Greatness Consists In Self Mastery.

Greatness consists in self mastery. To conquer an outside enemy may be easy but to have complete control of one's own body, mind and spirit is the supreme triumph.

Taximan Proved Hero Yesterday.

The Winnipeg taxi driver who at the point of the pistol refused to drive the bank bandit with his swag was the hero of yesterday. Most people read the story of the bank robbery. Many thought the teller was foolish to refuse to obey the command to hold up his hands, but no one had any doubt about the taxidriver. He was a hero. He refused to be coerced into being party to a crime and his action stands out as a shining example to others.

Income Tax Revision Is To Be Made.

The unjust double levy of income tax to which attention was drawn in this paper at the time of the budget speech is to be amended, providing that no person will have to pay income tax on the same dividend twice. It was to be expected that when the inequality of the levy was brought to the notice of the finance minister, as it was by a great many public bodies and individuals, a change would be made. The difficult thing to understand is how it crept into the budget at first.

Alberta Election Will Prove Interesting.

In Ontario there was a farmer government and at the expiration of their term of office they were ousted by a big majority, their administration having proved a failure. It will be interesting to see what will happen to the farmer government of Alberta now that their first term is ended. Despatches indicate that the old parties have been very active and that one of them may possibly be returned. At any rate the campaign will be worth watching and the result will be eagerly looked for.

Some People Cannot Stand Temptation.

Some people cannot stand temptation. Ordinarily they are good citizens but if placed in a position of too much authority or in a place where they have to handle a lot of other people's money they fail. They succumb to the desire to get money without having to work for it.

Gambling and speculating are two of the most fruitful means of leading people to take money which is not their own. When they win they are taking unearned money and there is not very much difference between taking it and taking money from a bank or a trust fund or an employer. Yesterday a man was sentenced to four years in jail for taking Red Cross funds of which he seemed to have full control. The supervision was not sufficiently strict and he got away with a large sum. He could not withstand temptation. Had he been an ordinary secretary or clerk under close supervision he would probably still be a good citizen without the stain on his name that he has today.

One Thing At A Time Enough For Most Men.

One thing at a time is all most men can attend to. When they become keenly interested in some outside interest they lose interest in the work by which they earn their daily bread. A person's best thought is centred on one thing only at a time. If that is his work he is fortunate for he will be successful.

PRINCE RUPERT IS DISCUSSED

Wheat Will Come This Way if Route Found to be Cheapest Says Ottawa

An Ottawa despatch to the Vancouver Province says:

Answering the contention that if the pool does not get No. 1 elevator, they will move their wheat via Prince Rupert, it is stated that wheat invariably moves via the cheapsest route, and if Prince Rupert is a more economical route it will get the business, but not otherwise. As to the claim that if the pool does not get the elevator they will build their own facilties at Vancouver and thus reduce the volume of business of the Harbor Board's elevators, it is submitted that if the facilities are already adequate, there is no need for the pool to lease, as they will have no trouble in using those public elevators in the same way as other shippers, and as has been done up to the present.

On the other hand, if the desire to lease is prompted by fear that the facilities are inadequate for the whole trade, then it would obviously be unfair to the trade in general to permit one interest to control such an important percentage of the handling facilities.

As the Harbor Board's elevators have always been profitable, no reason for interfering with them is seen.

SURPRISE PARTY FOR BAISLER FAMILY AT HOME LAST NIGHT

Last evening about 6.30 a number of their friends and neighbors caught the Baisler family unawares and took possession of their home for a few hours. The members of the party did not come empty handed, and a few moments after arrival the entire group was gathered about a feast table on which there was an abundance of those delicious things which tickle the palate.

The repast being over, Mrs. Kirkpatrick, as acting chairman, called on a number for remarks, each of whom responded in words fitting for the occasion. In behalf of the group of friends Mrs. John Dybhavn presented Mrs. Baisler with a beautiful silver sandwich tray as a token of the esteem in which she is held.

The party included, besides the surprised family, Mr. and Mrs. Kirkpatrick, Mr. and Mrs. Hart, Mr. and Mrs. McKinley, Mr. and Mrs. Clark, Mr. and Mrs. Bulger, Mr. and Mrs. Matheson, Mr. and Mrs. Dybhavn, Mr. and Mrs. Moxley, Mrs. Keith and Rev. and Mrs. Rinde.

EUCHARISTIC CONGRESS CHICAGO, JUNE, 1926

The Greatest Event in the History of the Catholic Church in America

C. N. Rys. to Operate Special Trains from Western Canada

Of unusual importance to Roman Catholics is the 28th International Eucharistic Congress in Chicago, Ill., June 20 to 24 next.

The Church dignitaries are duly appreciative of the efforts made by the Canadian National Railways, who have arranged to operate special trains to and from the Congress, and have also made reservations for several hundred people in good hotels at a reasonable expense, and ask their people to make application promptly for the necessary sleeping car and hotel accommodation. The Church authorities were consulted prior to arranging the train service so that the proper departure time from the various centres would be ensured.

Those who desire to use the regular service have the privilege of travelling on the through train which is operated during the summer season from Western Canada to Chicago.

Any agent of the Canadian National Railways will be pleased to give you further particulars and complete all arrangements.

Was Nearly Crazy From Headaches

Miss K. Brill, 579 Redwood Ave., Winnipeg, Man., writes:—"I was troubled with such severe headaches that some times I was nearly crazy with them.

One day a friend told me about, and advised me to use

Burdock BLOOD BITTERS

so I tried it, and it has done me a world of good. I just took two and a half bottles, and I haven't had a headache for a long time, now."

THE strawberry season is on and I would have some strawberries and cream if I had some cream and just enough strawberries to fill one of those round glass dishes.

THE chief scarcity in this part of the country is weather. There is hardly enough to go round.

NOW that the Prince Rupert city council has settled its differences, there is a political fight started in Alberta. There's bound to be something doing all the time.

The wind was cold,
The mariner was
Extremely bold.
He started out
In a choppy sea
And got as sick
As he could be.
And ever since that
When the southeast blows
He stays in the house
And toasts his toes.
