CANADA SENDS DELEGATE TO HONOR WESLEY

Dr. Chown Left For England to Take Part in Oxford Event

TORONTO, March 12.—Rev. S. D. Chown, D.D., LL.D., left yesterday for England to represent the United Church of Canada at the Wesley Bicentenary at Oxford. The former general superintendent of the Methodist Church is a graduate of Victoria University, and holds degrees from Ohio Wesleyan and Mount Allison Universities, three institutions which trace their origin to the Wesleyan impulse.

Plans for celebration by Lincoln College, Oxford, March 26-29 of the 200th anniversary of John Wesley's election as a fellow of that college recall the necessary connection between religion and education. As a writer in the Toronto Mail and Empire has appropriately remarked, "it is not to be forgotten that Methodism was born in Oxford where John Wesley was fellow and Greek lecturer in Lincoln College."

The same writer goes on to say: "To the end of his days this extraordinary man retained his interest in classical literature. He read Homer on horseback, a fact which argues both good scholarship and perfect skill as a rider. An otherwise valueless record of the eighteenth century, recently published, gives a glimpse of the apostle of Methodism already advanced in age, on board the channel packet immersed in Vergil, which he read in the minute print of the Elzevir edition without glasses. Wesley was a scholar, and though the appeal of Methodism was to piety and the emotions, Wesley took pains to write grammars in a variety of languages, to edit extracts from the classics, to make an English dictionary and to produce a prodigious mass of literary work, scarcely included in thirty-two compact volumes. The successors of this amazing Englishman, who left his impress far beyond the confines of Methodism, have endeavored to imitate his learning not less than his piety."

EDMONTON BEER FOR MEN ONLY

Women are not Allowed in Licensed Premises in Alberta Capital

EDMONTON, Mar. 12.—Women are not allowed to drink beer in beer halls of this city. The privilege of the use of the beer parlors are being abused and the result is that women must go thirsty, while members of the privileged sex can drink their glass or two of the beverage in peace.

It is probable that similar action will be taken by the hotelmen in Calgary within a short time. Commissioner R. J. Dinning, of the Alberta Liquor Control Board, says no serious complaints have been registered against women frequenting the beer halls in the province outside of Calgary and Edmonton.

The Edmonton regulations will be put into effect in nineteen licensed premises. Nothing in the Alberta Liquor Control Act prohibits women from entering these places.

Commissioner Dinning announced that the license at the Richelieu hotel had been suspended for three weeks owing to beer being sold to a minor.

STEAMER BOXER LITTLE INJURED AS RESULT OF BEING ASHORE 5 DAYS

(continued from page 1)

however. It was only the sturdy construction of the vessel that prevented damage being done with the treatment she was given, Capt. Whitlam declares. She has oak frames in her hull with copper fasteners and was designed specially for hard usage in northern waters.

Cargo of Ties

The Boxer was bringing north a cargo of large hundred tons, ninety per cent of which was railway ties stowed in the holds and on deck. Some seventy tons of ties were lightered off by the M.T. 3 and scow after the stranding and were brought here and are now at the dry dock where they will have to be reloaded. The ties were loaded at Everett from which port the vessel sailed. Capt. Whitlam expects that it will be tomorrow before he resumes his voyage north.

After it was seen that everything was well with the Boxer, the American coastguard cutters Unalga and Cygan, which had been standing by, sailed from Chalmer Anchorage at 9 o'clock this morning, the former for Juneau and the latter for Ketchikan.

The Boxer is a two-masted bowsprit schooner 150 feet long and with thirty foot beam. She is powered with a 300 h.p. Atlas Imperial full deisel engine with an auxiliary 35 h.p. motor of the same make. A small sail is used in rough water to steady the vessel. She has a crew of fifteen.

Carrying Freight

The Boxer is operated by the Department of the Interior between Puget Sound and Alaska for the Bureau of Education and the Alaskan railroad. She is now on a regular freight schedule, making the round trip in about three weeks' time. In the summer she is used by the Bureau of Education in distributing teachers at Behring Sea points.

One of the outstanding events of the Boxer's career, since she was built in 1905 in New Hampshire from oak timbers logged during the Civil War, was the rescue in 1924 of the crew of the Hudson Bay Co.'s trading schooner Lady Kindersley. After having stood by for two weeks, the Boxer was able to pick up the crew of the Canadian vessel from an ice floe about three miles from the point where the Kindersley was locked in. Capt. Whitlam was in command of the Boxer at that time also.

Local Assistance

Capt. Whitlam acknowledges the splendid service given during the Boxer's plight by the M.T. 3, Capt. Reg. Green, of the Rupert Marine Products tug boat fleet. The M.T. 3 lightered and pumped the distressed vessel and assisted the Unalga in finally pulling her off the reef yesterday morning.

Passengers sailing for the south on the Prince Rupert this morning included E. A. Bennett, S. Hyman, G. M. Hunt, W. Rowan, J. L. Lee, Mrs. D. E. Murphy, A. R. Macdonald, Miss R. Kelly, W. R. Bucknall and C. A. Durie for Vancouver; Mrs. L. O. Larsen, Miss M. Douglas and Mrs. Rachel Douglas for Seattle; Mrs. J. Field Strang, Mr. and Mrs. A. M. Connorton and Mrs. F. M. Crosby for Victoria, and T. J. Shenton for Ocean Falls.

GETS NO CHANCE TO FLY

"Riches hab wings," remarked Uncle Ezra, "but de sensible man knows how ter build a pretty tight coop."

CUT GLASS WEEK

How to know real Cut Glass, what to look for and what to avoid in selecting genuine Cut Glass.

The brilliant diamond-like sparkle which is the chief charm of the genuine article is only produced after careful and painstaking work on the part of expert workmen.

The ordinary pressed glass tumblers and glassware with their yellowish tinge, yield a dull clink when struck, which is not to be compared with the musical bell-like tone of the genuine Cut Glass.

The high percentage of lead in high grade glassware gives it that scintillating brilliancy.

See our window display this week.

"MIKE"

A sparkling comedy-drama of life in a desert town, with Sally O'Neill, screendom's newest star. She's the most roguish, fascinating kid on the screen. See her as "Mike." What a wallop she carried. She frustrated a mail robbery, lassoed a railroad, rescued a runaway train, cleared her sweetheart's name and lots more. See the chase of the train robbers by Marines and an aeroplane. See Mike's sweetheart justify the faith she had in him. It's one of the sweetest romances ever told, yet Charles Murray and Ford Sterling will keep you laughing from start to finish.
