The Colonel talks on Protection

"Don't you believe in protection for cigars?" I asked my friend Taylor. "Oh, let's not talk politics," said he. "I don't mean that kind of protection. I mean protecting the flavor of the tobacco—protecting the cigar from breakage—protecting it against drying out—protecting . . ."

"Oh, certainly, I believe in that kind of protection," said Taylor. "Well then, what you should smoke is a foil-wrapped Marguerite cigar in the handy pocket packs of 5 cigars, for if ever a cigar was well protected, it's the Marguerite."

"I know of only one way to make good COFFEE"

QUESTION BUREAU

I KNOW many ways to make coffee -- but I know of only one way to make good coffee. It's so simple -- try it!

First an earthen-ware pot (never metal or enamel). Heat it with boiling water -- empty and place in it one dessert spoonful of Malkin's Best coffee for each person. Pour on boiling water, one cupful per person. Drop in a dash of table salt and stir thoroughly. Allow it to stand as hot as possible without boiling for about 8 minutes. (Never boil coffee.) A dash of cold water will settle the grounds. It is then ready to serve.

I formally tested Malkin's Best coffee with this method of making. The result was a true coffee flavor, delicious in the extreme. Words fail to describe the aroma and pleasant freshness of Malkin's Best.

I HAVE used Malkin's Best coffee for many years now, and can testify to its uniform excellence of quality.
