POLICE CHANGE SIDELIGHTS AT CITY COUNCIL

Matter of Payment of Extra Month's Salary and Lawyer's Account Disposed of

Matters in connection with the transfer of police authority in this city from municipal to provincial control were re-echoed at last night's council meeting with some difference of opinion when the recommendation of the police commission that a month's salary be granted to Chief Vickers and two weeks to each of the retiring constables was accepted and the account of $50 from L. W. Patmore for legal advice to the police commission in connection with the validity of the transfer was passed. Divisions were recorded in both instances.

When the question of the additional salary grants came up, Ald. Perry moved that action on the same be deferred as all members of the council were not present at the meeting.

Ald. Jos. Greer did not think that any objection could be taken to the recommendation. He was in favor of accepting the recommendation and felt that the necessary action might be taken at once.

Mayor Newton did not think that the fact that all the aldermen were not present was any reason for holding up action on the recommendation. He outlined the reasons that had actuated the commission in making the recommendation. He felt that some public recognition might well be shown the service that had been given by the retiring police force, especially since its members might lose some time before being absorbed into the provincial force.

Ald. Perry thought it would be but fair to have the whole council present when the matter was decided upon.

Various Opinions

Ald. Larsen felt that the retiring officers would be but getting their due in lieu of the yearly holiday.

Ald. Casey stated that, as a general principle, he was opposed to granting pay in lieu of holidays. In this particular case, however, he was in favor of the recommendation as a matter of sympathy for a body of men who, after having given of their best for many years in carrying out their duties, had been dismissed for no just cause or reason.

Ald. McKechnie was opposed to the principle of the recommendation in giving salary in lieu of holidays and stated that he would vote against the recommendation. In doing so, he wished to make it clear that there was no personal feeling involved. He seconded Ald. Perry's motion that the matter be laid over until the full membership of the council was present.

Ald. Casey moved in amendment that the recommendation of the police commission be concurred in and Ald. Jos. Greer seconded. On the vote being taken, Ald. Casey's amendment carried, those in favor of it being Ald. Casey, Ald. Jos. Greer and Ald. Larsen with Ald. Perry and Ald. McKechnie opposed.

Patmore's Bill

L. W. Patmore's bill for $50 in giving advice to the police commission came up in connection with the passing of the accounts.

Ald. Perry, in moving that the account be not paid, stated that he saw no reason why the city should be called upon to to pay for outside legal advice when it was paying a city solicitor a good salary for the very purpose of furnishing such advice. If the police commission was not satisfied with Mr. Jones' advice, the members should pay the bill personally for an outside opinion. He was strictly opposed to the city paying Mr. Patmore's bill.

Mayor Newton submitted argument to justify the course of the police commission in having sought Mr. Patmore's advice to supplement that of Mr. Jones. No disrespect of Mr. Jones' opinion had been intended but it was well known how legal opinions often differed. In fairness to all, particularly those who had been opposed to the change of policing, he felt the police commission had but done right in taking this further step to ascertain its status in the matter. However, if the council saw fit to reject the account he was prepared personally to foot the bill if the other members of the commission refused to pay their share.

Ald. Perry further expressed his opposition to the payment of an account for "unnecessary advice."

Favors Payment

Ald. Casey stated that, before the police commissioners had decided to seek the advice of Mr. Patmore in addition to that of Mr. Jones, he (Ald. Casey) had been consulted and he had encouraged the commissioners in so doing. He referred to the fact that it was not infrequent for acts of legislature such as was involved in this case to be found ultra vires and declared null and void by higher courts. As for Mr. Patmore's account, he had at first thought that the charge of $50 was excessive but after he had perused the report he had found that a good deal of effort had been expended in compiling it and he was now of the opinion that the charge was but a fair one. Further he believed that if the matter was taken to court it would be found that the police commission had sufficient authority to incur the expense involved.

Ald. Jos. Greer stated that he was opposed to the account being paid. He saw no reason why the police commission should go beyond Mr. Jones for advice unless Mr. Jones had specifically requested that it do so. He seconded Ald. Perry's motion that the account be not paid.

In answer to a question by Mayor Newton, Mr. Jones stated that the police commission had no authority to incur expenditure. The duty of the police commission was to govern the city police force and recommend accounts to the council for payment.

Unfair Action

Mayor Newton said the council could vote the account down if it saw fit to do so and, if necessary, he would pay it himself. He felt, however, that it would be unfair action on the part of the council to repudiate the account.

On the vote being taken, Ald. Casey, Ald. McKechnie and Ald. Larsen favored the payment of the account and Ald. Greer and Ald. Perry opposed it.

Ald. Stephen, Ald. Brown and Ald. W. J. Greer were not present at the meeting.

Motorship Bellingham, Capt. Anderson, arrived in port this morning from Ketchikan with a carload of fresh halibut for shipment East over the Canadian National Railway.

BRINGING UP FATHER

By George McManus

SPORT CHAT

Following the recent Victoria Day celebration at Vanderhoof when a big delegation of athletes, including a baseball team, from Burns Lake was entertained, the Nechako Chronicle of Vanderhoof, published an editorial on "sport and friendship." It said in part: "There should be more encouragement for sport attractions between the towns along the Canadian National Railway line than has been prevalent in the past. They are an avenue whereby a better understanding is created among the people and ,furthermore, they are good business."

Probably the most important tennis event yet staged in British Columbia will take place in Victoria in July when the Victoria Lawn Tennis Club will put on the championships of the Dominion and also of British Columbia. Prominent tennis players from all over Canada as well as some from the American Pacific slope will be present and there will be some real interesting competitions. The Victoria club is going wholeheartedly into the matter of making preparations for the event and much energy and expense is being devoted in connection therewith. The matches will take place at the Willows courts where a new grand stand is being erected.

DUTY OF NATION TO MOTHERS SET FORTH

Kiwanis Hear President of American College of Surgeons Discuss Disease

MONTREAL, May 31.— (Canadian Press). — Segregation of the feeble-minded; eradication of venereal disease; elimination of starvation wages to shop girls and others; betterment in slum living conditions, and the introduction of national laws relieving prospective mothers from work for a certain period, were foreshadowed by Dr. W. W. Chipman, who is president of the American College of Surgeons and gynaecologist of the Royal Victoria Hospital, addressing the Kiwanis Club on the responsibility of the community and nation to its mothers.

"If the world is to progress, each successive generation must be better than the last," declared Dr. Chipman. "And the mothers of one generation largely determine the children of the next in physical, mental and moral calibre. Nothing can take the place of well-ordered and affectionate home life. Compared with that, schools of whatever kind are comparatively unimportant. Could we but segregate the feeble-minded," Dr. Chipman went on, "could we but eradicate venereal diseases, fully half of our social troubles would be cured at the beginning. And this will be so. This must be so, when at last we call a spade a spade, and our ostrick-like complacency is replaced by common sense."

FLORIDA REAL ESTATE IS DUE FOR A FLOP

(Edmonton Bulletin)

Mr. Babson's report on Florida takes a much more optimistic view of the prospects of that state than most of those who have investigated conditions there. He looks for it to continue to undergo large development, but, so far as real estate speculation is concerned, it is quite dead. Seventy-five per cent of the lots which were disposed of during the past two years were sold to those who never intended to use them. So far there has been no break in prices, he states, but one of tremendous proportions will be witnessed if speculators are forced to sell in a market where there are no buyers.

Mrs. Roy McKinley arrived in the city from Alice Arm on the Cardena yesterday afternoon.
