RATTENBURY CASE NEARING CLOSE

AMERICAN PAPER SHIP RUNS ASHORE NEAR POWELL RIVER

Insanity is Pleaded On Behalf of Stoner; Slaying is Admitted

Counsel For Widow Insists That There is no Case Against Her if Alleged Statements from "Disordered Mind" Are Disregarded

LONDON, May 30: (CP)—Admission that his client struck the fatal blow but that it was an act of insane jealousy while under the influence of drugs and that murder was never intended was the closing plea of counsel for the nineteen-year old chauffeur, George Stoner, charged with murdering Francis M. Rattenbury on March 24. Counsel asked the jury to return a verdict of guilty by reason of insanity or of manslaughter.

Counsel for Mrs. Rattenbury, jointly charged with Stoner, insisted that there was no case against her if they disregarded alleged statements "snatched from the disordered mind of a woman sodden with drink and hysteria."

POWER IS REQUESTED

Bennett to Seek Authority to Revalue Gold in Case it Should be Necessary

OTTAWA, May 30: (CP)—Power to revalue the Dominion's gold reserves will be sought in a permissive bill he intends to present to Parliament before prorogation, Premier R. B. Bennett announced yesterday.

The Prime Minister said it might be unnecessary to use the power but he believed the government should have it in case of emergency.

Germany Establishes Large Army and Air Force

Germany puts the clock back once again, and in Hitler's latest ultimatum to the world at large he announces on the one hand his desire for peace, and, on the other, plans for the establishment of a huge army and air force. He also demands return of German colonies lost after great war. Layout, above, shows—upper right, the German "Schutztruppe", or the detachment of former German East African troops, manoeuvring at Potsdam. German East Africa is now a British mandate. Lower left, Berlin soldiers during mock air attack. Right, a new German mine thrower being used by the East African detachment.

Fifty Miners Die In Jap Colliery

Ten Known to Have Perished At Fukushima and Forty Others Believed Gassed

FUKUSHIMA, Japan, May 30: (CP)—Ten miners were killed and forty others trapped by gas following an explosion in Iriye Colliery. It is feared that all are dead.

Bluenose Reaches Plymouth After Ocean Crossing

PLYMOUTH England, May 30:—After a twenty-day voyage from Halifax which Capt. Angus Walters reported was quite uneventful, the famous Nova Scotia racing schooner Bluenose arrived here yesterday.

ZERO HOUR PASSES AND TACOMA BOY IS NOT RETURNED HOME

TACOMA, May 30:—There was gloom last night in the home of J. P. Weyerhauser jr., Tacoma millionaire lumberman, as the zero hour passed for the return of nine-year old George Weyerhauser without any sign of the boy. It was announced by the family last night that the boy, who was kidnapped last Friday noon while on his way home from school, had not been returned and that no actual contact had been made with the abductors.

Steamer Point Lobos, Laden With Paper, is Off Thormanby Rocks

First Attempt of Salvage King to Pull Her Off Fails So Fifty Longshoremen Lighter Vessel of Her Cargo in Order to Free Her

VANCOUVER, May 30: (CP)—The Gulf Pacific Mail Line steamer Point Lobos grounded on Thormanby Island at the southern end of Malaspina Strait, 25 miles south of Powell River, yesterday after loading paper at Powell River. The Pacific Salvage Co.'s steamer Salvage King made an unsuccessful attempt to pull her off last night and then fifty longshoremen unloaded cargo into lighters prior to a further attempt being made this afternoon to refloat the vessel. This proving successful, the ship proceeded, after a brief survey, to Seattle. The ship is reported to be not seriously damaged.

Work Insurance Bill is Passed

Senate Puts Measure Through Final Reading—Reject Liberal Amendment

OTTAWA, May 30: (CP)—After voting down two Liberal amendments, the Senate passed the unemployment insurance bill through its third reading.

Cases Disposed Of At Prince George

Divisional headquarters of the provincial police are advised of the following disposal of cases at the Supreme Court Assizes at Prince George:

Rex vs. George F. Taylor, Prince George, convicted of perjury in connection with a civil action for wages ten months at Okalla.

Rex vs. Otto Herman Brunning, Tete Jaune, perjury in connection with the obtaining of relief, acquitted

Rex vs. Michael Noonan, Williams Lake, assault occasioning grievous bodily injury, convicted, suspended sentence.

Rex vs. Woodland, Quesnel, misappropriation of funds, convicted, suspended sentence.

Great Indianapolis Auto Race is Fatal as Usual; California Driver Wins

INDIANAPOLIS, Ind., May 30: (CP)—Thirty-three of the world's keenest automobile racing drivers started in the annual Memorial Day five hundred mile race here today and, within a few minutes, Clay Weatherly of Cincinnati was instantly killed and his mechanic sustained a broken back when their car smashed into a retaining wall. At the half-way mark, Kelly Petillo of Los Angeles held the lead, averaging more than 109 miles per hour, a new record, to finally win. The Italian's time for the first 450 miles, after which he was slowed up by rain, was four hours, 7¾ minutes and, for the 500 miles, four hours, 36¾ minutes. Spectators totalled 155,000.

ITALIANS IN ARMS

Mussolini Calls Out 1912 Class and Wil lSoon Have Nearly Million Soldiers Mustered

ROME, May 30: (CP)—Premier Benito Mussolini is now calling out the 1912 military class and, when it is completed, Italy will have 900,000 men under arms.

DEVALUING OF FRANC

Is Expected by Financial Experts By End of Week at Anything From 15 to 25 Percent

LONDON, May 30: (CP)—Financial expetrs here expect the devaluation of the French franc by the week-end. The devaluation, due to the financial crisis and flight of gold from France, is expected to be anything from 15 to 25 percent.

RELIEF CAMP STRIKE BELIEVED NIGH OVER

VANCOUVER, May 30:—A secret ballot of relief camp strikers on the question of returning to the camps was taken yesterday and the result will be announced today. It is anticipated, however, that it will favor returning to the camps. This is indicated by a rush of strikers since yesterday to the unemployment service offices to make application for re-admission to the camps. Meantime, it is reported from Ottawa that the report of the Macdonald commission on conditions in relief camps will be presented within a few days to the federal government. Should the ballot be against returning to the camps, a massed march on Ottawa of all relief camp workers is proposed, starting next Monday. A meeting this afternoon is considering the proposal.

GRADS WIN HOOP GAME

Defeat Tulsa Girls by Score of 37 To 30 in Third Match

EDMONTON, May 30: (CP)—The Edmonton Commercial Grads defeated Tulsa 37 to 30 last night in the third game for the North American women's basketball championship.

Relief Strike In Edmonton Ends

Termination of Walk-Out Which Has Lasted For Five Weeks Announced by Mayor

EDMONTON, May 30:—Mayor J. E. Clarke announced yesterday that the strike of relief workers, which has been in progress here for the past five weeks, had terminated.

DAILY EDITION Thursday, May 30, 1935

WELCOME THE VILLAGERS

Evidently the idea has become prevalent among the villages around Prince Rupert that the inhabitants are not very welcome in the city. This is, of course, all wrong. When it was reported that the villagers thought they were discriminated against by the police last year the Chamber of Commerce at once took action and made representations to Ottawa, urging a change of policy.

The Daily News goes into all the villages. Most of the Port Simpson and Port Essington people read this paper and all other villages have their quota of readers. Considering the population of these places we publish a great deal of news of their doings. We try to show appreciation and so do most of the people of the city.

We suggest that there be a movement in the city to bring about a better understanding between the people of the villages and those of the city. Our interests are theirs and there is no reason why we should not all unite for the common good. We suggest this as one of the important movements for the present year. What is needed is a leader or a group of men who will make it their business to work for a better understanding.

THAT PUBLIC WORKS MONEY

So far Prince Rupert has been left out in the federal government schemes for public works throughout Canada. Various excuses have been given for this but no real reason. Now that a new allotment of funds has been provided, it seems reasonable to expect that Prince Rupert will be included. Jasper and Lake Louise are to be connected with a highway but Prince Rupert, with more tourists than either of them and with a very considerable shipping and fishing business, is still out in the woods. Two claims may well be advanced for this place. One is for the erection of a suitable federal building and the other for work on the transcontinental highway connecting Prince Rupert with the rest of Canada.

WHAT IS IN A NAME?

Our new governor general is to be named Sir John Buchan, Baron of Tweedmuir, which of course is much more appropriate than plain Jack Buchan, the novelist. We have no objection to the British government giving anyone a title. That is their privilege. If they had made the governor a duke or even a prince we should not have complained. A little more cost in ink and newspaper space is all it would have cost us.

What we object to is the singling out of Canadians for any special recognition on the recommendation of someone who is usually rather poorly informed. The distribution of medals at the time of the jubilee caused a great deal of heart burning. The distribution of titles would be infinitely worse. Let the old world amuse itself in any way it wishes but, as for Canadians, plain "Mr. John" suits us very well. "Jack" is even better. We hope the next Canadian government will make it clear that during their time no such superficial distinguishing marks will be added to any Canadian on the advice of His Majesty's Canadian government.

GARDEN NOTEBOOK

Pull a weed whenever passing around the garden. Turn the soil whenever possible and your garden is likely to be a success. The true gardener never lets a day pass without doing something, either indoors or out, to improve the appearance or fertility of his garden.

So many good spring gardens, fine displays of daffodils, tulips and other spring flowers have been seen this year that it is difficult to tell about them or to mention any as outstanding.

Among those who have done wonders in improving their lawns and gardens this year have been Dr. and Mrs. Mandy and Dave Borland.

Every section of the city has been infected with the gardening microbe. Every street is showing improvement and most of the flower growers have improved upon last year in spite of the devastating frosts.

Narcissi seem to be blooming very well this year and most of the lilacs are in flower or will be in a few days.

Many local people are trying lilies. Jack Fuller has a number of varieties which wintered well. D. McCorkindale has Regal lilies for the second season and many others tell of good results with various varieties. Tiger lilies of course are grown by almost everyone. With well drained soil there seems to be no reason why most of the hardy lilies should not succeed.

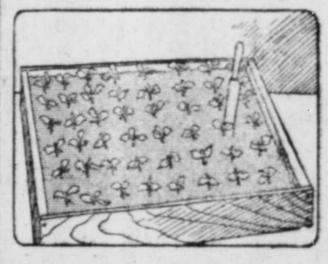
This is the time of year to think of saving leaves, grass and anything that will turn into good soil for future potting purposes. Throw it all into a compost pit or large box. Nature will do the rest.

There has been considerable discussion around town as to whether it is correct to plant red and yellow tulips in the same bed as has been done so commonly this season. The critics claim that reds and yellows do not blend and to put them together is an artistic offence. The other side declare it is a study in contrasts and that each color needs the other to make it stand out prominently.

Some of those who received roses from the south this year have not pruned them. This is a mistake. The trees should be cut to within a few inches of the ground in order to get best results. The same applies to trees that have wintered here with the exception of climbers. I see one garden where the pruning was done last week. If growth is now far advanced it may be best to let them go for this season. Most gardeners would prefer to have the first blooms late rather than not prune at all.—H. F. P.

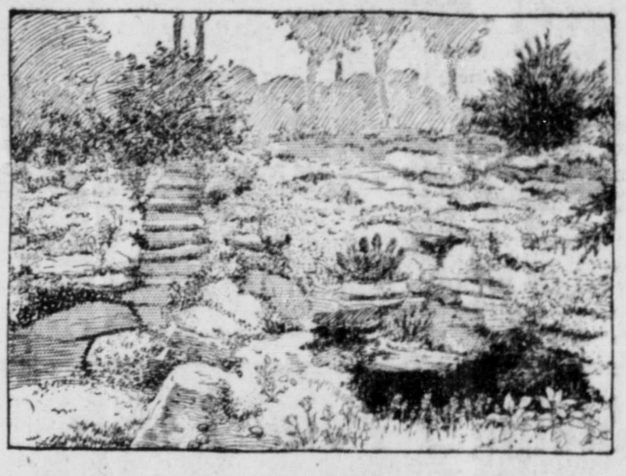
CALLIOPSIS

Can be grown in Prince Rupert but is better suited to a dry climate.



Pricking out tiny seedlings to give them a chance to grow.

A ROCK GARDEN WITH APPEAL



Prince Rupert has many uneven lots where effects like the above can be easily secured. Many rock plants grow well here.

GROWS WELL HERE

Good results can often be obtained from many of the hardier lilies.

WHY NOT HAVE SOMETHING LIKE THIS?

TYPES OF PLANTS USED FOR BORDERS AND EDGING AND SKETCH SHOWING EXAMPLE OF THEIR USE.

VENICE IS DESCRIBED

The historic and romantic city of Venice in Italy at the head of the Adriatic Sea was described in an interesting way by Dr. C. H. Hankinson in a talk before the Prince Rupert Gyro Club at its regular weekly luncheon yesterday.

The ancient port and centre of trade, travel and art was discussed from a number of viewpoints by Dr. Hankinson. Having pictured it chiefly by its peculiar marine nature and also as a centre of art, culture, travel and relics, the speaker said that he had been surprised to find that Venice was a point of such great trade, commercial and industrial importance. In fact, despite certain handicaps, it appeared to be of equal importance to Genoa. Impressions of architecture, social life, music were conveyed by the speaker who went into some detail in describing numerous small industries such as glass blowing, clothwork and pottery. In many instances certain small industries were carried on among families, the particular work going down from one generation to another. In many ways, Venice was a most unique city. Certainly, it was most colorful.

The luncheon was presided over by Past President W. H. Tobey who conveyed a vote of thanks, on behalf of the club, to the speaker. There was a large attendance of Gyro members with guests, besides Dr. Hankinson, including Dr. Ralph Outerbridge and Arthur Large of Toronto.

William Cruickshank presented a preliminary report on the recent hoedown, announcing that about $150 had been cleared as a result of that affair for the playground fund.

The Gyro Club is planning to sponsor a public lecture in the near future by the commander of H. M. C. S. Armentierres.

IN PARIS AND LONDON

Among The Royal Bank overseas branches are an office in Paris, at 3 Rue Scribe, and two offices in old London. These are at the service of Canadians abroad, for banking facilities, for business matters and for friendly assistance whenever required.

"RUB IT IN" for Sprains, Stiffness, & Muscular Rheumatism.

BANKING IDEALS THAT LIVE ON

"The value of that enterprise (the Bank of Montreal) ought not to be measured by its success as a joint-stock undertaking, by the amount of its capital or the size of its dividends, but by the *security* it has given to those who have trusted it, the *facilities* it has furnished for the exchange and the increase of commodities, and the *assistance* it has contributed to the development of the country."

The Bank, now well on in the second century of its life, still wishes to be measured by the considerations mentioned in the foregoing quotation from "The Centenary of the Bank of Montreal," published in 1917.

Security, facilities, assistance—those have been the objectives of the Bank since its foundation in 1817. They are the objectives today and will be in the tomorrows of Canadian life.

Miss Emma Enevoldson left on last evening's train for a trip to Calgary.

Tonight's train, due from the east at 10:15, was reported this morning to be on time.

Today being Memorial Day in the United States, the local American Consluate is closed with the flag unfurled at half staff.

W. C. Hall of Los Angeles, after a week's visit to the city in connection with mining business, sails by the Prince Rupert tonight on his return south.

G. H. Arnold, who was called recently to Portland, Ind., on account of the illness and subsequent death of his brother Dr. Lucian H. Arnold, dentist of that city, will be returning home from the east on tonight's train.

E. Bedford of Toronto, who has been paying a visit to the Columario mine at Usk will arrive in the city on tonight's train from the interior and sail aboard the steamer Prince Rupert for Vancouver.

Dr. Ralph Outerbridge, recently graduated from Toronto University, arrived in the city on the ss. Prince Rupert yesterday from the south, being on his way to Port Simpson where he will act as assistant to Dr. A. E. Perry in charge of the Port Simpson General Hospital during the summer months. Dr. Outerbridge is the son of a United Church missionary in Japan.

Mrs. F. R. Wilson and child of Sunnyside Cannery will sail Saturday morning on the Princess Alice for a visit at Whitehorse.

Herman Skattebol, who was taken ill a few weeks ago, will sail tonight on the Prince Rupert for Vancouver enroute to Tranquille Sanitarium where he will take treatment.

R. E. Legg, superintendent of the Surf Point mine, will sail Saturday morning on the Princess Alice for the Yukon Territory to visit other mining ground in the development of which the Timmins interests are engaged.

Miss Margaret Smith, daughter of Mrs. R. J. D. Smith of this city, was the only student at Royal Jubilee Hospital in Victoria to pass the recent Registered Nurses' examinations with first class honors (eighty percent or over), according to word received here.

Rev. Dr. F. W. Dafoe and Mrs. Dafoe will sail tonight on the Prince Rupert for Victoria where they will attend a Baptist Church convention after which they will spend a holiday visiting in the Fraser Valley. They expect to be away about six weeks.

CARDINALS MOVING UP

Take Series Opener to End Cincinnati Winning Streak—Yankees Go to Top in American

ST. LOUIS, May 30: (CP)—The world champion St. Louis Cardinals, in the opening game of a series here yesterday, ended the winning streak of the Cincinnati Reds and, as a result of their victory, moved into a tie for third place with the idle Brooklyn Dodgers.

The New York Yankees won over the Washington Senators at Washington and the Chicago White Sox now have but a mathematical lead in the American League. The Boston Red Sox defeated the Philadelphia Athletics at Boston and are now tied with Washington for leadership of the second division.

Yesterday's Big League scores:

American League

New York 7, Washington 4.
Philadelphia 9, Boston 10.

National League

Boston 8, Philadelphia 6.
Cincinnati 3, St. Louis 6.
Chicago-Pittsburg postponed.

Baseball Standings

National League

BORDEN ST. WINS AGAIN

Defeated Booth 4 to 1 in Junior Football Game

Borden Street School scored its third straight victory in the Junior Football League last evening by winning from Booth Memorial School four goals to one. The game was much more evenly fought out than the score would indicate.

Booth had the hill and wind in its favor and attacked but Brown and Perpich were safe. Play went from end to end and Barton shot splendidly but Krause was equal to the occasion. Percy Knutson and Ritchie made headway but the former drove over. Shortly after, Holkestad crossed a good centre but Mah cleared. Currie worked his way though and, from his cross, Ralph Smith drove a fine shot past Krause.

The second half found Booth attacking but Fitch cleared and Houston soon put Borden another goal up. Then, from McKay's well taken free kick, Holkestad headed a good goal for Booth. Play promised to be closer and Cameron had two tries but Brown cleared. R. Smith added a third for Borden whose players continued to press for a time. McLean cleared but Holkestad hung on to the ball too long and a good chance was lost. Davie and Ritchie made progress until Roma cleared. R. Smith finished a good run with his third goal to make his team's total four. Booth were pressing at the end but were unable to score.

Borden—Mah; Perpich, Brown; A. Smith, Fitch, Roma; Barton, R. Smith, Currie, Houston, Williscroft.

Booth—Krause; Finley, L. Knutson; Scherk; McKay, McLean; P. Knutson, D. Cameron, Ritchie, Davie, Holkestad.

Referee—J. Carroll.

Linesmen—F. Williscroft and Bremner.

Borden was value for its win. The defence was strong and sure and R. Smith was always a dangerous forward.

Booth was handicapped by Finley's injury and, while the team played pretty football at times, it was usually checked.

League Standing

The league standing to date is as follows:

	W.	D.	L.	P.
Borden	3	0	0	6
High	0	1	1	1
Booth	0	1	2	1

SOCCER IN JR. LEAGUE

The schedule drawn up for the spring season is as follows:

May 29—Borden vs. Booth.
June 1—Borden vs. High.
June 5—Booth vs. High.
June 8—Booth vs. Borden.
June 12—High vs. Borden.
June 15—High vs. Booth.
June 19—Borden vs. Booth.
June 22—High vs. Borden.

LADIES' BOWLING LEAGUE

May 30—Grotto vs. C. N. R. A.; Strikers vs. Doodads.

DRIVE NEAR OBJECTIVE

Pledges in the employment service plan drive since last reported have amounted to $10,000, bringing the total to date to $48,137 or almost in reach of the $50,000 objective.

What price SPACE MR. ADVERTISER?

Space in a daily newspaper possesses a power that is lacking in the lineage of other advertising media.

It is not only more economical . . . which is a matter of easy computation . . . it is not only more flexible, it is not only more timely and rapid, but also it is the advertiser's unfailing point of contact with the mass market and every spot market of the Dominion of Canada.

The Daily Newspaper possesses a power by means of which an advertiser, who knows how to use it, can reach and move to action all or any part of the Canadian consuming public.

In this North American continent there was spent during 1934 in the columns of the daily newspapers more than $500,000,000. The strongest of all supplementary media was used to the extent of $114,000,000. Why?

Because for prompt action on sales plans . . . for quick consumer influence at minimum cost . . . for willing co-operation from the retail trade, the daily newspaper is today, as it always has been, the outstanding and most economical basic advertising medium.

District News

NEW HAZELTON

Provincial Constable Andrew Grant spent a couple of days at Kitwanga recently on official duties.

Dr. H. C. Wrinch has returned from Vancouver where he attended a meeting of the provincial economic council. He was away a week.

Sergeant Bowen, chief of the Smithers detachment of the provincial police, was down from Smithers on official duties at the first of last week.

Mr. and Mrs. Hubert Adams and three children of Prince Rupert are spending a few days with Constable and Mrs. Andrew Grant at Hazelton. Mr. Adams is a brother of Mrs. Grant.

The first spring rain this year fell recently and it was welcome, ending as it did a spell of two months during which there had been no moisture. The precipitation caused mud slides along the railway line in the Bulkley Canyon.

Road conditions in the central interior are far from satisfactory at present and the need of early improvement and maintenance work being instituted is apparent.

Shipments of poles from this section are on the increase. It is reported that orders are increasing and prices improving.

A number of Indians from other reserves who have been living at Moricetown of late have been instructed to return to the reservations to which they belong.

SMITHERS

The Skeena-Omineca Teachers' Federation, at its recent annual convention here, elected officers for the ensuing year as follows: honorary president, Inspector J. E. Brown; president, Vernon Crockett; vice-president, Mr. Burton; secretary, A. Jones; district representatives, Miss M. Windt and Messrs. Campbell and Orchard.

Dr. and Mrs. A. T. Hoops and youngest daughter of Singapore are visitors at Telkwa as the guests of Dr. Hoops' brothers, E. M. and B. M. Hoops. They are on their way to England for a holiday visit after which they will return to Singapore where Dr. Hoops is chief medical officer in the Malay Medical Service.

VANDERHOOF

The funeral took place from Christ Church at Chilco, Rev. Basil S. Prockter officiating, of Samuel Denison who had passed away at the age of eighty years. Born in Yorkshire, England, Mr. Denison had lived in the Chilco district since 1916. He is survived by his widow; daughter, Mrs. R. K. Finlaison, and three sons, Charles, Frederick and Ralph.

Mrs. B. L. Lovin has returned home after receiving treatment at the Hazelton Hospital.

The Nechako Farmers' Institute, at a meeting recently, considered plans for a Dominion Day celebration in Vanderhoof.

Mine Host J. W. H. Day has been making considerable improvements to the interior of the Vanderhoof Hotel, including the dining room, in anticipation of a busy season.

The annual meeting of the Vanderhoof Tennis Club was held in the Bank of Commerce chambers.

Forest Ranger W. N. Campbell, who has been at Fort Fraser during the past few months, has now returned to his own district at Dome Creek.

All roads in this district are closed to heavy traffic until such time as they can be put in shape by the public works department.

Olof Hanson, M. P. for Skeena, has been again pressing at Ottawa for the establishment of two model farms in he central interior.

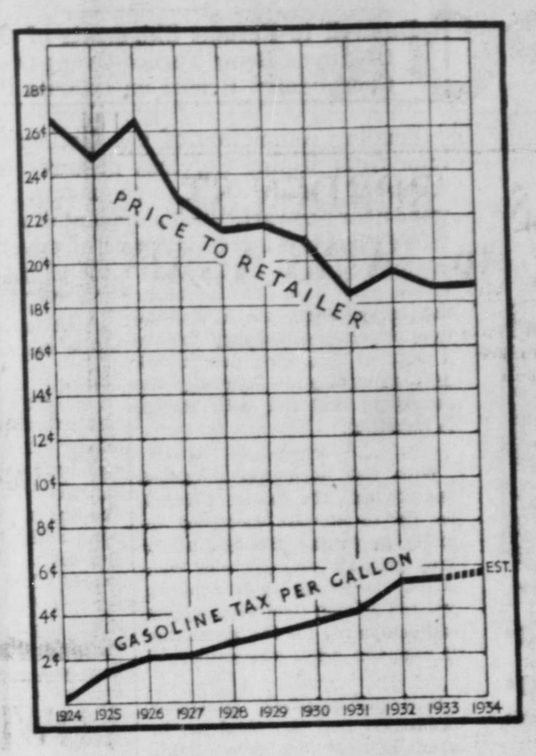
KITKATLA RECEPTION

Delegates to Brotherhood Convention Entertained on Way to Bella Bella

KITKATLA, May 30:—Visiting here recently while on their way aboard Capt. Eddie Clifton's boat to Bella Bella to attend the annual convention of the Native Brotherhood of British Columbia, delegates to the convention were tendered a reception in Agnes Hall by the people of Kitkatla. The visiting party included Alfred Adams of Massett, vice-president of the Brotherhood; William Beynon of Port Simpson, secretary, and Heber Clifton.

During the reception the Kitkatla Concert Band played marches and selections. There were speeches by Henry Collison, Henry Brown, Ben Wilson, Chief E. H. Gamble, J. M. Nelson, H. L. Clifton, William Beynon, Alfred Adams, Rev. M. H. Lawrence and M. J. Shaw. In the course of his remarks, Mr. Adams stated that he hoped to get from the government aid in feeding the needy and educating the young.

Members of the Young Women's Christian Association attended the tables.



The accompanying chart shows how the price of gasoline to the retailer has decreased and the gasoline tax has increased since 1924. The data for this graph are based on figures published by the Dominion Bureau of Statistics.

LOWER PRICES—HIGHER QUALITY

EVER since 1920 the price of gasoline has steadily declined. Few people realize this however because during the past ten years as the price dropped the tax increased. In 1923 there was no provincial gasoline tax and the average price of gasoline to retail dealers across Canada was 27 1/10 cents per gallon. Today the average price of gasoline to retailers is 18 8/10 cents but to this is added a tax of from six to eight cents per gallon which goes directly to the provincial governments.

Not only has the price of gasoline fallen steadily since 1920 but the quality has consistently improved. The gasoline consumer today gets more value than ever before.

Sometimes you hear talk of large profits earned by the gasoline refiner. In 1934 Imperial Oil earned $3,023,400.12. This may seem to be a large sum but to earn that Imperial Oil had to make and market gasoline and other products amounting in value to $82,841,311.15. That is to say Imperial Oil's earnings were relatively no greater th anthose of a merchant who, selling $8,280 worth of goods in the course of a year, made a net profit of $300.

ROYAL CITY

French Style

TO those travellers who know rural France, there comes at least one happy memory—the pot of vegetable soup simmering in every French farm house. The aroma wooed and the taste won—and you wondered if you could ever be satisfied with other soups. But now, Royal City Kitchens offer you the same savor and tang and zest by the skillful blending of 17 different vegetables in true French style—without fats of any kind. Royal City Vegetable Soup may be used for salad.

NEWS OF THE MINES

Dunwell to Resume Shipments of Ore—Possibility Of Anyox Being Turned Over as Going Concern—Consolidated Report on District Properties.

Pending completion of negotiations whereby the Premier Gold Mining Co. may acquire the property, shipments of ore are about to commence from the Dunwell mine near Stewart. With shipment of ore on hand, it is believed that the increased price of silver will enable the company to pay up at least most of its current liabilities within sixty days. The continuation of operations at the Ben Ali from which the company realizes a profit of some forty percent will asist materially in realizing the immediate objective with respect to liabilities.

With five horses on snowshoes and six men, the Crawford Transfer Co. of Stewart succeeded recently in getting through to the Troy property and are now completing the second leg of a journey into the Salmon Gold with supplies and equipment for the resumption of diamond drilling operations.

It is authoritatively understood at Stewart that the Stapleton interests of New York have acquired an option on control of the Hercules property adjoining the Big Missouri on the northwest. Exercising of the option will, it is understood, be subject to examination this summer. Otherwise, no information is available with respect to intentions for the coming season.

The Mountain Boy Mining Co., operating property in the Portland Canal district, held its annual meeting recently in Montreal. The annual report of the company showed it to have a substantial cash balance of approximately $12,000 in the bank. In view of the fact that Mountain Boy took over its present holdings when silver was at a very much lower price than at present, acquiring adjacent property during the recent slump, it is expected that further development work will be undertaken during the present season. W. H. Tolin of Stewart, one of the directors of the company, says, however, that he is not in a position to say what program, if any, is contemplated, although he expects several of the principals of the company to be in Stewart about the middle of next month.

Gus Seiffert, who operated in the Portland Canal district some years ago and has for the past three years been in California, has, in association with eastern interests, acquired control of the Mineral Hill property, sometimes referred to as the Joker, adjoining the Big Missouri on the east. Mr. Seiffert will arrive in Stewart early in June to institute development work.

The presence in Anyox during the past month of two of the senior members of the technical staff of the Consolidated Mining & Smelting Co. lends further weight to rumors that an offer of $4,000,000 made for Granby Co. properties came from Consolidated. It is freely stated here that Granby has some prospect of selling out Anyox as a going concern and that this may be accountable for the report that the company is delaying closing down at Anyox. The property would quickly deteriorate once it was closed down tight.

John Hepson was in Stewart a few days ago for supplies from the El Oro property on Bitter Creek on which he has been conducting development work throughout the winter. Mr. Hepson stated that he and his associates had completed forty feet of tunnel some time ago and since then had driven twenty feet of cross-cut to the north without contacting the wall although it was believed this would be done within the next round. In addition to this, they cross-cut six feet to the south, five of which was through a dike beyond which they again broke into ore. The ore, stated Mr. Hepson, was very promising but, until the cross-cutting is completed, it is not proposed to do any sampling.

In pursuance of the decision of Glacier Creek directors to let a contract for the driving of two hundred feet of tunnel south on the vein, instructions were received by the local office at Stewart recently to proceed immediately with the work. A contract has been let and the crew will be at work within the next few days.

The coming season will see the greatest activity in the Cassiar mining district in many years, according to Capt. Hill Barrington of the Barrington Transportation Co., who was in Prince Rupert recently going north for the season. Glen Hope and A. Marion, he stated, uncovered some very fine ore last winter in the McDames Creek area where important discoveries were made last season. A Seattle company was getting a bond on the property when Capt. Barrington left Seattle. The Anaconda Co. has taken over some property for investigation and August Buschmann is also interested in several projects. These are but a few of the monied interests which will investigate and develop Cassiar mining ground during the coming season.

In the course of his annual report to Consolidated Mining and Smelting Co., W. M. Achibald, vice-president in charge of mines, has the following to say in regard to the Big Missoui property: "Development of this property was continued throughout the year. Further work from the Province level and diamond drilling above and below the level indicated a definite shoot of ore of commercial grade. An upraise was made from the Province tunnel to the surface, a distance of 623 feet, in the footwall of the indicated ore. Stations were cut at vertical distances of 150 feet and further development of the area above the level is proceeding. The Day group, adjoining Big Missouri on the west, was optioned and a drift to the Province level extended to the surface from which point a surface tramway was constructed to the portal of a new cross-cut tunnel. At the end of the year this lower tunnel had been extended 796 feet, with an objective of approximately 2400 feet to reach the propected positions of ore developed on the Province level. Advance has been better than three hundred feet per month." In his report, S. G. Blaylock, vice-president and general manager, had the following comment to make with respect to Big Missouri: "The gross value of gold in terms of dollars having increased about seventy-five percent with an untaxable increase of about fifty percent, the outlook for this property is much improved and a fairly extensive development program is being carried out. In addition to the increase in the value of gold, it has been possible to corelate certain apparently erratic gold values to indicate a reasonably definite ore shoot of fair value." In regard to northern placers, Mr. Archiliabld reported that the result of the season's work in Atlin, Omineca and Cariboo districts was disappointing. At Boulder Creek in Atlin district a limited amount of bedrock gravels was sluiced and returned a value of $1.08 per cubic yard. Owing to the large amount of barrel material above these, the resultant value per yard was too low to warrant further hydraulicking. Some seven hundred feet of exploratory drifts were run in the lower gravels on or near bedrock in the hope of finding enriched areas. The gravel sluiced offered some promise of profitable drifting operation but no rich sections were exposed. Further exploration by drifting seems justified. In Slate and Manson Creek areas in the Omineca the dragline equipment did not handle the quantity of material expected and was unsuccessful in digging the bedrock gravels under water. A small production which contained some fairly coarse gold was evident below the dump box whenever bedrock gravels were reached. Investigations are now being made of auxiliary apparatus for removal of top gravels to lighten the work of the dragline and increase the quantity of bedrock gravels which may be washed in a season.

LUMBERMAN IS VISITOR

Jackson Booth, Noted Timber Magnate, Here, Accompanied By Wife and Son

C. Jackson Booth, prominent Canadian timber magnate and head of the well known firm of J. R. Booth Limited, was a noted visitor in Prince Rupert yesterday, accompanied by Mrs. Booth and son, Raleigh, who is a student at Queen's University at Kingston. Mr. Booth is a son of the late John R. Booth and resides at Ottawa. They are making the round trip north aboard the steamer Prince Rupert and will be here again this evening on their way back to Vancouver from Anyox and Stewart.

While here yesterday, Mr. Booth visited with his old friend, Ex-Mayor H. B. Rochester. The two were next door neighbors in Ottawa as boys and attended school together.

WHIFFLETS
From the Waterfront

Henceforth, vessels of the Union Steamship Co. will be operating again on normal schedules following the settlement of the seafarers' strike which held the company's ships in port for a week. The steamer Catala will be coming out of Vancouver as usual tomorrow evening, being due here Sunday night. There will be no sailing of the Cardena this week but the vessel will be back in service again next week, arriving from the south on Friday night.

Salvation Army Self-Denial Campaign

The Salvation Army's Self-Denial campaign has been launched for 1935. Your assistance during prosperous times and in the years of adversity has enabled us to carry on. The need is as great as ever. The results rest with you. Don't withhold your support.

Whether Little or Much, GIVE

Baden-Powell Boy Scouts and others who have volunteered to assist will call on you this week wearing official collectors' ribbons.
