Lack of tunds denies truth says preacher

Millions of people throughout the world who are ! learning to read and are pleading for the truth that will make them free must be content with false propaganda of the Communists, Rev. J. A. Raymond Tingley of Vancouver and provincial secretary of the British and Foreign Bible Society, said here Thursday

At the present time, continued

Mr. Tingley, speaking at rally of the local branch at the Salvation Army hall, said that this was because of the shortage of Christian Scriptures and due to the lack of sufficient support in the work of the Society.

He stated that for the first time in 155 years of history the Society has been forced to reduce production of Scriptures due to lack of sufficient funds. He said that 90 per cent of the picture, "The Leaves of the Tree" | Scriptures produced in hundreds of languages must be sold far below cost because of the poverty of so many people in the world, and due to this fact the loss last year in distributing work of the Society in the mis-10 million copies was one and one half million dollars.

To meet unprecedented and ever increasing demands for the Bible on the part of the mission boards of all churches, the secretary said, the Society in British Columbia has set an objec-, tive for this year of \$100,000.
