!

AUGUST SOUP

1 can (10 ounces) condensed cream of chicken soup
1 soup can milk
¼ cup chopped cucumber
1 teaspoon chopped fresh dill
1 teaspoon chopped green onion

In bowl, combine soup, milk, cucumber, dill, and green onion. Place in refrigerator for at least 4 hours. Serve in chilled bowls. Makes 2 to 3 servings.

CHINESE CABBAGE HOAGIES

6 ounces sliced roast beef
3 hot dog rolls, slit lengthwise
Chopped Chinese cabbage
1 small green pepper, cut in rings
¼ radishes, thinly sliced
Tomato wedges
½ cup mayonnaise
1 tablespoon chopped sweet pickle
1½ teaspoons prepared horseradish
1½ teaspoons prepared mustard

Arrange about 2 ounces of meat on each roll. Add Chinese cabbage, green pepper, radishes, and tomato. Combine remaining ingredients; serve on sandwiches. Makes 3 servings.

Salad popularity is high . . . especially during August. Serve generous servings of this one. Combine 1 can (15 ounces) beans and pork with tomato sauce and ½ cup diced celery, some minced onion, minced green pepper, a touch of vinegar and salt and pepper. Chill well before serving to 4.

An easy summer main dish can be made by slicing canned corned beef hash into good sized slices (or formed into patties); brown on both sides and serve with heated canned beef gravy.

Going fishing? Yes, into the freezer for a frozen prepared haddock dinner . . . you know, the kind you pop into a 450° F. oven for 20 minutes. Like capers! Why not turn back the aluminum foil over the fish and sprinkle a few on top. Then, reseal and heat.

Harmony prevails in the home when everyone is well fed. For dessert, serve a favorite individual frozen pie, baked to a light golden brown and sprinkled with your favorite spice for real pleasure in eating.
